INDUSTRIAL TOPICS.

New York, April 8.—Stocks opened ir-regular, the railway fasues showing strength while the industrials were in-clined to weakness. Subsequently a raid was made on the anthracito coalers and sharp losses were recorded. Rumors that the anthracite coal situation was not in such good shape as reported last week and that there will be no arbitration of the disputed questions after all, were also used against these stocks. Later in the day, however, the sales agents advanced prices however, the sales agents advanced prices and this not only set at rest the unfavor-able rumors referred to, but led to a general covering movement. In the other rallway stocks a good demand prevailed for the Grangers near the close, but there was little or nothing to the general run of

prominent stocks. At the close the market was firm in tone and the usually active stocks showed slight gains' for the day. Total sales, 167,000 shares.

The range of today's prices for the ac-tive stocks of the New York stock mar-ket are given below. The quotations are furnished The Tribune by G. du B. Dim-mick, manager for William Linn, Alen & Co., stock brokers, 412 Spruce street, Scranton.

Bohan was elected city solicitor, and Harry Myers was elected city engineer. On motion of Mr. Buss a committee was appointed to select rooms for the mayor, city clerk, con-troller, treasurer and solicitor. The committee consisted of Messrs. Tigue, Clifford and Joyce. The blood-stained suit of clothes worn by murderer Windish on Thursday last is on exhibition in one of the windows of Wintle's saloon. The basket ball team of the Young

Men's Christian association will vie with the Young Men's Christian association team of Williamsport tomorrow (Tuesday) evening at the latter place. P. H. Durkin, principal of Inkerman graded school, is confined to his home by a severe attack of grip.

W. F. Jenkins, of Railroad street, was seriously injured one afternoon last week. RHEUMATISM PREVALENT.

Should Be Arrested in Its Early Stages. Probably there is no disease that inflicts so much continuous pain as rheumatism. When it become chronic, there are few so hard to cure. The disease is caused by an impure state of the blood. The impurity consists of an excess of lethic acid, and to drive this acid from the blood is the object

The medical faculty have found in the object of all rational treatment. The medical faculty have found in Dr. David Kennedy's Favorite Remedy, a cer-tain and positive cure for this terrible complaint. Mrs. M. Hill, of Galeton, Pa., in writing of her experience with Dr David Kennedy's Favorite Remedy, says edy, says: "One year ago I was taken with muscular rheumatism. My limbs were so painful I could scarcely walk. I determined to try Dr. Kennedy's Favorite Remedy, and before I had used the third bottle the pain

For a had used the third bothe the pain was all gone." Favorite Remedy cures chronic, acute or inflaminatory rheumatismi; and in all diseases brought about by impure blood, or an excess of acid in the blood, such as urinary troubles, dyspepsia, constipation, kidney or liver complaints, it is a well known specific.

W. D. B. Ainey, R. James McCaus and and George S. Jessup, officers of Company G. Thirteenth regiment, National Guard of Pennsylvania, go to Scranton Tuesday to attend the election of colonel for their regiment.

Court week always brings people to Montrose, and Monday Public avenue reminded one of the Brooklyn bridge ntrance at 5 o'clock in the afternoon.

April Court Begins.

April term of court convened Monday morning with his honor D. W. Searle presiding justice. James Healey and Michael Healey,

accused of robbery, assault and attempt to kill ex-Sheriff B. F. McKune, of Susquehanna, pleaded guilty and were remanded for sentence. Harry English alias Merritt English was represented by John S. Courtright,

who made a plea of guilty. English was also remanded by the court for sentence.

The next case called was the com monwealth vs. Jerdon Blair, and in it was found that one of Montrose's selfsacrificing, cross-bearing negroes who had been charged by another guiltless citizen of his own race, John Raum by name, of keeping a common gambling den, in which the tender youths of color

were wont to fritter away their spare coppers. He also was indicted by Patrick Rafferty, a young red-nosed Celtic individual for carrying concealed weapons. Edson W. Safford, Blair's attorney, attempted to prove that Jerdon's friends went to his house to play cards in a pure Puritanical

manner, and that the villainous dirk he carried was simply a toy which Blair might use as he would a butcher knife. The verdict had not been rendered by the jury when 'court adfourned.

The case of Max Heller, of Forest City, against John Schwick was called at a late hour.

has not been as easy as at present since the lease to the Reading was dissolved, nearly two years ago. So this fiscal year its net earnings have made a marked thr-provement as compared with those for the same period hast year. Even in February, when operating expenses were very heavy, in consequence of storms and severe weather, a gain in net was made, while business last month, notwithstanding the demoralized condition of the anthracite coal trade, was very heavy, there having been a pronounced improvement is gener-al traffic. Pursuant to the recent action of the presidents of the trunk lines, the abolition of differential freight rates on west-bound traffic went lint of effect April 1, and the future effect of this will be awaited with interest. The Dackawanna, Eric, Bait-more and Ohio, West Shore, Lehigh Val-ley and New York, Ontario and Western will now charge the same rates as the New York Central and Pennsylvania. This action is of great importance to Philadeibhin shippers, who have long com-plained because New York shippers hav-ing differential roads could send freight west a trates cheaper than gould be had hear. The Pennsylvania desired to phi-cate these complainers and so urged the equalization of rates. How it intends to recompense its weak competitors for this concession does not appear. It is believed a pool will be the outcome. It is true that recompense its weak competitors for this concession does not appear. It is believed

a pool will be the outcome. It is true that some railroad managers believe that such a course, leading to a suit in the courts to test the validity of the fifth section of the inter-state law, would be both right and expedient, but this is a question that need not be discussed just now, for a pool, if agreed upon, would not appear in definite shape for several months yet.
