## TALES OF TWO PITTSTONS

News of Interest to Readers Up and Down the Valley.

MR. BONTA'S LATEST INVENTION

The Improved Shrinkage Core to Be Used in the Manufacture of Glass Pipe - Looking for Murderer Windish-Mr. Kain to Retire.

Special to the Scrunton Tribune

Pittston, April 12.-Messrs, G. P. Bonta, K. Richards and Johnson, of the Bonta Plate Glass works, were in town today exhibiting a new improved shrinkage core to be used in the manufacture of glass pipe. The shrinkage core is the first ever invented and is the result of much study on the part of Mr. Bonta, who has invented several machines to be used in the manufacture of glass. When called upon by a Tribune reporter this afternoon these gentlemen expressed a desire to locate their new plant for the manufacture of glass pipe in Pittston. This pipe, as soon as manufactured, will come into general use, as it will neither corrode nor rust out, and will stand a pressure equal to pipes of other material. Our board of trade should, and no doubt will, encourage all such enterprises.

Looking for Windish. County Detective Eckert, of Wilkes-Barre, was in town this morning working out the clues as to the whereabouts of Murderer Windish. It is reported that Windish has been seen in the vicinity of Taylor several times within Henry, of Minooka street, returned the past few days.

Moves to a New Field.

J. Cromwell, ex-general secretary of the Young Men's Christian association, left today for Bradford, Pa., where he will accept the general secretaryship of the local organization at a salary of \$1,200 a year. The many friends of Mr. Cromwell will regret his departure, but will be pleased to learn of his well-deserved success. Mrs. Cromwell will join her husband in Bradford in a few days.

## TORTURED THIRTY YEARS

Sufferings Ended After Using Munyon's Rheumatism Cure.

Mr. George Smith, of Tacony, Pa., says: "I suffered from rheumatism for 30 years, and had so many severe attacks that some of my joints were twisted out of shape. At times I suffered terrible pain, and, al-though I tried many remedies, I never obtained any permanent relief until I pro-cured Munyon's Rheumatism Cure. The action of this remedy was wonderfully quick, and, although I have only taken a small quantity, I consider myself perma-

nently cured." Munyon's Rheumatism Cure is guaran-teed to cure rheumatism in any part of the body. Acute or muscular rheumatism cured in from one to five days. It never fails to cure sharp, shooting pains in the arms, legs, sides, back or breast, or soreness in any part of the body in from one to three hours. It is guaranteed to prompty cure lameness, stiff and swollen joints stiff back and all pains in the hips and loins. Chronic rheumatism, sciatica, lum-bago or pain in the back are speedily

Munyon's Homeopathic Home Remedy Company, of Philadelphia, put up speci-fics for nearly every disease, which are sold by all druggists, mostly for 25 cents a

bottle. Those who are in doubt as to the nature of their disease should address Professor Munyon, 1505 Arch street, Philadelphia riving full symptoms of their disease Professor Munyon will carefully diagnos the case and give you the benefit of his advice absolutely free of all charge. The Remedies will be sent to any address on re eipts of retail price.

#### INDUSTRIAL TOPICS.

The exact position in the coal trade is this: The leading companies cannot agree upon a division of tonnage, and pending an agreement they are wasting their substance. The matter is a business proposition solely and in the end it will have o be taken up and solved as such.

Reading's coal tonnage last week was the smallest recently appointed, having been only 200,920 tons, an increase of 5,863 ons over the same week last year, but a decrease of 113,005 as compared with the preceding week. For the fiscal year to date its tonnage has amounted to 4,376, 131 tons, an increase over the correspond-ing period last year of 569,478 tons.

After an idleness of twelve years the Carter & Allen machine shops at Tamaqua have resumed operations. They were pur-chased about one year ago by the Vulcan Iron company, of Wilkes-Barre, which has completely remodeled the shop and purhased a great deal of new machinery When running full handed they will give employment to several hundred men.

It is said President Harris has notified the committee of presidents of the anthraite coal carrying roads that the Reading ompany would positively decline to submit its claims for arbitration. A high of-ficial of that company said yesterday; "All we want is what we are entitled to. Our tonnage for the past few months has been over 21 per cent, and we will not take less than that now. It is for the other 79 er cent. to do something, not us."

The committee of five appointed by the anthracite coal presidents to select arbirators to determine and settle the ques tion of percentages and other existing dif-ferences between the big coal companies will probably meet on Friday or Saturday of this week. Aside from selecting the arbitrators, the committee is charged with furnishing the necessary data by the arbitrators will be governed in finding their award. While the committee has een endowed with power to act, their se-ection of arbitrators will have to be ratified by the presidents. An official con-nected with one of the anthracite coal companies, in speaking about the sele tion of arbitrators yesterday, said that they must be men who would not be satisfied with merely slicing off a certain por-William Bell was elected last Monday tion of the percentage of a company that might offer the least protest, but that they must also be willing to take up the question upon fundamental business prin-ciples and base their finding upon the facts as they really exist. Such an award, he said, would be entirely satisfactory to all the presidents, and all, he thought, would cheerfully attach their signatures to st
