TALES OF TWO PITTSSTONS

News of Interest to Readers Up and Down the Valley.

A NARROW ESCAPE FROM DEATH

Charles Tench Saved Only by Rare Presence of Mind—A Scranton Lady's Generosity—Fortune Smiles Upon Frank Saunders—Other News.

Special to the Scranton Tribune.

Pittston, April 15.—Charles Tench had a very narrow escape from death this morning. Mr. Tench is employed on the Pittston shifting engine as brakeman. This morning when at the Lackawanna and Bloomsburg Junction, a coupling broke on the test on which Tench was standing, throwing him to the ground between the cars. With a wonderful presence of mind Tench grasped the axle of the car which was moving over him. His position was similar to that of Harry Fitzke, who was killed at Coxton a few weeks since, and he would have suffered the same fate had the car moved three feet further. Very luckily he escaped with only a severe bruise on the right foot. He was taken to his home in West Pittston, where Dr. Hubler attended to his injuries.

Fortune for Saunders.

The many friends of Frank Saunders, formerly of Avoca, in this vicinity will be pleased to learn of the good fortune which has befallen him near his present home at Delta, Colo. Mr. Saunders left his home in Avoca June 22, 1880, on a prospecting tour through Colorado. Since his departure he has spent a great portion of his time in Ouray, Ouray county, Colorado, where, with two friends, he is interested in an extensive claim on which they struck, less than a year ago, a rich vein of silver and lead ore. Some specimens were shown The Tribune reporter that are valued at \$400 per ton in the ore. Operations were commenced on the claim last summer and a tunnel has been driven into the mountain side about 1,000 feet. Another test was made in an upward direction and large quantities of silver ore were found. From tests already made it appears that the whole inside of the mountain is lined with valuable ore. A short time since the partners were offered \$3,000,000 for their mine, which they refused. Mr. Armstrong, one of the partners, stated that he would not dispose of his one-third interest for that sum. John W. Saunders and family, of Avoca, left for Ouray yesterday, where Mr. Saunders will assume the management of the mine. The mine is situated about sixty miles from Delta, and is surrounded by mountains. The inhabitants are blessed with the sun's rays only three and one-half hours a day in summer, the sun not making its appearance until 10.30 in the morning.

Common Council Meets.

A special meeting of the common council was held this evening with president Bus in the chair. Ordinances relating to salaries of mayor and city engineer passed, second reading. No action was taken on salary of treasurer. The term of the city clerk was extended from one to two years, and salary was fixed at \$60 per month. City controller's salary was raised from \$300 to \$500 per year. Action of the select council in regard to the street commissioner was approved. The body will meet again tomorrow night.

Funeral of Peter Joyce.

The funeral of the late Peter Joyce, whose death occurred Saturday morning, took place from the family residence, on Railroad street, this morning at 9 o'clock. The remains were conveyed to St. John's Catholic church, where a mass of requiem was sung. Very Rev. Father Finnan was celebrant; Rev. Father Greeve, deacon, and Rev. Father Kelley, sub-deacon. The remains were interred in Market street cemetery. The pall-bearers were Thomas Joyce, Patrick Joyce and Joseph Joyce.

TESTIFYING FOR MUNYON.

Jacob Hammel Offers a Strong Endorsement, Was Cured of Rheumatic Paralysis by Using Munyon's Rheumatism Cure.

Jacob Hammel, 90 East Monument street, Baltimore, Md., says: "I had muscular rheumatism in my arm so badly I could not raise it. I was sore in my lower limbs. I bought a small bottle of Munyon's Rheumatic Cure, and after taking it two days, it relieved the soreness in my limbs and restored me to my normal state. It is now as useful as ever."

Munyon's Rheumatic Cure acts almost instantaneously, curing many obstinate cases in a few hours. It is guaranteed to cure rheumatism in any part of the body. Acute or muscular rheumatism cured in from one to five days. It never fails to cure sharp, shooting pains in the arms, legs, side, back or breast, or soreness of any part of the body in from one to three hours. It promptly cures lameness, stiff and swollen joints, and all pains in the hips and loins. Chronic rheumatism, sciatica, lumbago or pain in the back are speedily cured. It seldom fails to give relief after one or two doses, and almost invariably cures before one bottle has been used.

Munyon's Homeopathic Home Remedy Company, of Philadelphia, puts up specifics for nearly every disease, which are sold by all druggists, mostly for 25 cents a bottle.

Those who are in doubt as to the nature of their disease should address Professor Munyon, 1205 Arch street, Philadelphia, giving full symptoms of their disease. Professor Munyon will carefully diagnose the case and give you the benefit of his advice absolutely free of all charge. The Remedies will be sent to any address on receipt of retail price.

W. O. Cooper, while Bethel church has no resident minister, only having occasional services, except when Pastor Davis, of a Waverly, N. Y., church preaches.

Montrose celebrated Easter in a most befitting manner. At St. Paul's three services were held, communion at 9 o'clock, the regular morning service at 10.45 and vespers at 7 o'clock. At which time the annual offerings of the Sunday school were made. The music was particularly good. The Te Deum and the anthems beginning with "Christ Our Passover is Sacrificed for Us," by Millard, reflected credit on Miss Scott, who has worked unceasingly in instructing the choir. The Rev. E. A. Warriner preached on "Seeing Through a Glass Darkly," or the romance of the resurrection. At the Presbyterian church appropriate music and a sermon by Rev. A. E. Benton, on "Costly Offerings," made Easter all that it should be. Rev. T. Ariel Hughes' morning sermon was a dissertation on "Easter-tide." Rev. Father E. J. Laferty celebrated high mass at St. Bonaventure's Roman Catholic church at Auburn. The church of the Holy Name of Mary here had services, but many of the Montrose communicants went to Auburn.

Monday will usher in the second week of court for April term.

Merritt English, a youth found guilty of obtaining money under false pretenses, was sentenced to the state reformatory, at Huntington, Pa.

There was a solemn session in court when Judge Searle, who is an imposing man, passed sentence on Michael Healy, who, with James Healy, pleaded guilty of assaulting the sheriff of Luzerne county, Sheriff B. F. McKune, at Susquehanna, last January. John S. Courtright, counsel for James Healy, asked the court to allow his client to withdraw his plea of guilty and remain him for trial at the next quarter sessions. This the court granted and then pronounced sentence on Michael Healy, who, by Michael arose in answer to the court's question, he said: "I want to say that James Healy is not guilty and I never saw him until he was brought into the lockup at Susquehanna a short time after I had been here." The Judge sentenced Healy to the reformatory at labor in the state penitentiary at Philadelphia, and also imposed a fine of \$500 and costs. Through the kindness of Sheriff E. A. Leonard The Tribune correspondent saw James Healy at the jail. He could hardly express his joy at the news of his brother's escape. He knew that Michael Healy would make a statement to the court. He is inclined to consumption and an intelligent man, and when asked why he had pleaded guilty he said: "I can't say or express the feeling which came over me when the Judge told me to stand up. I hardly know what I was doing. I was in prison walls staring me in the face. I knew no one, but I am innocent and am so glad of my chance to clear myself. Mr. Courtright, as you know, has my case and from what occurred today I feel like a new man. While our names are alike, I never saw him until we met in the Susquehanna lockup."

Two new admissions were made at the hospital today: John Johnson, aged 40 years, a miner at Clear Spring colliery, who is suffering from a compound fracture of the skull, caused by a premature blast, about 9 o'clock this morning. At last report he was resting comfortably and speedy recovery is expected. Alexander Schultz was injured at the Stevens colliery this afternoon about 2 o'clock, by being kicked in the left leg by a mule. He is 21 years old, and was employed as a driver boy. His home is on the West Side.

The new wagon of the Vienna Baking company collided with an electric car at the corner of Wyoming and Delaware avenues this afternoon. A rear wheel was torn off and the vehicle was badly damaged. The driver, Thomas Manghan, escaped injury. We were much surprised this morning, as, undoubtedly, were many of our readers, at the absence of the Pittston letter from its usual corner in The Tribune. Through some mishap the Pittston letter failed to reach its destination in time for insertion in the columns of the paper.

INDUSTRIAL TOPICS.

There are many persons who believe that the anthracite coal trade can be put on a stable basis independent of the Reading railroad.

A company organized to build an electric railroad, with underground conduit, on the Williams avenue, is incorporated with \$5,000 capital.

The railways of the United States, in earnings, passed the billion mark in each of the four years ending with 1893, but last year a decline of \$122,000,000 in receipts was reported. Expenses were reduced \$82,000,000, but nevertheless the net earnings fell off to the extent of \$40,000,000.

Chauncey Dewey says: There were about 100,000 tons of iron ore mined in the oceans last year. About 10,000,000 tons were carried upon the canals of the United States. About 14,000,000 tons were carried by the world's railroads. It has been estimated that 80 per cent of the iron ore of the United States. In other words, the railroads of the United States carried more than all the steamers, the sailing vessels and the railroads of all the rest of the world.

General business in the south is better. Among the fifty-five new industries established or incorporated during the week the tradesman reports that at San Antonio, Tex., to cost \$250,000; brick works at Jacksonville, Fla., and canning factories at Charlotte, N. C., Edwards, Miss., and Port Lavaca, Tex. The Cameron County, Tex., cotton compress has been organized to erect a cotton compress at Cameron, Tex., and compresses will also be built at Hillsboro and Paris, Tex. Flouring mills at Henderson, Ky., and Memphis, Tenn., and an ice factory at Quitman, Ga.

A \$500,000 land company has been chartered at Birmingham, Ala., and mining and milling company, with a capital of \$1,000,000, at New Orleans, La. Iron mines will be developed at Clearwater and Priors, Fla., and copper mines at Princeton, Va., will be developed by a \$124,000 company. At Richmond, Va., a \$200,000 paper box factory will be erected and a jewelry manufacturing company has been incorporated at Wheeling, W. Va., a sugar mill will be erected at Leconte, La., and a knitting mill at Buena Vista, Va. Woodworking plants will be located at Princeton, Va., Crestview, Fla., Atlanta, and Bainbridge, Ga., New Orleans, Vidalia and White Castle, La., Memphis, Tenn., and a \$100,000 wagon and furniture factory at Bush Shoal, N. C.

Easiest way to kill a chicken is to break the egg before it is hatched. Same is true in business. A man who has a fine Pine Syrup is a positive cure for coughs and colds. Nothing will cure consumption. Does it pay to neglect the cold?

Oil Market. Oil City, April 15.—Oil opened and closed at 20; first bid, 20; highest, 20; lowest, 20; closed at 20.

Philadelphia Tallow Market. Philadelphia, April 15.—Tallow in quiet and easier. No. 1, 23 1/2; No. 2, 23; No. 3, 22 1/2; No. 4, 22; No. 5, 21 1/2; No. 6, 21; No. 7, 20 1/2; No. 8, 20; No. 9, 19 1/2; No. 10, 19; No. 11, 18 1/2; No. 12, 18; No. 13, 17 1/2; No. 14, 17; No. 15, 16 1/2; No. 16, 16; No. 17, 15 1/2; No. 18, 15; No. 19, 14 1/2; No. 20, 14; No. 21, 13 1/2; No. 22, 13; No. 23, 12 1/2; No. 24, 12; No. 25, 11 1/2; No. 26, 11; No. 27, 10 1/2; No. 28, 10; No. 29, 9 1/2; No. 30, 9; No. 31, 8 1/2; No. 32, 8; No. 33, 7 1/2; No. 34, 7; No. 35, 6 1/2; No. 36, 6; No. 37, 5 1/2; No. 38, 5; No. 39, 4 1/2; No. 40, 4.

Montrose. One of Susquehanna county's bravest veterans, Colonel John Quinn, of Forest Lake, was in town on Saturday. Colonel Quinn is recognized as the standard bearer for the Grand Army of the Republic and no parade of that organization is complete without the colonel.

A. H. Wilson, who has for nearly a year been employed by the Globe Printing company, left on Saturday for Stroudsburg, Pa. Mr. Wilson will be employed by the Stroudsburg Times.

Charles Wood was arraigned before Justice Court on Sunday morning charged with drunkenness, disturbing the peace and using profane language on the street. He was given a small fine for the first two charges, and his profanity cost him a fine of \$25 and ninety days in the county jail.

The ministers in Montrose having at heart the welfare of the negro issued a circular in which the citizens were contributors to the churches of the race are advised to give to but one church, the African Methodist Episcopal Zion. This church has a resident pastor, Rev.

STOCKS AND BONDS.

New York, April 15.—Speculation at the Stock Exchange was decidedly strong today and business was on a larger scale than of late. The sales of stock aggregated \$20,000,000. The market was buoyant, the rise in grain, cotton and petroleum made many bulls. From abroad reports were received that the American stocks and bonds were in great favor. Prices advanced 1/4 to 1/2 for the day. The list, the Grangers being especially prominent owing to the closing out of long outstanding shorts. In the Vauclerites, Michigan, Southern and other stocks. Shore touched 14 1/2, the best in years. The anthracites ruled strong. In the industrial sugar moved up to 10 1/2, the state bond being marked that the demand for refined had improved. In the final dealing on sales to realize profits the market showed some irregularity. Atchison and New York were weak and declined 1/2 to 3/4. Speculation left irregular, but in the main firm. Net changes for the day show gains of 1/4 to 1/2 per cent.

Range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished by The Tribune by G. D. R. Dimmock, manager of William Linn, Adams & Co., stock brokers, 412 Spruce street, Scranton.

Table with columns: Stock Name, High, Low, Close, Change. Includes Am. Tobacco Co., Am. Cotton, Am. Sugar Ref., etc.

CHICAGO BOARD OF TRADE PRICES.

Table with columns: Commodity, Price. Includes WHEAT, CORN, OATS, LARD, SUGAR, etc.

Scranton Board of Trade Exchange Quotations.

Table with columns: No., Par, Val., Stock Name, Bid, Ask. Includes 10 100 First Nat'l Bank, 100 100 Lacks. Trust & Safe, etc.

BONDS.

Table with columns: No., Par, Val., Bond Name, Bid, Ask. Includes 20 1000 Scranton Trac. Co., 20 500 Eonary Steam Heat, etc.
