The Montrose Democrat is authorized by the statement that the Montrose Railway company is having a powerful new locomotive and some passenger cars built, and will put a fast train on the road about May 1. The object of the affair is to raise money to help lift the church debt, and, as their socials are uniformly enjoyable, it will doubtless be largely patronized.

It is to be hoped that the Rielly property on Chestnut street, which is without a doubt a detriment to the borough and a disgrace to its people. There is also another place that should attract their attention, and that is the corner of Elm and Pine streets. There the street was graded in order to make water run up hill, but instead, as the law of gravity objects, it lodges in a pool. During a heavy rainstorm it resembles somewhat the Lackawanna river. Now the council ought to use a little ingenuity and have this remedied.

If there is any place in town that needs the attention of the officers of the borough it is at the corner of P. D. Manley's store. The vile and obscene language that emits from the ruffians that inhabit that place is something disgraceful. IN OUR GREAT GRANDFATHER'S TIME, big bulky pills were in general use. Like the "Pleasant Pills" that decade they were big and clumsy, but ineffective. In this century of enlightenment, we have Dr. Pierce's Pleasant Pills, which cure all liver, stomach and bowel derangements in the most effective way.

Assist Nature a little now and then, with a gentle, cleansing laxative, thereby removing offending matter from the stomach and bowels, toning up and invigorating the liver, and quickening its tardy action, and thereby remove the cause of a multitude of distressing diseases, such as headaches, indigestion, or dyspepsia, biliousness, pimples, blotches, eruptions, boils, constipation, piles, fistulas and maladies too numerous to mention.

If people would pay more attention to properly regulating the action of their bowels, they would have less frequent occasion to call for their doctor's services to subdue attacks of dangerous diseases. That, of all known agents to accomplish this purpose, Dr. Pierce's Pleasant Pills are unquestionably proven by the fact that once used, they are always in favor. Their secondary effect is to keep the bowels open and regular, not to further constipate, as is the case with other pills. Hence, their great popularity, with sufferers from habitual constipation, piles and indigestion.

A free sample of the "Pilllets," (4 to 7 doses) on trial, is mailed to any address, post-paid, on receipt of name and address on postal card. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

Every bone, muscle, nerve and tissue, lives upon what the blood feeds to it. The whole world knows that Hood's Sarsaparilla is the standard remedy for making pure blood.

It possesses merit peculiar to itself and by which it effects marvelous cures even when other preparations fail. When you buy your spring medicine get the best, and that is
