HOFFNER IN CLOVER.

Playing First Base on the Quincy, Ill., Team.

William Hoffner, of Scranton, is gaining considerable fame and praise in the west by his good work at first bag on the Quincy, Ill., team.

For several seasons Hoffner had been one of the most prominent amateur players in this region. He signed with Quincy only until June and will return during that month to this city.

A SYRACUSE LADY. Suffered from Heart Trouble, Liver Com-

plaint and Rheumatism, and Was

From the Syracuse (N. Y.) Herald, The efficacy of Dr. Kennedy's Favorite Remedy was never more substantially proven-than in the case of Mrs. C. S.

Abell, of this city.

Mrs. Abell lives at No. 114 Roberts avenue, where she was seen by a reporter. She talked freely of her case, and said: For a number of years I have troubled with liver complaint and rheuthe floor. One of our home physicians ined me that I had heart trouble, and began treating me for that. His treatment did no good. One day I read of Dr. Kennedy's Favorite Remedy, which I pur-chased, and began taking, and improved greatly. I have now taken six bottles, and was never so well in my life. I can say nothing but kind words for Dr. David Kennedy's favorite Remedy, to which I owe so much. I know of another case in which Favorite Remedy restored to health a friend, who was thought to be incurable,

Mrs. Abell said she would be glad to de-scribe her case to any sufferer who may call upon her. The family are quite as pro fuse in their praise of Favorite Remedy, as Mrs. Abell herself. Dr. David Kennedy's Favorite Remedy

is a never-failing specific in diseases of the skin and blood. It restores the disorlered liver to a healthy condition and corrects constipation. It is a certain cure for the diseases peculiar to women. It cures the diseases peculiar to women. It cures scrofula, salt rheum, crysipeias, nervousness, loss of sleep, or that worn out feeling. In cases of rheumatism, dyspessia, gravel, Bright's disease, diabetes and bladder troubles, it has cured where all else falled. Dr. David Kennedy's Favorite Remedy is sold by all dealers in medicine at \$1 a bottle, or six bottles for \$5.

day will tussle with the Elmiras of the

the pitcher all through the game. Carter ties himself up into a knot when he is about to deliver the ball. He is so tall that when Greenway, his catcher, wants to throw to second Carter has to sprawl on the ground to get out of the way of the ball,

Pitcher Carter, of Yale, when asked how he thought the New York and Baltimore teams compared at the present stage of their season's work, said that the Orioles seemed to be in better condition than the Giants. He has a profound respect for the batting ability of Hanlon's players, and declares with emphasis that "they play base ball all the time."

The Orioles will have a flag pole for their pennant in center field. It was first the intention to fly the flag from the grand stand, but the players objected to this and demanded a flag pole. Wednesday, after the game, a deep hole was dug in the center field at the fence in which a pole nearly 100 feet high will be placed. The hampionship emblem will be raised upon the pole.

Y. M. C. A. SUMMER SPORTS.

Two hundred dollars was the amount cleared by the annual gymnastic exhibi-tion in the Academy of Music.

The association wheelmen will take regdar runs Thursday evenings and Satur lay afternoon, beginning Thursday, May

The Camera club will organize with an expert photographer as instructor. Every convenience for finishing pictures is contained in the dark rooms on the third loor of the building.

A committee consisting of Messrs, Felows, Genter, Allen and Watson will have charge of the summer camping parties at Lake Winola. Parties will be organized as follows: One for juniors the latter art of June, and other parties in July and August.

The following base ball players will rep resent the association's senior team: Brooks, White, Owens, Reese, Surdam, Moore, Dean, Gillern, Colville, Ayndman, Airy, Jones, Willard. They will open the senson with Wyoming seminary at the base ball park May 18. On that day they will wear their new uniforms for the first time outside of practice games. The old miforms will be used by the second team.

Junior Basket Ball and Games

This afternoon, beginning at 2.39 o'clock, the junior Young Men's Christian association gymnasts will give an exhibition in the gymnasium, the whole to conclude with a basket ball game beginning at 4 o'clock between the Wilkes-Barre and Scranton junior Young Men's Christian association teams. Refreshments will be

INDUSTRIAL TOPICS.

The entire property of the Alabama Iron and Railroad company at Sheffield, including three furnaces, with a daily ca-pacity of 500 tons of pig iron, 70,000 acres of mineral lands, some large tracts of coal land and a coking plant, has been bought by a Pennsylvania syndicate. The fur-naces, which have been idle since after their construction in 1889, will, it is said. be immediately put into optration, and the entire property worked on a large scale. The new company will be known as the Sheffield Coal, Iron and Steel company. The original cost of the property was over

At the recent meeting of the Anthracite Coal Operators' association, held at Hotel Waldorf in New York, William Connell was re-elected president; Dr. H. M. Howe, of Philadelphia, vice president, and C. D. Simpson, secretary and treasurer. These directors in addition to the officers, were chosen: Charles Parrish, of Wilkes-Barre; John Jermyn and O. S. Johnson, of Scranton; W. G. Payne, of Kingston; F. P. Patterson and L. A. Riley, of Philadelphia Alfred Walter, of New York; Dr. J. S Wentz and M. S. Kemerer, of Mauel Chunk; and George H. Myers, of Bethle hem. President Connell yesterday said the meeting was a most enthusiastic one. It was decided to take ample measures to protect the rights of the individual operators. What those measures would be he did not care to divulge. While at the

meeting he received a cablegram from C. D. Simpson and party, dated London, advising him of their continued health. There is, says the Philadelphia Stockholder, an apparent shifting of positions in the anthracie coal situation so far as the Reading receivers and the Olcott com-mittee are concerned, and while their avowed policy not to accept less than 21 per cent, of the total business has not be changed, it may be said to be in process of changing. So far as we can learn this is due to a growing belief among the mem-hers of the Olcott committee that possibly, after all, the theory that the Reading can do as well, if not better, with a larger tonnage at low prices than a smaller tonnage at high prices is erroneuos. Hereto-fore the claim has been in favor of the large tonnage and low rates, but up to this time neither the committee nor the re-ceivers have given out any figures to show that their claim was well founded. An ex-amination of the Reading's coal shipments for the first three months of the fiscal year, and of the operations of the Coal and Iron company for the same pelod, demonstrates that the theory, or claim, referred to is erroneuos. Shipments aggregated 2,999,651 tons, or only 169,350 tons

ore. While the tonnage for the three onths was thus increased 169,350 tons, the Coal and Iron company's loss from mining increased from \$14,421 for the first three months of the last fiscal year to \$337,977 for the corresponding period this year. In the the corresponding period this year. In the period under review it is important to bear in mind that the Reading was producing not less than 21 per cent. of the total. The above indicates that the increase in tonnage has not augmented the Coal and Iron company's earnings; on the contrary, the loss has been disproportionately larger. Against this, it may be said the benefit was to the railroad company-from a heavier tonnage movement. But the benefit was to the railroad company— from a heavier tonnage movement. But the figures of that company do not even show that. True, there was a slight in-crease in operating profit, but is was too natism that made me almost helpless. I small-less than \$20,000 for the three months-to be at all important. As strengthening the argument in favor of smaller tonnage and higher prices, suppose the Coal and Iron company had handled in the first three months of the present fiscal year the same amount of coal it did in the same period last year, but had received 50 cents per ton more for it, what would the result have been? Simply, that it would have had a surplus instead of a large deficit. And had freight rates on anthracite coal been maintained, the railroad company would have been

also better off. Daties of the Escort.

Real Estate.

S. M. NASH. REAL ESTATE BROKER, 425 Spruce Street.

A new plan to sell real estate.

To persous wanting to sell their property, or wishing to make a strong effort to do so. I will help you out if you place the same in my hands.

The plan is this: It is no system of auction.

help you out if you place the same in my hands.

The plan is this: It is no system of auction, but a way for those desirous, or it being important to sell. (Real estate sellers largely outnumber the buyers.) I am about to establish a Regular Sales Day of Real Estate of fraquent dats. Sev-ral properties each day will be offered. (Newspapers, real estate columns, will announce the time.) Properties so placed with me for sale must be accompanied with the owner's price. All prices of properties must be put at the very lowest figure to attract tayers. Fancy prices will not be considered here. When sales day takes place I will be on the property with buyers. (which I will endeavor to look up and take with me) to give details, terms, description and facts interesting to purchasers. Should there be no sale there will be no commission to pay. A moderate commission, to be settled upon in case of a sale.

rase of a sale

Farms. Suburban Property and Lots sold
