PERSONAL.

Councilman Wade Finn was at Forest City yesterday. Attorney A. H. McCollum, of Montrose, was the guest of Prothonotary Myron J. Kasson yesterday. Mr. and Mrs. George W. Dunn are home from their wedding trip and will occupy a pleasant home in North Park. When the St. Charles hotel opens for business next week one of the clerks will be James Doyle, formerly of the Valley House. The fifth anniversary of the pastorate of Rev. Warren G. Partridge will be celebrated on May 2, and not May 7, as previously announced. The marriage of Miss Kathryn Healey, of Wyoming avenue, to W. J. Walsh, of Pittston, will be solemnized at St. Peter's cathedral today at 10 o'clock. J. M. East, at one time connected with the Scranton Times, and later with the Trade Journal, of Chicago, as business manager, is in the city on a visit. Attorney T. E. Hohan, who is grand president of the Catholic Mutual Benefit association, left yesterday afternoon to attend a meeting of the grand trustees. Miss Israel, who has been a visitor at St. Luke's rectory, returned to her home at Baltimore yesterday and was accompanied by her uncle, Rev. Rogers Israel, to Northumberland. Marquis D'Oyley, of Paris, has signified his intention of paying a visit to Scranton while on an American tour. The marquis has been much impressed with the marvelous growth of the Electric City, and the wonderful application of electricity as a motive power in so many directions and will pass some time in the city to make a study of the matter. Since reading the accounts given of the utilization of anthracite dust as fuel, his interest has been further aroused, and he has written to friends in Italy that he will sail at an early date, and proceed direct to Scranton. The marchioness is connected by marriage with some resident of the city who will entertain the distinguished guest during his visit.

BOARDS OF TRADE.

They Will Meet in Y. M. C. A. Hall Tonight. At this evening's joint meeting of the various boards of trade the question of the best method of expending the ward appropriations will be discussed. The members of the West Side and South Side boards will submit that the present method is unsatisfactory and suggestions will be made with a view to altering the arrangements. Addresses will be delivered by Mayor Connell, City Solicitor Torrey, ex-Mayor Powderly, T. Fellows Mason, M. J. O'Toole and others. Councilmen are especially invited to be present, and accommodation will be provided for the general public.

RETURN TO OLD SERVICE.

Five-Car Schedule Will Be Resumed on the South Side Line Today. After a short trial with forty-five minutes for the round trip on the South Side line and an interval of forty-five minutes between trips on the Moosic line, it has been found impracticable and the old schedule will be resumed today. Cars will leave on the hour and half hour for the city line, and at fifteen minutes and forty-five minutes after the hour to Moosic. The patrons of the South Side line were just beginning to find fault with the revised schedule and will appreciate the return to a more complete and satisfactory service. CRASH ON THE D., L. & W.

Fast Freight Plunges Into a Local Near Stroudsburg—Eight Cars Reduced to Kindling Wood—Engineer Stuck to His Post. A large wreck occurred on the line of the Delaware, Lackawanna and Western railroad yesterday, between Stroudsburg and Water Gap, which delayed traffic about three hours. No. 2, which left East Stroudsburg at 11:40, arrived there shortly after two o'clock. The wreck was caused by the fast freight, pulled by engine No. 1, crashing into the local freight, which was being flung by a section crew, who were loading ties and obstructing the south bound track. Six box cars, one flat car and the caboose of the local freight were reduced to kindling wood, and the engine of the fast freight was badly damaged. The engineer of the fast freight stuck to his post and was not injured; but his fireman, who jumped, was slightly hurt. The remnants of cars were hustled over the banks as fast as possible, and at 4 o'clock both tracks were clear. The wrecking crew from East Stroudsburg was assisted by a force of fifty men and three engines, under direction of Mr. Bogart. The engineer of the fast freight claims that the flagman of the local freight did not get back far enough to permit his stopping. The freight was not badly injured and was reloaded and forwarded to its destination.

CONSULTORS APPOINTED.

Will Look After Interests of the St. Aloysius Society. Officers of the St. Aloysius society of the cathedral parish met last night at the chapel in College hall and appointed consultants, whose functions will be to look after the interest of the society in the different parts of the parish. The young men appointed are as follows: South Side, Richard Kennedy, Thomas Hafter and Edward McDonough; Bellevue, John McCourt, William Quinn, William McEale, Thomas Gallagher; Pine Brook, William McGee and Thomas Loftus; central city, F. J. McCawley, Thomas Walsh, Bartley Leonard and Joseph Kelley. Tomorrow evening there will be a regular meeting of the society, and it is understood that active steps will be taken in regard to renting a hall.

BEAUTIFYING THE PARK.

Plans of the County Commissioners in the County Commissioners have taken a good deal of pains with the cultivation of trees on the court house square, and these days a force of men have been at work planting new spring maples in the stead of the trees that have withered. Twenty-five or thirty trees have already been planted. Rich yellow pine will be substituted around the roots of the trees instead of the hard soil that is now surrounding the plants and shrubs.

RAILROAD NOTES.

The Ladies' auxiliary will meet on Friday afternoon. The Lackawanna Bell will contain stenographic reports of the anniversary meeting held on Monday night. Engineer John R. Toach returned last night from a fishing trip in Monroe county, carrying a large basket of speckled beauties. Superintendent George Sanborn, of the Franklin avenue Rescue mission, will speak at the noon meeting at the machine shops today. The Pennsylvania Railroad company has given an order to the Altoona shops for 400 gondola cars, to be used on the northwestern system of the Pennsylvania lines west of Pittsburg. Brakemen Frank Stables, George Lasher and Moses Staples had a day's sport at Pocono yesterday and entertained some of their friends with the result of their piscatorial adventures last night. Silver watches at Davidow Bros. In cases of burns, sprains, scalds, or any of the other accidental pains likely to come to the human body, Dr. Thomas' Electric Oil gives almost instant relief. BURGLARS WERE MASKED

They Entered the Houses of James Drew and John F. Nolan.

LITTLE BOOBY WAS SECURED

In Both Places the Intruders Awakened Members of the Household and Fled. Attempt Made to Enter McGowan Residence Last Saturday Night.

At least two, and possibly three, masked burglars made slishod attempts to rob two houses on the hill early yesterday morning. In each case they awakened the occupants and did not secure much plunder. They have not been arrested. Soon after 3 o'clock Mrs. James Drew, of 1322 Mulberry street, who is ill, was awakened by footsteps on the stairs. A moment later she screamed at the sight of a man in the doorway. Two men hurriedly entered the room and one thrust a pillow over her face and threatened to kill her if she made an outcry. Mr. Drew, who occupied an adjoining room, entered and was covered by two revolvers. Masks hid the lower part of the faces of the intruders. After ransacking several drawers and closets they departed, taking with them a fur cape valued at \$40, which was found at daylight in a mud hole near the house. Entered Nolan's House. Shortly after the visit to the Drew household, the residence of John P. Nolan, at 511 Harrison avenue, was entered. Mrs. Nolan was sleeping with a sick child on the first floor. A noise awakened her and she saw the dim outline of a man's form. Thinking he was a member of the family she called lightly. She received no answer and screamed. Her husband and other members of the family hurried to her room, but not until the burglars had made a hasty retreat through the parlor window, by which they had made an entry. Outside the porch was found a dress belonging to Mrs. Nolan. The burglars are described as one tall, the other short, but each heavily built. They are supposed to have been seen about 5 o'clock in Jordan's hotel on Wyoming avenue, where they inquired about the leaving time of the first car for Dunmore. Early Monday evening two men answering the above description were seen walking aimlessly about the vicinity of the attempted burglaries. Their actions were not considered suspicious. Attempt Saturday Night. Last Saturday night burglars attempted to enter the residence of F. D. McGowan, near Nay Aug park, but were frightened, and fled before affecting an entrance. IN LOCAL THEATERS. The Philadelphia Inquirer, a very conservative paper on dramatic matters, is pleased to say: "A very creditable presentation of Joseph Jefferson's version of that popular play, 'Rip Van Winkle' was given at the Standard theater last night with J. E. Toole in the title role. Mr. Toole's delineation of the reckless vagabond was excellent, and the company supporting him was very carefully cast. A full complement of correct scenic effects and costumes were provided." Mr. Toole will be seen in 'Rip Van Winkle' at David's theater during the last three days of this week. "Aristocracy," which is to be presented at the Frothingham Monday, April 23, is the last play from the pen of Bronson Howard, who has given us "Shenandoah," "The Henrietta," "The Banker's Daughter," and a number of other brilliant American plays. Mr. Howard is now at work on another play, which will be produced by Charles Frohman, who directed the fortunes of "Shenandoah." "Aristocracy" will be presented here with the original stage embellishments, etc., that were used during the long run at Palmer's theater, New York. The cast is certainly a notable one.
