SCRANTON VS. SYRACUSE. Neither Could Win in an Exciting Twelve

Inning Game. One of the most exciting games ever played at the Base Ball park was witnessed yesterday by 2.500 persons. With the score 4 to 4 from the sixth inning the game was called in the first half of the thirteenth inning with two Syracuse men on bases and no outs. It was a great game with fielding and batting honors almost even, and a game which sent the crowd crazy a score of times, particularly during the last four innings.

The failure of either club to win cannot be ascribed to any special cause, which means that either could have lost without discredit. Scranton made three more single hits than Syracuse while as many more doubles were made off Brown, of Scranton, that off Bar-

nett. Errors were even. The detailed score indicates that Syracuse excelled in team work, while Scranton did the best individual play-ing. One cause of the Scranton failure to work properly together was Paul clety demands of the Young People's Rev. R. S. Jones, D. Circum stances compelled him to make his bow in a strange city, in a strange position and among strange players whose signals he did not know. The crowd thought-and with more

or less reason-that Umpire Herman Doescher might improve his judgment on balls and strikes. His work in this particular manner, however, equally affected each club. His field decisions could not have been better.

Ward in the first inning scored the first Scranton run by his hit, a sacrifice by Brady and a wild pitch. In the second Houle hit for two bases and was advanced to third by Johnson's bouncer in front of the plate. Since the three-round bout at Weber's ink, Taylor, last Thursday night beween Tommy Gardner, of the Exelsior Athletic club, and Danny Hayes, of the Nonparell Athletic club, of Taylor, which ended in a victory for the former, there has been much talk of a meeting between Gardner and Michael Kane, of Minooka. Kane and Gardner are willing to put up a good sum of money in a purse for a fight.

ROLLIN H. WILBUR, Gen. Supt.

TO OUR PATRONS: Washburn-Crosby Co. wish to assure their many paterons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.
