FOREST CITY.

John Driscoll and Mary Ording, two popular young people of Forest City, re married Wednesday afternoon at J. J. Coroner. They will reside here. The Athletic base ball club of Forest City has organized for the season, and are now ready to wipe up the time with any near-by aggregation of nonprofessional sphere-welters. They have already issued a challenge to the Simpson nine to play them a game at the latter place on May 5. B. F. Maxey, esq., will hold the stakes, umpire the game and keep the score.

Mrs. Z. C. Bell, of Carbondale, visited borough friends Tuesday. A tough from Richmondale got full of bug juice Tuesday morning and went through a course of callsthenics on Main street. He finally wound up by insulting a lady who was passing. He was collared by Officer J. G. Westcott and slept off his exhibaration in the Center street chateau, afterwards giving up an equivalent for the trouble taken with him in the form of a fine. A Polander who was quite seriously hurt in the mines here last week was taken to the Emergency hospital, at

J. W. Aitken and a couple of engineers were here Tuesday looking over the ground, and it is said the company will build a bridge over the creek between here and Vandling at a point east of the present bridge, and that a road bed will graded through the land of the Delaware and Hudson, east of South Main street. In this way the company could come as far as the Hillside Coal and Iron company's railroad track, or almost into the center of the town.without a franchise from the council. While we, with the majority of people in the borough, would rejoice if the company would do this and give us the facilities we deserve and need, yet we regret that such a step on the Traction company's part is necessary. If a fran chise had been granted with the re strictions which the company agreed to when the road was first built, electric cars would now be running on Main street, we would have the patronage of Vandling and Richmondale, and our illinois mines have increased largely principal thoroughfare could be in a great deal better shape than it is to-day. But the majority of our counciloil for fuel have gone back to coal and men stood out flatly and persistently against the will of nine-tenths of their constituents, gave the franchise to a

road on paper, diverted the trade of the gaze of outsiders as a community opposed to modern progress. Now seems the road will come in spite of them, but Forest City will lose advantages that it might have gained had our representatives thought less of personal prejudice and more of the will of the people who elected them. HEALED

3 o'clock in St. Agnes' church, by Rev. are sure to win additional laurels. Go Of Rheumatic Paralysis by Dr. Frank B. Smith, the Magnetic Physician, at 312 Wyoming Avenue, Scranton, Pa.

Mr. H. B. Cain, who resides near this city, was stricken down about thirteen

months ago with rheumatic paralysis months ago with rheumatic paralysis.

His sufferings have been so great that
at times it was feared he would lose
his mind. For the past seven months
his lower limbs have been paralyzed and he has had to be lifted from his bed to a chair. Notwithstanding the ground adjusting the losses occasioned fact that both limbs were paralyzed the pain and tenderness in his left leg was terrible; the slightest touch would throw him into a paroxysm of frightful pain and suffering, which would con-tinue unabated for hours at a time. His helpless condition, together with the pain he suffered, often caused him to pray for death. Physicians far and near were called to see him, but none gave him the desired relief. Hearing of the wonderful cures made by Dr. Smith he applied to him for help, and agent, and C. R. Manville, superin-tendent of the Pennsylvania division of the Delaware and Hudson Canal com-freed from all pain and all suffering pany, returned home yesterday morn-ing, after spending several days in of four weeks he could walk without the aid of crutches or cane. This cure like many others which Dr. Smith has made, is unimpeachable evidence in favor of his strange and mysterious powers to heal the sick. He will give a written guarantee to cure all cases of piles, fissure, fistula in a.no, stricture verlococcle and hydrocele he under takes. He treats successfully catarrh dyspepsia, heart disease, liver com-plaint, disease of the kidneys and all forms of chronic diseases. He cures all forms of ovarian tumors without the use of the knife. The doctor will conthe Lackawanna Creek.

> "CONOMY'S Lasy Way to Pay."

A man used to feel pretty poor before he would think of buying on credit---but bless your soul, they drive up here now in carriages--they come on bicycles...they drop off the street cars...and we stroke our whiskers with pardonable pride as we contemplate the change we wrought in CREDIT buying. 'Tisn't credit---it's just plain common DECENCY--it's the art of knowing how to be ACCOMMODATING--and good honest accommodation never cost any man a dollar. Get that framed and hang it up where you can see it ... it's the biggest lump of truth you ever slipped down on. But we are getting excited---we've stepped clean off the sidewalk trying to tell you that the best way to buy Furniture, Carpets, etc., is on credit---that the best place to buy them is HERR---where credit costs no more than anybody else's cash prices in the country. Look us right in the face and tell us that you will come in here and pay us a little money once a week or once a month---there isn't a wagon around the place that big enough to hold what you can buy---no notes to sign---no interest to pay---you needn't even say: "Thank you."
