THE WORLD OF BUSINESS

STOCKS AND BONDS.

in stocks today reached the enormous total of 589,000 shares, while the deal-ings in bonds footed up nearly \$6,000,-000. This is the largest day's business in years. The buying was of the best character, London and the commission houses being the largest purchasers. Trading for outside account was on a tremendous scale and in fact it was this buying that defeated the efforts of the sold-out bulls to bring about re-action. The offerings of the profession-als were heavy and at times it looked as if the top notch had been reached, but invariably fresh buying orders were put in and the market resumed its upward course. The international stocks displayed the greatest strength, St. Paul, Louisville and Nashville, Atchison advancing rapidly. The coalers, especially Reading and New Jersey, were in demand.

Near the close there was some good buying of Louisville and Nashville, St. Paul, Distillers and Reading, and in ties, etc., will soon be here and we must prepare in time for them. Be early and select from our Fine Stock of Ribbons.

Paul, Distincts and Reading, and in consequence the closing was strong. The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, 412 Spruce street, Scranton.

company, who is in position to speak with knowledge, confirms the recent reports that voting control of the prop-erty had passed into the hands of parties in New York and London. It is said in New York that a syndicate has been formed to secure control of the Reading company by purchasing a ma-jority of the stock, and in this way take a hand in the settlement of the coal trouble. It is said that the syndicate is composed of a number of prominent gentlemen who are connected in an official way with the leading railroad

and coal companies.

The statement of shipments of anthracite coal for the week ended May 4 shows that the companies paid very little attention to restricting produc tion during the week, the output amounting to 921,636 tons, or 186,814 tons more than in the corresponding period last year. In this connection, however. it should be remembered that for the greater part of the week under review the companies worked their collieries full capacity, as the agreement to work three days a week only went into effect with the present week. The state-ment for this week, therefore, will be of in-portance as showing what the companies can do in three days.

The work of constructing the Lehigh Valley railroad's new short line, the Rochester and Southern, to extend from Honeoye Falls, in Monroe county. to Hemlock Lake, in Livingstone county, N. Y., is already under way, and will be pushed to completion as rapidly as possible. The new line, which will be fourteen miles long, will connect with the Rochester and Honcoye railroad at Honcoye Falls, and will form a continuous line between Rochester and Hemlock Lake. The new road will pass through a rich agricultural country, and with Hemlock Lake, which is quite a summer resort for Rochester people, is expected to do a paying busi-

Last Thursday morning Robert Lee accompanied by Robert Bold, was driving a spirited pair of horses attached to a lumber wagon, containing a har-row. A bridle got loose on one of the horses, causing them to get frightened and run away. Master Lee jumped and escaped injury. Robert Bold was thrown from the wagon, one of the wheels going over his left leg, but fortunately not breaking any bones. George E. Stevenson ran to Robert's assistance and had him brought to his nome by Harry Warner, Dr. H. C. Mackey pronounced it badly bruised but not serious.

The enterfainment given at the rink by the primary and intermediate de-

partments of the school was a great success. Among the most pleasing things were the songs by the school. Harry Johnson's "Mellican Man;" the weather song, with violin accompaniment, by Walter and Robert Parker. The violin solo by Earl Stone was very much enjoyed, and he was obliged to respond to an encore. The "Good Night Drill by the little tots, dressed in night gown and cap, with their light-ed candles and dollies, was very pretty. Then the "May Queen Festival," with May queen and dance around the May pole, required a great amount of work to bring it to perfection, which the audience seemed to appreciate. At the cloce of the entertainment Mr. Hanyon's pupils served ice cream to those who wished it. The proceeds will be A prominent official of the Reading used for the benefit of the school and fitting up the library.

Bed-Ridden Nine Vears and a Half----Cured by Dr. Smith at 312 Wyoming Ave.,

Scranton, Pa.

It is an old saying that money talks. Dr. Smith will wager from one hundred to one hundred thousand dollars that every statement and every cure he publishes is absolutely true, the following included. Mrs. Almond C. Day suffered from a severe attack of cerebro spinal meningitis and became perfectly helpless. She was bed-ridden nearly ten years. Dr. Smith, at 312 Wyoming avenue, was called to see her. He made three visits, gave her three magnetic or hypnotic suggestions. After the third treatment Mrs. Day came to the Doc tor's office, a distance of twenty miles. She received five magnetic treatments in all and was dismissed as a well woman.

Sunday afternoon at 5 o'clock, May 12, Dr. Smith will deliver another free illustrated lecture in Music Hall, to men only. Doors open at 4.30, lecture at 5 o'clock sharp. The doctor will publicly heal the sick free of charge in Music Hall every afternoon all of next week, commencing Monday afternoon, May 13. Doors open at 1.30, public healing at 2 o'clock p. m. sharp. Admission free. The doctor is permanently located at 312 Wyoming avenue, where those who are able and willing to pay may go from 9 a. m. to 9 p. m. daily except Sundays. Dr. Smith will permanently cure seven out of ten that have been pronounced incurable. Go and see him
