Councils Sorry for Not Making An Electric Light Dicker.

ONE KIND OF PINANCIERING

In 1894 City Fathers Rodo a Free Horse to Death Until the Illuminating, Heat and Power Company Grouned-Big Bills Now.

There will be some loud howling, no doubt, heard from councilmen when they are asked to approve of the bills of the Scranton Illuminating, Heat and Power company for lighting the city offices and police and engine houses for the month beginning April 1 and ended April 30, 1895.

The Illuminating company was granted the privilege in July, 1886, of operating its poles and wires on the streets of this city and in return agreed to furnish the city offices with free manner of refreshments and good light and engine and police houses that were in reach of its lines. The resolution passed the city councils and was signed on July 9, 1886, by Colonel E. H. Ripple, who was then mayor of the city of Scranton. The resolution in full is

Resolved, By the common council of the city of Scranton, the select council concurring, that permission is hereby granted to the Scranton Illuminating, Heat and Power company to erect poles Heat and Power company to creet poles and stretch wires along said streets and alleys of said city for the proper distribution of electricity for furnishing light, and that the said company will light city offices and engine houses within the reach of said line free of expense, and will also give use of poles for fire alarm, provided the said company does not impede travel or interfero with the rights of property owners, and provided, further, that the said poles be placed inside the curb lines. be placed inside the curb lines. Declined to Dicker.

Several months ago a measure was introduced in the interest of the company which councils refused to pass. The measure provided that the company should be relieved from furnishing free light above the number of lights it first furnished the city, and that all lights above the original number should be paid for on a nominal basis. It was by refusing to comply with this request that a nose was bitten to spite a face.

The city received free light until April 1, of the present year. The company of late had been complaining of making no profit in consequence of the heavy saddle of free lights it had to carry and more than once wanted to sell the plant and franchises to the city. The ompany complained that the number of free lights has increased ten fold him the same evening. At last report In ten years, and it now has to pay a tax on its poles of 50 cents each; so that on March 11 Mayor Connell signed the following resolution that passed in select council on March 7, and had been introduced and passed in the common branch on Feb. 28:

Whereas, A communication from the above mentioned company has been received by councils, setting forth that the agreement to furnish the city offices and engine houses with free light is unjust and burdensome, the number of lights (meaning free lights) in 1886 being seventy-two and whereas the number now is over 600; and Wilkes-Barre, Stroudsburg.

Whereas two competing companies have subsequently been granted the same privileges without any exactions, and, further, a tax on all electric poles has been imposed by councils and is now in force.

now in force.

Therefore, Be it resolved, by the common council of the city of Scranton, the select council concurring, that the words, viz: "And that the said company will light city offices and engine houses within the reach of said lines free of expense," be and the same is hereby repealed.

A number of the city officials uttered oud exclamations when they heard of the size of the bills and wiped the sweat off their foreheads; some of them said that the company was undoubtedy making up for lost time.

At Thursday night's meeting of common council the electric light company presented its bid in accordance with the resolution passed by councils and agred to furnish light at 45 cents a month per lamp, with a rebate of 10 per cent. If the bill is paid on or before the 20th of every month. There will be ome music heard when the above bills get before the auditing committee and then before councils.

WELL-KNOWN MEN AT LAW. Arthur Frothingham and D. P. Replogle

Have Each Other Arrested. Arthur Frothingham and D. Replogle were both arrested at the instance of each other yesterday, and both cases were dismissed. Mr. Frothingham swore information against Mr. Replogle upon a charge of embezzlement, and a warrant was issued by Alderman Millar, returnable for 10 o'clock yesterday morning. At that hour Mr. Replogle was present and claimed that the case be dismissed as prosecutor Frothingham had not put in an appearance. This demand the Alderman acquiesced in and Mr. Rep-

logle was once more a free man. Mr. Replogle then proceeded to Alder-man Wright's office and swore information against Mr. Frothingham of having "committed wilful and corrupt forg-ery, when he, the said A. Frothingham, swore falsely and corruptly before one W. S. Millar, an alderman of this city, in a proceeding which the said A. Frothingham knew was false and cor-

Alderman Wright gave a hearing in the case, and discharged Mr. Frothingham, who, also, in turn being a free man, went to the prothonotary's office and entered a suit against Mr. Replogie for \$150, the amount in dispute.

SEVEN TOUGH YOUNG MEN.

Arrested for Complicity in West Side Burglaries.
County Detective Thomas Leyshone rounded up a band of tough young desperadoes of Keyser Valley, who have made a practice of breaking into places of business on the outskirts of the city. They are alleged to have burglarized the office and engine room

of the Scranton Stone company on the West Mountain.

The young men who are said to be concerned in these lawless acts are of ages ranging between 19 and 23 years,

and seven of them, John Reilly, Martin King, jr., John McDonald, Patrick Casey, John Walsh, James Kennedy and James Murtagh, were taken in tow last evening by Mr. Leyshon, assisted by Lieutenant Thomas Williams and a squad of officers from the West Side police station. They were brought to the office of Alderman W. S. Millar, and a hearing in the cases against

NEW TEN-STORY BUILDING

Magnificent Office Structure to Be Brected on Spruce Street.

PLANS ARE BEING PREPARED

Building Will Cost \$175,000 and Will Bo One of the Handsomest in the State-Plans Will Provide for Two Hundred Offices

Plans for a 10-story, sky-scraping office building, to be erected on the Spruce street stable property recently purchased by J. S. Miller, the wholesale meat dealer, are being prepared by T. I. Lacey & Son, architects. The structure will be the most magnificent in the state outside of Pittsburg and Philadelphia, and will cost, approximately, \$175,000.

The lot, which is situated on the south side of Spruce street, between Washington and Wyoming avenues, is known as the Grant property, and several months ago was purchased by J. W. Peck, the lumber merchant, for \$47,500. Two weeks later it was sold to Mr. Miller at an advance of \$7,000. The lot
