THE WORLD OF BUSINESS

STOCKS AND BONDS. New York, May 14.—There was a decided falling off in transactions at the stock exchange today, the sales footing only 357,000 shares. The buying was very light and there was a general disposition to turn paper profits into cash. Lower prices from London set the pace at the opening, and the market declined 3/4% in the first hour. The decline brought in liberal buying orders which resulted in an advance of 1/2%. Sugar and New England leading. Chicago Gas was weakened by the veto of the frontage bill. General electric was down for a time. Jersey Central declined 1/2%. Manhattan broke from 11 1/2% to 11%. Late on it recovered to 11 1/2%. In the last hour the general railway list was rather soft, and the buying power seemed to have been exhausted. The closing was rather weak and prices generally showed a loss of 1/4 to 1/2 cent. The range of today's prices for the active stocks of the New York stock market is given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton.

Industrial Topics. Great Britain's coal output in '94 was 185,000,000 tons. The Minnesota Iron company, at Towar, Mich., has raised the wages of its employees 10 per cent. This means something when over 1,000 men are working.

The cost of making charcoal pig iron from the city of Lorain, 600 tons per ton by William Kennedy, of Austin, Texas, in a recent communication to the American Institute of Mining Engineers. Robert Stewart, connected with the Central Railroad of New Jersey for some years, has been appointed chief inspector of the Reading railroad. His headquarters will be at Reading. A contract has been made for the construction of the railroad from Kench to Assouan, in Egypt, to be completed by the end of 1897. There will be a continuous line from Alexandria to the First Cataract.

Coal has been discovered within two and a half miles of the very center of the city of Lorain, 600 tons per ton by the end of 1897. Electrical equipment is to displace steam power on the Norfolk and Ocean View railroad, which is owned and controlled by Philadelphians. The road connects Norfolk with Ocean View, a seaside resort twelve miles distant. It has been operated by steam for over 15 years. Forty-foot cars, with 100-horse power motors, are to be employed, making a trolley train. A deal has been almost completed by which Z. T. Burton will acquire 70,000 acres of land in the vicinity of his present holdings at Burtonville, Mont. The land lies along the Chesapeake and Canada railroads, and Mr. Burton intends to colonize them. Irrigation will insure good crops, as it is intended to build an immense canal 5 1/2 miles long to the Marais, from which a good supply of water can be obtained.

JERMYN. A house on Third street, being built by William Morecomb, was struck by lightning during the severe storm Saturday evening, but not seriously damaged. The ladies of the Methodist church will hold an ice cream social in the basement of the church on Friday evening, to which all are invited. Mrs. J. Osborne and daughter, Mrs. Thomas Williams, will sail by steamer Paris, May 29, for a visit with friends in England. The employees of the Hillside Coal and Iron company received their pay yesterday. Anna McCleary, teacher of the fifth grade at the public school, is dangerously ill with quinsy. Mrs. Frank Jones, of Valley Falls, is the guest of her sister, Mrs. B. Carter, Jr., of Cemetery street. past six weeks, started for his home Monday last. Rev. M. Gregory, of Nichols, N. Y., occupied the pulpit in the Presbyterian church last Sunday morning and evening. A number of our musical people met at the Opera House, Monday evening to arrange for a cantata.

HONESDALE.

James Finerty is home on his vacation from the Philadelphia college of medicine. Rev. J. M. Lewis is in attendance at the archdeaconry meeting at New Milford.

The horse of George S. Keen, cartman, ran away Monday, demolishing the wagon. Mrs. Stone and daughter, Miss Stone, of New York, are the guests of Mrs. J. M. Lewis, at Grace rectory. Among the numerous happenings of circus day recorded are the following: A team of Courtright & Son, attached to the back, became frightened at a locomotive, turned suddenly around and upset the bus; damage, slight. The fakir and all-round buncie man fished a number of Honesdalers out of their pocket money. The game played was the simple and plain little robbing device of the hollow rubber ball and three shells. Young men and men of mature years placed anywhere from 5 to 25 in the fakir's pockets for the privilege of guessing at a number. One of the sharpest reports reported occurred at the entrance of the tent, where a farmer from up country gave a showman a \$10-bill for some change. The showman immediately began counting out small change. The farmer protested against so much small stuff. The showman grew huffy, had no time to fool away, took his change, handed each a bill and ordered the farmer to move on. A little later the farmer did collect in that place of his \$10-bill he had a \$1, but was unable to collect his other \$9, of course.

The Montrose correspondent wonders who in Chester County are put in daily use except in his own city. Honesdale is never outdone, and has its aggregation of young men and boys who wear a sweater at all times. In Honesdale, however, it is looked upon "as an undue exertion for perspiration," but as an indication of laziness.

An Old Polka social was given in the Methodist church on Monday evening, and a large number attended. The following programme was rendered: Devotional Exercises, Rev. L. P. Hoffmeyer, Address, Rev. L. B. Hoffman, The Model Church, Choir, Address, Judge C. D. Broadhead, The Old Time Religion, Choir, Reading, Miss Anna Sigwart, Life's Vision, Miss Anna Sigwart, Vocal Solo, Miss Etta Van Buskirk, When I Was a Boy, Male Quartette. Refreshments followed and all enjoyed themselves to their heart's content. The evening was very happy and successful.

T. F. Polig, of the Philadelphia Press, was a guest at the Burnett house on Tuesday. The Hilda Vernon troupe, a company of musical ability, has been secured by Manager Shotwell, of the Academy of Music, and will appear for one week, commencing Monday, May 20. The actors and actresses are artists in their profession, and the costumes are magnificent. Tickets on sale at Mutchler's drug store.

Miss Gertrude Shelly, from Sparta, N. Y., has accepted a position as clerk in Woodhull's store. A. K. Savacool, of Newark, N. J., has accepted a position as clerk in Woodhull's store. Mrs. W. D. Lusk is visiting friends at the R. C. Outborns and Ladder company. It will soon be removed to make room for the new edifice.
