AN INHUMAN HUSBAND.

Wanted to Have His Sane Wife Incarcerated in an Insane Asylum. Michael Sondofski, of Priebeburg, came to this city yesterday for the purpose of having his wife, Veronica, committed to the Danville Insane asylum. His love for a woman who resides near him is said to have been the cause of his desire to have his sane wife declared insane. They were married nine years ago at Suvaiki, Poland, and six months later came to this country. During the greater portion of the time since they landed on these shores they have made Priebeburg their home. Mrs. Sondofski is now but 27 years of age and is the mother of four children, the oldest of whom is 7 and the youngest a babe in arms.

A husband came to Scranton yesterday morning and sought the aid of District Attorney Jones, assuring him that Mrs. Sondofski was a most irresponsible person. The latter was sent for and brought her to this city and had an examination as to her mental condition made by Coroner J. A. Kelley. He reported to the district attorney that Mrs. Sondofski, though laboring under some excitement, was perfectly sane. The stories of the woman and several of her friends were then heard and it was learned that for a long time she has suffered great indignities at the hands of her husband who frequently beat and threatened to kill her. About a week ago he beat her shamefully and then put her and her babe out of the house. Mr. and Mrs. Harmon, of Priebeburg, gave her shelter, and she has since resided with them. On Tuesday Mrs. Sondofski had her husband arraigned before Justice of the Peace McCormick, of Blakely, for assault and battery, and he was held in bail for his appearance at court.

Mrs. Sondofski says that her husband's love for another woman is the cause of their domestic troubles, and that to prove his affection he recently gave to his charmer two pigs which his wife had raised with much labor and care.

HE TRIED TO MAKE UP.

After Sondofski's unsuccessful attempt to have his wife sent to an insane asylum he tried to heal the wounds he had created and besought her to return with him to their home. She refused to do so, saying that she was afraid he would kill her, and went back to Priebeburg with Mr. and Mrs. Harmon.
