Nervousness

Is only another name for impure blood, for no person is weak and nervous whose blood is perfectly pure.

When the blood is full of the germs of disease, and lacking in the red corpuscles which give it vitality, when it fails to properly nourish the organs and tissues of the body, what can you expect but that tired feeling and nervousness?

Of course Scrofula, Salt Rheum, Catarrh and Rheumatism are universally recognized as blood diseases, for which Hood's Sarsaparilla, as the best blood purifier, is everywhere acknowledged the greatest remedy.

Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best remedy for that condition of the blood which causes Nervousness.

It is a false idea to think you are curing your nervousness when you are taking a preparation which only quiets your nerves. It is like trying to "drown" your sorrows in the flowing bowl. They are sure to return.

We wish to make most impressive, then, this truth: You cannot quiet your blood by DEADING OR QUIETING your nerves.
