WILKES-BARRE.

The Tribune has opened a branch of-ice at No. B. Lanning building. Public quare, Wilkes-Barre, for the transaction of business. The publishers propose to attend the circulation of The Tribune in extend the circulation of The Tribune in Wilkes-Barre and surrounding towns, and to that end will present a very complete department of Luzerne county news. For success in this undertaking dependence is placed solely upon the superiority of The Tribune as a purveyor of all the news of the day-domestic, foreign, local, commercial and financial. The general interests of the people of Wilkes-Barre and the Wyoming valley will have in The Tribune an earnest advocate, editorially and otherwise. It is the purpose of the publishers to issue a newspaper as valuable to the general public as the metropolitan dailies, and deliver it to the people throughout northeastern Pennsylvania from three to five hours eahlier than the Philadelphia and New York papers can reach them.]

THE PROHIBITIONISTS.

Will Meet in County Convention Today and Nominate a Ticket.

The Prohibition party's county convention will be held in this city today, and an effort has been made to bring together an unusually large number of the active workers of the third party. The convention will nominate a full county ticket and also select delegates to the state convention. There will be no contests for places on the ticket and the platform to be adopted will be of the radical variety. No county in the state has more earnest Prohibitionists than Luzerne, and their enthusiasm never wanes. There has been perceptible increase in the Prohibition vote for a number of years, but that fact does not discourage them. Once in a while they manage to knock out a Republican candidate, which always causes Prohobition rejoicing.

A number of prominent speakers have promised to be in attendance at today's convention, among them the Rev. Hogan, of Forest City, who refused to accept the charge assigned to him at the late Wyoming annual conference because he alleges he has been persecuted because he is a Prohibitionist. Mr. Hogan has been trying to get into a newspaper controversy with the bishop, who presided at the conference, but has not been conspicuously successful. Brother Hogan is a novelty just now, but the Prohibition brethren will soon get tired of listening to his personal grievances as a Methodist preacher, which he recounts on every occasion.

convention today will be followed by a mass meeting this evening.

ACCIDENTS AT NANTICOKE.

Five Persons More or Less Seriously Injured in the Mines.

An accident occurred at an early hour yesterday morning at one of the Delaware, Lackawanna and Western mines at Nanticoke by which the lives of a dozen men were placed in great peril, but, fortunately, all were saved. In some way the hoisting machinery became displaced and the bucket was precipitated to the bottom where the men were at work. The descending bucket struck some timbers shattering them to splinters. William Cross and Louis Koschinski were hit and painfully but not fatally injured. The injured men could not be brought to the surface until the hoisting machinery had been repaired, which required several hours

AMATEUR SINGERS.

The Successful Presentation of the Mikado by Wil es-Barre Talent.

ast evening the third performance of the "Mikado" was presented at the Grand Opera house before a large and well pleased audience. The several performers felt more at ease on the stage and sang and played their parts with more assurance than at the preceding presentations. That Wilkes Barre contains an unusually large num ber of excellent voices has once more been demonstrated. Too much credit cannot be awarded Joseph P. Burns for the admirable work he has done in training the large body of singers. Some of these amateurs could pose as professionals if they were so inclined. The fourth and last performance will

occur this afternoon when it is hoped the Grand will be crowded. These performances are given for a purely charitable purpose, and the performers have cheerfully given of their time and talents without compensation. The "Mi-kado," as presented by these local singers, is fully as enjoyable as if it were the work of professionals.

FATAL ACCIDENT.

A Man Falls Down a Shaft and Is In stantly Killed.

James Mufhall, residing on Hancoc street, but working at the Maxwell mines, near Ashley, met with a frightful accident yesterday afternoon. He a trial. It is said that none of the and several other men were coming up the shaft. The cap had reached a distance of about fifty feet from the tom when, by some means. Mulhall was thrown off. He struck a man named James Harkins, who was standing at the foot of the shaft and dislocated his shoulder. Mulhall-was dead before he was brought to the surface. He leaves a wife and several children.

Recovered His Money. Burgess Boyle, of Nanticoke, bought some trifling articles from a peddler who called at his house with his pack of wares. He handed num what he supposed was a dollar bill and received his change for a dollar. After the peddler had taken his departure the burgess discovered that he had given the fellow a \$20 bill and was therefore out \$19. He referred the case to the chief of police who soon discovered that the peddier had taken his departure from the town. The chief procured a horse and buggy and stanted in pursuit. He overtook his man at Ceasetown and brought him back. The \$20 bill was recovered and the vender of small wares was allowed to go his way rejoicing.

Chan's Successor It was yesterday announced that George Keller, for a number of years employed in the ticket office of the Lehigh Valley depot, will succeed S. S. Chan as the general ticket agent of that company in this city, the place until recently held by Mr. Chan. Mr. Heller is a popular man and will do well for the Lehigh Valley company.

A Marrying People. The Polanders and Hungarians number only a comparatively small per cent. of the people of this county, but there appear to be more marriages among them than of all other nation-

alities combined. They are emphatically a marrying people, as is shown by the licenses granted from day to day. One day this week there were six licenses issued, five of them to the following couples: Lawrence Vorak and Mary Metic, Joseph Farowicz and Antonia Valanti, John Mavinko and Mary Ilko, Blodgic Depten and Frances Patuka, George Teritus and Ellen Szawinkl. Considering the limited number of this class of people in the county, they certainly supply more than their proportion of marriages.

POLITICAL POINTS.

County Chairman Robinson has ssued a call for a meeting of the Repulican county committee on June, 4, at 10 a. m., to fix a time for holding the next county convention, and the transaction of such other business as may properly come before the committee The call also directs attention to the revised rules of the Republican party of Luzerne, requiring all candidates seeking nominations to register with the county committee at least thirty days before the meeting of the county convention. The names of all candidates so registered will be published with the call for the convention. It is generally understood that delegates and alternates to the Republican national convention in 1896 will be chosen by the convention this year. It is county urged that masmuch as the national this year two county conventions will and Quincy streets. have to be held next year, an early one to name delegates and a later one to nominate candidates for the local

If the national delegates are chosen this year great interest will attach to the county convention, and the contest will enter into the delegate elections. The attempt will be made to prevent instructions to the delegates, or to express any preference as to presidential by the county convention. is said, is in communication with certain local leaders here whom he desires to have chosen, and it is also alleged that he is strongly opposed to instructions for any one for president.

The News-Dealer admits that Isaac Livingstone will be in the field for post-master of Wilkes-Barre when Mr. Landmesser's term expires. But he will not be the only one.

Among the present members of the legislature from this county who will be likely to give place to new men next year are Messrs. Griner, Reese, Harvey and Jeffreys. The last named has had three terms, Reese and Harvey two and Grier one.

Few persons will be surprised if, when the proper time comes, ex-Sheriff Robinson looms up as a candidate for sheriff. There is a strong undercurrent in his favor in many sections of the county. He was a model sheriff.

If John T. Lenahan should want the Democratic nomination for congress next year he could have it, but his friends say he does not care for politics now he prefers to wait until he has accumu lated some more wealth.

L. C. Darte, it is said, would like to go to the next Republican national con-vention as a delegate. He is a great admirer of General Alger, of Mic higan thusiasm.

Probably a Murder.

Another murder is likely to grow out of the bloody fight that occurred in a Plymouth saloon a few night ago, in which a number of Hungarians participated. Albert Walker, one of the mer assaulted, was struck on the head with a hatchet, and his injuries will, in all probability, result fatally. If the man dies there will be some arrests, if the assailants can be found, which is not probable. Why the arrests have not already been made is not explained by the Plymouth authorities.

Christian Endeavor Convention. The tri-county convention of the Christian Endeavor societies will be held in this city at Memorial Presbyterian church, next Friday. This con-vention will be composed of delegates from the three countles of Luzerne, Lackawanna and Wyoming, and will represent about seventy societies It is estimated that not less than 600 young men and women will be in attendance. Prominent speakers will be present at the day sessions and also at the evening meeting.

For West Point. Richard M. Thomas, of this city, wor the West Point cadetship prize in the examination held last Saturday. Garrick M. Borden stood second and will be the alternate. Congressman Leisenring will appoint young Mr. Thomas and if he should fail to pass the ordeal at West Point then Borden will have nineteen young men rated very high in their educational attainments.

DO NOT BE MISLED BY MISREPRESENTATION IN REGARDATO

WE DESIRE TO SAY

FIRST --- That other Swivel Silks advertised at 25c. as the best goods of their class produced, is misleading. Our goods at 31c, are superior in every respect to these second and third rate goods which are being offered as equals. We did not know that Swivel Silks were an imported article, perhaps they are; but we don't think it good policy to handle European Swivels when better goods can be had in our own America. Our Swivels are made in America, by the best maker of these goods in America, and they are sold all over the country and are exported in large quantities to Europe, too. Europeans would not buy American Swivels unless they were better than their own. We have the original and the best American Swivel Silk, AND THE PRICE IS 31 CENTS.

SECONDLY--- That Printed India Silks offered by us at 37 1-2c, are an irreproachable bargain. They are not the kind that crack and pull, but they are of the class that bear the stamp of true merit and are everything we claim them to be. It is a Silk Bargain that never has been known in Scranton before. It cannot be matched by any other house at present, and probably will never be duplicated.

The throngs of buyers who have purchased of these two wonderful offerings is the best evidence of their superiority. There are still good assortments left in both lines.
