WILKES-BARRE.

[The Tribune has opened a branch office at No. 29, Lanning building, Public Square, Wilkes-Barre, for the transaction of business. The publishers propose to extend the circulation of The Tribune in Wilkes-Barre and surrounding towns, and to that end will present a very complete department of Luserne county news. For success in this undertaking dependence is placed solely upon the superiority of The Tribune as a purveyor of all the news of the day—domestic, foreign, local, commercial and financell. The general interests of the people of Wilkes-Barre and the Wyoming valley will have in The Tribune an earnest advocate, editorinity and otherwise. It is the purpose of the publishers to issue a newspaper as valuable to the general public as the metropolitan dailies, and deliver it to the people throughout northeastern Pennsylvania from three to five hours eachiler than the Philadelphia and New York papers can reach them.] phia and New York papers can

Chairman Emmet D. Nichols called the convention to order and was called the convention to order aim was subsequently elected to preside over its deliberations. After the several committees had made their reports the work of nominating a ticket was proceeded with, and with-out any difficulty or delay the following ticket was formed: Sheriff, Albert Lameraux, of Jackson; recorder, James A. One of the features of the convention was the harangue of Rev. J. C. tention and Dividing Sentiment.

"When it isn't one thing, it's another," remarked a prominent citizen in a disgusted kind of way, alluding to the controversy that has arisen with reference to the election of a secretary of the Wilkes-Barre school board. Heretofore the secretary has been elected under the act of assembly of 1874, which appears to provide that the secretary of the board shall be one of the directors. Now somebody has made the discovery that an act of 1885 supercedes that of 1874, and that the later law provides that the secretary shall not be a member of the board. Dr. Weaver, one of the directors, called attention to this at the last meeting of tention to this at the last meeting of the board and wanted the opinion of counsel, but a majority of the directors counsel, but a majority of the directors were opposed to raising the question until the board was reorganized. So the matter remains in absyance for the time being, but inwyers and others are di cuessing it. The secretaryship is wint the boys call a "soft snap"—pretity good pay for the actual service rendeced. If it shall be deeded that an outsider must be elected there will be a swarm of candidates crowding each as warm of candidates crowding each man both declare their innocence.

other, and weeks may elapse before a secretary is chosen. It is true, as the citizen referred to remarked, there is always a row over something in con-nection with the peculiar special laws under which Wilkes-Barre operates.

A lamentable accident occurred at Ashley on Saturday evening by which Harry Kline, a most worthy young man, was instantly killed. Young Kline was employed at Moore's bakery in this city and having completed his day's work proceeded to his home, at Ashley. He boarded a Jersey Central freight train, and when the train reached a point near his home he jumped off. Unhappily a passenger train came rushing by on the other track at the moment he jumped and he was caught and dragged under the wheels. The body dragged under the wheels. The body was frightfully mangled and death was instantaneous. The accident occurred within sight of the home of his par-ents, with whom he lived. He was an exemplary young man and his sad death is mourned in the entire com-munity.

The property holders on William, Ful-ton and Broad streets are greatly in-senced over the action of the Scranton company in attempting to lay the T rail along those streets. The con-tractor of the street railway company claims the right to lay the T rail under terms of the supplementry ordinance passed last December. The property holders claim that the ordinance was not properly made a law, and are taking steps to hold the contractor to the terms of the original ordinance. Without reholders, a gang of men were set to work on Fulton street Saturday morn-ing laying the T rails. Written notices were served on the contractors at 10 o'clock by members of the street com-mittee. Mayor Maloney, at the request of the citizens interested and members of the street committee, directed Street Commissioner Carroll to notify the contractors to stop all work at noon, which was done. The matter will be brought before the special meeting of the council this evening, and some definite ac-tion will be taken on the conflicting ordinances.

WE DESIRE TO SAY

FIRST --- That other Swivel Silks advertised at 25c. as the best goods of their class produced, is misleading. Our goods at 31c. are superior in every respect to these second and third rate goods which are being offered as equals. We did not know that Swivel Silks were an imported article, perhaps they are; but we don't think it good policy to handle European Swivels when better goods can be had in our own America. Our Swivels are made in America, by the best maker of these goods in America, and they are sold all over the country and are exported in large quantities to Europe, too. Europeans would not buy American Swivels unless they were better than their own. We have the original and the best American Swivel Silk, AND THE PRICE IS 31 CENTS.

SECONDLY--- That Printed India Silks offered by us at 37 1-2c, are an irreproachable bargain. They are not the kind that crack and pull, but they are of the class that bear the stamp of true merit and are everything we claim them to be. It is a Silk Bargain that never has been known in Scranton before. It cannot be matched by any other house at present, and probably will never be duplicated.

The throngs of buyers who have purchased of these two wonderful offerings is the best evidence of their superiority. There are still good assortments left in both lines.
