This beautiful and healthful suburb of Clark's Summit has grown more rapidly in the past five years than any other town in Lackawanna county.

Sixty-five per cent. of all the buildings erected at Clark's Summit are upon lands sold by us.

Property has in many instances quadrupled in value in the past four years, and now affords a very sure field for speculation. People who know how and why towns grow predict a rapid development and rise in that portion of Clark's Summit known as WOODLAWN PARK.

A small sum of money will secure a desirable lot NEAR THE DEPOT with no high hills to climb when you return

to your home wearied from the toil of the day; where you will be able to view Nature's magnificent handiwork in vast expanse and beautiful array; to drink water of crystal purity welling from springs WITHIN THE PARK AND PIPED TO YOUR PREMISES.

You can obtain the conveniences of the city with the delightful surroundings of the country at surprisingly low rates.

No other Park in the County of Lackawanna can offer the natural advantages you will find in WOODLAWN PARK, at Clark's Summit!

Our lots range in size from 40x140 to 50x200, but with alleys, etc. Our prices are from \$50 to \$175 per lot.

We can sell more land for less money than can any other firm at Clark's Summit, because we purchased at low rates and have no high priced force of clerks, etc., to pay.

We will take you FREE OF CHARGE to view Woodlawn Park, and the other parks at Clark's Summit, and you can then buy intelligently and with full knowledge of the most advantageous location.

There are several Parks at Clark's Summit. Do not purchase of us or anyone else, until you are perfectly sure you have secured the most satisfactory site for a home. And remember, the lots at Woodlawn Park are the cheapest and
