THE WORLD OF BUSINESS STOCKS AND BONDS.

New York, May 31.—The stock market was comparatively quiet today, the transactions footing up 177,000 shares. The inquiry ran chiefly to the specialties and Industrials, although the railway list was not neglected by any means. The Grangers were in somewhat better request and closed generally a fraction better. The low-priced fancies, however, were the feature. New England was in demand. The anthracite coals were strong, except for Susquehanna and Western preferred, which dropped from 32 1/2 to 28 1/2. The decline was due to an unfounded rumor that the interest due on the Wilkes-Barre and Eastern bonds would not be paid. Among the trunk lines Erie was heavy and fell to 10 3/4. The belief is now quite general that the stockholders will be generally assented under the proposed reorganization plan in order to liquidate the floating debt as well as to provide capital for improvements. In the Industrials the special feature was the strength of Rubber, Cordage, Distillers, Chicago Gas, General Electric and Sugar. Speculation closed firm and 1/4 to 1/2 per cent. higher for the usually active stocks. The Industrials gained 1/4 and 1/2 per cent.

HAWLEY. The Grand Army of the Republic post and different societies of this place were well represented in the public parade here on Memorial Day. The line of march was formed at 2 o'clock in the afternoon opposite Woodward & Gregg's store on Main street, after which a parade took place through the principal streets, and then to the cemetery, where appropriate addresses were made and followed by floral decorations being placed on the graves. The Hawley Cornet band furnished excellent music for the occasion. The day's celebration was ended with a military drama, entitled "Hal Hazard, or the Federal Spy," which was produced in the evening by home talent at the Standard Opera House before a large audience. The proceeds were for the benefit of the Grand Army of the Republic post. Messrs. George Schardt and James Murphy sang together one of the latest songs, entitled "The School Play Ground," while Miss Laura Bea amused the audience by rendering one of her favorites, a song and dance. DOOMED TO DEATH. THE FAIR AT THE FAIR. THE FAIR. Mr. Charles Dana, who resides at Arch-bald, has given us permission to publish the following account of his sufferings and may be referred to in person or by letter: Seven years ago Mr. Dana suffered from an attack of typhoid fever which was followed by a serious affection of the bladder, which terminated in a stricture. It is impossible to describe his sufferings. Soon after his recovery from the fever he began to experience great difficulty in passing water. The difficulty increased until one day he found it utterly impossible to void a drop of water. His family physician was called and tried to draw his urine with an instrument, but utterly failed, and Mr. Dana suddenly found himself in a very critical condition, with death staring him in the face. A consultation of physicians was called who decided that the only means of relief was to draw the urine by means of an aspirator. The needle was inserted in the bladder through the walls of the abdomen and proved successful. After the immediate danger was over an effort was made to pass a steel sound into the bladder, but proved a total failure, and for more than six years Mr. Dana remained a helpless invalid, gradually growing worse until he became bed-ridden. The aspirator at this time refused to relieve him and he was on the verge of the grave. When he sent for Dr. F. B. Smith and staff he had little if any hope of ever finding permanent relief in this world. Dr. Smith, after a careful examination, told him that he felt confident that his magnetic treatment combined with medical, and if necessary surgical treatment, would give him permanent relief, with this understanding the treatment was there and then commenced and today Mr. Dana is absolutely and permanently cured and one of the happiest men living. The cure was performed by a consultation of physicians by means of electrosis and by With this understanding the treatment was there and then commenced and today Mr. Dana is absolutely and permanently cured and one of the happiest men living.
