INDUSTRIAL TOPICS.

The last ten days of May, says the Iron and Steel Bulletin, have shown a steady improvement in the demand for fron and steel, and prices previously established have been firmly main-tained. The disposition of manufacturers to advance wages 10 per cent. has also been further manifested. Workingmen in the iron trade appear be satisfied that they are being fairly dealt with. And yet both wages and prices are still a long way behind figures of 1892. It is foolish to The stockholder thinks it is quite

probable that May will go on record September LARD. the anthracite coal sales agents to production tonnage was kept. They decided to restrict the output last month to about 3,700,000 tons, and this the companies have probably succeeded in doing. In the first four days of May the preduction (estimated) was 526,492 tons; for the week ended May 11, it was 784,982 tons; week ended May 18, 817,523 tons, and last week \$36,615 tons. This gives a total for 25 days of 2,965,268 tons, or an average of 118,615 tons per day, which is equal to an output for the month of 3,677,065 tons. It is probable, however, that the output was heavier in the closing working days of the month than for any preceding period of the month, but even if so, the agreed total (3,700,000) will not be largely exceeded. The total for 25 days was 46,-749 tons less than for the same period last year. Last week's statement is significant, in that it shows an increase from the Lehigh region of no less than 66,251 tons. This probably means that the Lehigh Valley people, seeing the Reading forging ahead in its tonnage, also made a spurt; at any rate, its output last month was nearly le that of May, 1894. Shipments from the Schuylkill region were also larger—111,057 tons—but the Wyoming region reported a decrease of 84,256 tons. The net result for the week,

ARCHBALD

The new school board organized last evening by electing Henry Myers president; J. W. Beck, secretary; O'Rourke .treasurer; and F. J. Fitzsimsimmons borough attorney. Before adjourning the old board transacted its unfinished business. Te following bills were approved: John Carden, \$10; James Gilgallon, \$7.50; Citizen, \$2.50; secretary's salary, \$100. The meeting adjourned sine die, and directors Lally, Kielty and Price retired. The new members, Price, O'Horo and Corcoran, were then admitted. For president, Henry Myers and John J. Barrett were named. The former was elected, as was also Mr. Beck over Mr. O'Horo for secretary, and Mr. O'Rourke over Mr. Price for treasurer. The chair appointed the following committees for the coming year: Building: Corcoran, O'Rourke and Duffy; supplies, Beck. Toolin, Barrett; education, O'Horo, Myers, Price. The first Monday of each month was was fixed as the regular meet-

Nervousness

Is only another name for impure blood, for no person is weak and ner-vous whose blood is perfectly pure.

When the blood is full of the grouns When the blood is full of the germs of disease, and lacking in the red corpuscles which give it vitality, when it fails to properly nourish the organs and tissues of the body, what can you expect but that tired feeling and nervousness?

Of course Scrofula, Salt Rheum, Catarrh and Rheumatism are universally recognized as blood diseases, for which Hood's Sarsaparilla, as the best blood purifier, is everywhere acknowled the greatest remedy.

Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best remedy for that condition of the blood which causes Nervousness. It is a false idea to think you are

curing your nervousness when you are taking a preparation which only quiets your nerves! It is like trying to "drown" your sorrows in the flowing bowl. They are sure to return. We wish to make most impressive, then, this truism:

You cannot parify your blood by DEADENING OF QUIETING YOUR nerves with opiate, narcotic or nerve compounds. If you take such articles you are only TRIFLING with your troubles. There is sure to be a REAC-TION which will leave you worse than you were before.

Why not then, take the true course, follow the bee-line to the state of health, purify your blood and cure
