MUSICALS AT THE RECTORY.

Brilliant Programme That Was Rendered by Well Known Artists. Many St. Luke's parishioners and their friends gathered in the rectory last night and heard the pleasing music which was given under the auspices of one of the committees of the Women's guild of the church. The committee is composed of Mrs. Everett Warren, Mrs. Rogers Israel, Mrs. L. G. Labarr and Mrs. Richard Ostrand. The artists were Mrs. George DuB. Dimmick, soprano; Miss Ella Marie Drasger, contralto; David Stephens, tenor; Frederic Kopf, violinist, and J. Willis Conant, pianist. Mr. Kopf rendered in his peculiar exquisite style a Faust fantasia by Sarkotte, and a nocturne by Chopin. The solos, "As the Dawn" and "Spring Serenade," by Mrs. Dimmick, and "Spring Serenade," by Mrs. Kopf, were executed with the usual finish and expression for which those two singers are noted. They sang, in duet, "A Night in Venice" and two Tuscan folk-songs by Caracciolo, "Flight of the Clouds" and "From Far Away." The song, "Our Last Good-Bye," by Mr. Stephens, and Mr. Conant's playing of Fields' nocturne and a Chopin waltz contributed largely to the excellence of the entertainment. The serenade song was with a violin obligato by Mr. Kopf.

DR. SIMMONS' PLAIN TALK

Caused Somewhat of a Sensation at Interstate Homeopathic Meeting.

FAVORS DIFFERENT METHODS

He Presented His Resignation at a Meeting of the Executive Society, but Afterward Withdrew It—Papers That Were Read and Discussed.

Physicians enrolled as members of the Interstate Homeopathic society met in the arbitration room of the court house yesterday and listened to the reading of interesting papers by members of the society and a vigorous impromptu speech by Dr. S. S. Simmons, of Susquehanna, who made a plea for a closer adherence to strict business methods in conducting the affairs of the society. Dr. Simmons started the ball rolling by tendering his resignation as a member of the executive committee of the society. In answer to requests for an explanation as to the cause of his action Dr. Simmons said that he wanted to see the society remain true to its constitution and by-laws. If they were good enough to adopt they were good enough to live up to, and if they were not good enough to live up to they should be wiped out of existence. He also deplored the shortness of the sessions and said if a thing was worth doing at all it was worth doing well. In like manner, if the meetings were worth anything they should receive the same attention from the members. Time ought to be given to thoroughly discuss and consider each paper read, even though the members of the society had to make some personal sacrifice to secure the necessary time.

The Resignation Withdrawn.

In his opinion it was not profitable to physicians to leave their patients and journey a long distance for a session lasting only a few hours, where business has to be rushed through in haste that the convention may adjourn before the middle of the day. He also opposed the practice of transferring any kind of business to the society without consulting those to whom the society had delegated that work. Dr. Simmons' remarks met with general favor, and after a season of general discussion the resignation was withdrawn and the regular order of business resumed. The meeting was presided over by Dr. C. W. Roberts, of this city, and Dr. C. S. Winters acted as secretary.

The Paper Read.

The first paper read by Dr. Martin Deschres, of New York, on "Treatment of Summer Diarrhoea in Children." It was discussed by Dr. George F. Hand, of Binghamton, N. Y. "Symptomatic Prescribing" was the title of the paper read by Dr. S. S. Simmons, of Susquehanna, which was discussed by Dr. H. K. Leonard, of Binghamton, N. Y., and one on "Dots, a New Form of Typhoid," by Dr. J. T. Greenleaf, Oswego, N. Y., which evoked a general discussion. The last paper read was on "Obstetrical Practice," by Dr. H. K. Leonard, of Binghamton. It was discussed by Dr. A. A. D'Alary and Dr. F. Lange, of this city.

Next Meeting in Binghamton.

It was decided to hold the next meeting in Binghamton in September in conjunction with the meeting of the New York State Homeopathic association. Those present at yesterday's meeting were: Dr. T. J. Tiffany, Alfred, N. Y.; Dr. J. T. Greenleaf, Oswego, N. Y.; Dr. E. E. Snyder, Dr. C. T. Haines, Dr. C. W. Adams, Dr. George F. Hand, Dr. C. S. Winters, Dr. J. B. Bates, Dr. H. K. Leonard, Dr. L. A. Lindsay, Dr. P. Lange, Dr. F. W. Brewster, Dr. Mary Sheppard, Dr. C. A. Roberts, Dr. Theodore Suresh, Scranton.

THAT FENDER OF CASEY'S.

Will Not Be Given a Trial Until Next Week.

Invitations were received by many yesterday to be present at the trial of a fender on one of the Traction company's cars, which was to take place at 2 o'clock in the afternoon at the Linden street car barn. The fender is an invention by Patrick J. Casey, of Luzerne street. The model was built by Blacksmith Mackintosh, of the West Side, but it did not arrive at the car barn until 3 o'clock, and, therefore, no trial was made.

It will be necessary to equip a car with certain hooks and irons to hang the fender on, and will require almost a day to get it properly attached to the car. It is overlaid with an unholstered cushion and appears to be a very practicable arrangement for preventingrolley accidents.

Master Mechanic Frank Wampler will leave for Philadelphia this afternoon and will not return until the end of the week. He stated yesterday that no trial of the Casey fender will be made until next Monday or Tuesday.

SHERIFF WILL INTERFERE.

Thursday Night's Boxing Exhibition is to Be Prevented.

The boxing exhibition advertised to take place at the Frothingham Thursday night was prevented by Sheriff Gordon and John Mitchell will be prevented, said Sheriff F. H. Clemons yesterday. "I have received a communication from Mayor Connell notifying me of the proposed contest and asking me to take steps to prevent it. I should do so, in what way will I act? Well, I have not given the matter much thought, but I will see that the law is obeyed and the fighting prevented." The letter from Mayor Connell is as follows:

To F. H. Clemons, esq., Sheriff of Lackawanna County.

Dear Sir—From advertisements in various newspapers of the city I am led to believe that there will be a boxing tournament and general prize fight at the Frothingham Thursday evening, June 6. This tournament being in direct violation of the laws of this state, as high sheriff of Lackawanna county, prevent this boxing tournament taking place.

Provisions of the Act.

I hereby enforce the act approved March 16, 1886, an act to prevent and punish prize fights and boxing matches in the counties of Pike, Schuylkill, Luzerne and Montserrat. Any person taking it the duty of the sheriffs of said counties when informed of the prize fight or boxing match about to take place, to prevent the same. I am Very truly yours,

W. L. Connell, mayor.

The act above referred says that in the counties named it shall be "the duty of the sheriff of said counties, when informed of the prize fight or boxing match is about to take place within the said county, to call out such force as may be necessary to prevent the same and for that purpose he shall have the power to summon verbally every able-bodied man between the age of 18 and 45 to attend him forthwith and assist in maintaining the peace."

Was Tried in Wilkes-Barre.

The same case in the form of an action to have the sale set aside was tried in Wilkes-Barre in 1888. The effort was unsuccessful and the supreme court sustained the judgment of the lower court. The present action was then brought to obtain possession of the land. After the case had been opened the jury by Mr. Zimmerman, County Surveyor Dunlap, was placed on the stand and swore to making surveys of the disputed tract, after which record testimony was offered in evidence. Court then adjourned for the day.

What Mayor Connell Says.

To a Tribune reporter Mayor Connell said: "I am firm in my determination that this fight, or boxing match, shall not be held Thursday night—or on any other night, for that matter. If necessary the entire police force of the city will be placed at the disposal of the sheriff to prevent this or any other similar contest being held in the city limits. This thing has been going on long enough. It is getting more brutal and degrading. I understand that at the moment in the Academy yard in the rear of the hotel he was directed to go out of the front door and pass along the side of the house to the rear.

The individuals interested in these affairs have become bold and their contests are getting very close to finish fights. I am informed that a large sum of money was given a reporter to color his report of the last match in the Frothingham between Judge and Leonard, which merely shows which way the thing is trending."

MR. DEPEW AND HIS FENCE.

They Cause the Jersey Borough Authorities to Obtain an Injunction.

An injunction was obtained yesterday afternoon by the borough of Jersey to restrain Nathaniel Depew from erecting a fence six feet further out on Main street than his present fence line.

In the affidavit presented to Judge Edwards by Attorney I. H. Burns as the basis of the injunction proceedings it is set forth that Mr. Depew is the owner of a strip of land 250x320 feet in the borough of Jersey, and twenty years the fence enclosing it has been just where it is now.

Mr. Depew, however, has decided to move it out six feet on the street, and the borough authorities want to prevent it. A temporary injunction was granted and made returnable June 10 at 9 a. m.

HAINES SENT TO JAIL.

He Did Not Deny His Guilt When Arraigned Before Alderman Fuller.

John Thomas Haines, of 413 East Marcy street, who was arrested at 11 o'clock Monday night in the Dickson mine, is a young brute whose future home for several years promises to be in the Eastern penitentiary. The facts of his foolish attempt to assault the 14-year-old daughter of D. E. Caspell, of North Park, Friday, were given yesterday in The Tribune.

Alderman Fuller issued the warrant on which Haines was arrested, and gave him a hearing yesterday afternoon. The little girl identifies him and so did one of the carpenters engaged on a new building not far from the spot where he made the attempt.

Haines admitted to Captain Edwards

In doing so he fell into an excavation and had one of his arms broken. The injury compelled him to remain idle for seven months, and the arm is permanently disabled. He sued to recover \$2,000 damages. The excavation into which he fell was the cellar of a house adjoining the hotel.

Says He Was Not Warned. Both Mr. Driscoll and Mr. Jones swore that Mr. Morrow gave him no intimation that there was a dangerous excavation along the side of the hotel.

Attorney C. L. Hines presented the case of the plaintiff to the jury and attorneys P. W. Stokes and T. P. Hoban appeared for Mr. Morrow.

The defense was that Mr. Driscoll was given explicit instructions concerning the way to reach the yard in the rear and was told to beware of the excavation. There was five feet and a half of space between the hotel and the excavation, which was claimed to be ample for any one to pass along in safety.

If ordinary care had been used at 3 o'clock the case was given to the jury and a verdict was returned at 4.30 o'clock allowing the plaintiff \$100.

In court room No. 3 before Judge McPherson the cases of Henry Collins, W. L. Hunter and Mary E. Purdy against the Carbonate Traction company were resumed yesterday morning. The testimony for plaintiff and defendant in the Collins case was all put in and then the testimony in the other cases was heard by the same jury.

Amount of Damage Sustained.

That work was completed at 4.15 and court adjourned until this morning, when the closing arguments will be made. It was shown by the witnesses for the plaintiffs that the Hunter property was damaged to the extent of \$500 or \$1,000 and the Purdy \$500. On the other hand witnesses for the defendant company maintained that the properties in question were benefited and increased in value by the building of the electric road of the Traction company.
