HOUSE REVERSES ITSELF

Deputy Auditor General Bill Passes the House. ANOTHER SALARY OF \$3,000

Representative Fritz Thinks That Seventeen Men Ought to Be Able to Do the Business of the Office—Other Bills That Were Passed.

Special to the Scranton Tribune. Harrisburg, June 5.—The bill creating the deputy auditor general at a salary of \$3,000 a year passed finally in the house today by a vote of 163 to 25. The house completely reversed itself on this measure. Three weeks ago it was defeated by a vote of 89 to 96. It was subsequently reconsidered and remained undisturbed on the calendar until it was called up this morning by Mr. McClain, of Lancaster, and passed. Representatives Martin, Pocht and Row, who opposed the bill three weeks ago, today advocated its passage and voted for it. They explained that a personal examination of the affairs of the auditor general's department showed the absolute necessity of such an office and contended that there was no good reason for any member voting against it.

Representative Fritz, of Columbia, who has opposed every measure creating an office or increasing the number of offices in the present legislature, was the only member to raise his voice against it. He said there were seventeen attaches of the department of the auditor general at an annual cost of \$2,000. He contended that there was no necessity for the office and urged the defeat of the bill.

This measure passed the senate six weeks ago. It now goes to the governor no doubt but that it will be approved. As soon as the auditor has disposed of the proposition Auditor General Mykin will reorganize the force in his department. Colonel John A. Glenn, of Philadelphia, will be secretary of incorporation clerk, and Sam Matt Fridin, of Lancaster, will succeed Fred Schober, of Philadelphia, as chief clerk. Other changes will follow.

The house concurred in the report of the conference committee in the report of the auditor general and authorized the board of directors to purchase existing plants of water companies. resolution was reported from the rules committee and adopted changing the hour of convening on Tuesday and Friday mornings from 10 to 9 o'clock. It had been found necessary to lengthen the sessions in order that the bills on the calendar may be disposed of before the final adjournment. The members are working hard, but accomplishing comparatively little. Although in session over nine hours yesterday, only about twenty bills were disposed of. There are over 400 on the calendar to be considered, and unless there is less talk and more work, not more than half of these will be reached.

Uran Bill Passed. The Finn road bill giving counties the right to construct county roads and levy a tax for their maintenance passed finally, after much debate, by a vote of 112 to 56. The measure provides that the recommendation of the county commissioners shall first be passed upon by the grand jury and approved by the court before the roads can be improved. This is the first of several or more road bills introduced in this legislature to pass finally. All the other measures of this character were either defeated or killed by committee.

Senator Finley's bill providing for the senate and now goes to the governor. The Smiley bill providing for county convention of delegates from each township to take into consideration the improvement of the public roads in the respective counties is on the calendar for third reading under the head of postponed bills. Owing to the passage of the Finn bill, Mr. Smiley's proposition will hardly be passed.

The house concurred in the senate amendments to the bill providing that none but citizens of the United States shall be employed in the erection of any public work. The senate amendments provide that the provisions of the act shall apply to any public work on which the cost thereof is met in whole or part by assessment for benefits.

The Hackenberg bill allowing corporations to lease their franchises was defeated. This is the second time this measure has been rejected, and the third time it has met defeat. It passed the senate several weeks ago and was defeated last night in the house. This morning the vote by which it was killed was reconsidered and once more the bill went down. Its advocates have abandoned all hope of passing it this session.

The bill allowing school authorities to throw open the yards of school houses in the cities for the use of the school children for recreation purposes was called up out of its order and passed finally without a dissenting voice. These bills were also passed finally. Regulating the advertisement notices required to be published in cities of the first class, providing for the manner of ascertaining, determining, awarding and paying compensation and damages in all cases where municipalities may hereafter be authorized by law to make use of appropriate private property for the purpose of making, enlarging and maintaining public parks within the corporate limits of such municipalities.

Court Bill Passes Second Reading. At the afternoon session of the senate the revenue bill was recommitted and the superior court bill amended, increasing number of judges from five to seven, one of them to be a Democrat. The court must meet at least once a year in Philadelphia, Pittsburgh, Harrisburg, Scranton and Williamsport. The bill then passed second reading. The house passed finally senate bills making it compulsory for municipalities and others to purchase the electric light plants in existence before new ones can be erected. The senate committee on education this morning killed two very important bills—the Smith bill providing for the distribution of the school fund, and the bill to give women school teachers the same salary as men when they do the same work.

SHOT BY A LOVER.

Fred Smook Riddled by an Unseen Assassin and May Die. Terre Haute, Ind., June 5.—Fred Smook, a young farm man from Little township, was shot about 10 o'clock last night by an assassin. Smook called at the house of a neighbor named Pennington and spent the evening with the latter's daughter. At 10 o'clock he started for home. When within a hundred yards of his employer's residence he was shot. He saw a man running away, but cannot say who it was. Smook managed to get into the house and a physician was sent for. More than 100 shot were taken from his back, and today he has been having internal hemorrhages, which may cause his death. There seems to be little doubt that the shooting was prompted by jealousy. The man suspected is a member of a highly respected family, although he does not bear a very good reputation.

DEMOCRATS AND SILVER

Large Representation of the Illinois Party Meet at Springfield. As Modest as Saul Until Seeking Counsel from the "Familiar Spirits" of Wall Street—Now Gunning for Davids.

BRYAN DENOUNCES CLEVELAND. Springfield, Ill., June 5.—This morning's trains slightly augmented the number of delegates to the Democratic silver convention, and the prospects of it being a success were correspondingly increased. At one time it looked as if the convention was holding back, and that the representation outside of the city districts would be so small as to seriously affect the standing of silver in the state of Illinois, but all fear of this was at an end when the delegates representing in the commodious hall of representatives in the capitol at noon today. Secretary of State Hinrichsen, by virtue of his office as chairman of the Democratic State Central committee, called the meeting to order.

The committee on temporary organization reported. In opening the convention Mr. Hinrichsen stated the object of the convention. Ex-Congressman W. J. Bryan addressed the convention and stated his well known views in favor of free silver. In speaking of Mr. Cleveland, Mr. Bryan said: "I am not regretted that the first Democratic president since the war should become the trusted instrument in the hands of concentrated wealth, the official head of the 'communism of profit.' When he was found unworthy of the trust as shown by his conduct among his fellow men, his good conduct, but since he has sought counsel of the 'familiar spirits' of Wall Street he has tried to take the political life out of the silver cause." Grover Cleveland is not the Democratic party—Democracy is greater than any man. It will exalt him who rightly interprets its truth, but it will cast him down who seeks to wear its livery and yet sets it aside.

Uran Bill Passed. When Temporary Chairman Crawford had finished his brief speech, a delegate from one of the county towns started the movement to keep all abuse of Cleveland or praise of Altheid out of the convention, by introducing a resolution that all resolutions of a political nature offered to the convention be received and referred to committee on resolutions without being read. Mr. T. J. McCarty, of Danville, was on his feet in an instant, and strenuously objected to having what he called the rag law applied to the convention. He wanted any resolutions introduced to be read. It was evident this was a trap for the reforms in Armenia, in fact in an instant, and strenuously objected to having what he called the rag law applied to the convention. OWED 35 CENTS 30 YEARS.

The Governor Sends a Check That Will Never Be Paid. Albany, N. Y., June 5.—After more than thirty years Richard W. Allen, of this city, has effected a settlement with the United States treasury department. During the late civil war he served in the navy as landsman, and the final settlement disclosed the fact that Uncle Sam was indebted to him 35 cents, which he received yesterday by check from the navy pay office, at Washington.

THE HERALD'S FORECAST.

Weather Predictions for the Middle States. New York, June 5.—The New York Herald's forecast for middle states for June 6 follows: In the middle states and New England today, fair, cool and less sultry weather, fresh northwesterly to westerly winds will prevail, followed by rising temperature in this section. On Friday in both of these sections warmer, clear weather will prevail, possibly preceded by light frost in northern New England, with fresh westerly and southwest winds. Maximum temperatures about 90 degrees in this section and on Saturday fair, warmer weather.

BELLEFRONTE'S CENTENNIAL.

Three-Day Celebration Opened Last Evening. Bellefonte, Pa., June 5.—Bellefonte's three day centennial celebration opened tonight with the Central Pennsylvania District Fireman's association convention, at which the following officers were elected for the ensuing year: President, W. L. Johnson, Dubois; secretary, W. A. Moore, Curwensville; treasurer, F. C. Waltz, Bellefonte. The convention will go to Clearfield next year.

STATE SNAP SHOTS.

Monday night's storm uprooted many forest and fruit trees in Berks county. A lot of shoes, evidently stolen from an Altoona store, have been found hidden in Poststown. Stone Mason Enos Mattes committed suicide by drowning while temporarily insane at South Eastern. For the third time in its history the Pennsylvania Steel works, at Steelton, is rolling heavy rails, 100 pounds to the yard, for the "Penny".

After an exciting four days' trial Dr. Vesper, tonight was exonerated, at Carlisle, of the charge of holding Miss Helene Stockton, who had once been in Fitzpatrick's employ, but recently at the Warsaw hotel, Thunderbolt. Fitzpatrick went to see the girl to-day, but he was drunk and she refused to meet him. Later Louie called to take a horseback ride with Miss Stockton, when Fitzpatrick became frantic.

LUATHERANS' CONVENTION.

Delegates to the General Synod Arriving in Hagerstown. Hagerstown, Md., June 5.—Delegates to the general synod of the Lutheran church arrived here today. They are expected to arrive in the city tomorrow morning. Business sessions will be held each day and meetings at night will be devoted to special interests of the church.

ARREST OF BIRMINGHAM.

Editor of Fourth Estate Accused of Criminal Libel. New York, June 5.—Ernest F. Birmingham, editor of the Fourth Estate, was arrested this morning on a charge of criminal libel, brought by the United Press. He is taken before Justice McMahony and appointed to the custody of the police. He is held in the custody of his counsel until 2 o'clock, when he promised to furnish \$500 bail.

MICHAEL A DEFENDANT.

Sued for \$100,000 Damages by the United Press. New York, June 5.—Clayton McMichael, proprietor of the Philadelphia North American, was served with a complaint in libel this morning in a libel suit brought by the United Press in the supreme court, the amount sued for being \$100,000.

KENTUCKY REPUBLICANS.

Louisville, Ky., June 5.—The Republican state convention met here today and effected a permanent organization. Pending the reporting of the committee on resolutions, the convention adjourned until 7:30 p. m.

TELEGRAPHIC TICKS.

Thieves who got into Casper, Berry & Co.'s liquor store, at Boston, made a \$3,000 haul. The life of a vicious dog caused the death of Miss Mollie Shirley, in Spencer county, Ky. Indictments were found at Toledo against County Commissioners Knight and Gibson for obstructing justice. While leading a drunken gang that defied the police, James Toner, aged 34, of Baltimore, was fatally shot by Patrolman Howe.

BLOODSHED OVER A WOMAN.

A Saloon Proprietor Killed by his Son. Savannah, Ga., June 5.—Phil Fitzpatrick, proprietor of the Gaiety theater and saloon, was shot and killed tonight by Charles D. Lou, an attorney of Mount Vernon, Ga. Both men were enamored of Miss Helene Stockton, who had once been in Fitzpatrick's employ, but recently at the Warsaw hotel, Thunderbolt. Fitzpatrick went to see the girl to-day, but he was drunk and she refused to meet him. Later Lou called to take a horseback ride with Miss Stockton, when Fitzpatrick became frantic.

MORE TROUBLE AT JIDDAH.

There Are Fears That Bedouins Will Attack the Town. EUROPEANS SEEK THE SHIPS. They Hoard Merchant Vessels in the Harbor—Command Regulations It Is Alleged Have Been the Cause of the Trouble.

Constantinople, June 5.—Advises received here from Jiddah, Arabia, where the consular officers of Great Britain, Russia and France were recently murdered, announce that it is feared the Bedouins will attack the town. The latter are held responsible for the attack upon the consuls which resulted in the death of the British vice-consul, and a number of them were arrested in consequence. This has augmented the Bedouins' demand for the release of those arrested, threatening to use force if their demand is not complied with. The situation is so serious that the Europeans of Jiddah are hastily seeking refuge on board the merchant vessels in the harbor, taking with them all they possibly can of their belongings.

SONS OF VETERANS' CAMP.

Towards and Gettysburg Are Running a Race for Next Year's Camp. Allentown, Pa., June 5.—The fifteenth division encampment of the Sons of Veterans of Pennsylvania was opened in Central Market hall this morning by Commander C. L. John, of Mount Carmel. Two hundred and twenty-five delegates from the Sons of Veterans of various classes, officers recruited from the army and navy, were present. Fred Row, of Reading, was appointed acting adjutant. All the other officers were present. Committees were appointed on credentials, constitution and ritual, and the body adjourned for the noon recess.

The Ladies Aid society also met this morning, their meeting being held in Central Market hall. President Pauline Dehaufre presiding, and seventy-five delegates being enrolled. Committees similar to those of the men's organizations were appointed. Resolutions of instruction followed and badges were distributed. Two hundred and forty delegates were enrolled as present at this afternoon's session. Reports of officers were read, showing the order to be in a flourishing condition with a good increase over last year.

Excitement in London. London, June 5.—There was much excitement in London and at the foreign offices last evening on account of the receipt of the despatches announcing that the Turkish government had refused to agree to the reforms in Armenia demanded by the representatives of Great Britain, France and Russia. All the foreign office officials, including the Earl of Kimberley, were at their posts last night and met again at the foreign office today. There is a strong belief here that the reply of the Porte was purposely drafted in unfavorable terms in order to raise time. The Sultan is invisible during the Balkan, one of the two great Mohammedan festivals of the year, which has now begun. The powers, it is now asserted here, will address a stronger note to the Porte and back this up by a naval demonstration.

JAPAN MAY ANNEX HAWAII.

Life of the Republic Will Be Brief Unless Uncle Sam Comes to Its Aid. Omaha, Neb., June 5.—Major Mortimer Higley, of Cedar Rapids, Ia., on the way home from Hawaii, Higley, who is an intimate friend of President Dole and has been in the republic some time, asserts that the life of the present administration is limited unless the aid of the powers come to its rescue. He says: "They have a thoroughly organized republic in every part, but the more intelligent classes realize that it is a provisional one necessarily. The sentiment in favor of annexation is strong. The most kindly feelings are cherished toward the United States among the natives as well as the rest of the population. I would that if the United States does not annex Hawaii, the effect of the late war was on Japan. It made her jubilant and self-confident. She has 10,000,000 citizens in the island who have settled there. Besides, the Japanese are restless under Hawaiian government because the government does not allow the orientals to participate in public affairs. The balance of the population, however, are allowed to vote, with some property and educational limitations."

WASHINGTON CHAT.

Secretary Herbert called for Annapolis yesterday on the Dolphin to attend the graduating exercises. Interstate Commerce Commissioner Veasey has been confined to his house for a week past, the result of overwork and dyspepsia. C. R. Morton, of Bangor, Me., fourth auditor of the treasury, is said to be booked for removal for attempting to criticize the administration. The Mexican boundary commission has completed its work for this season, and has submitted a partial report to the state department through Colonel Anson Mills.

FOREIGN NEWS NOTES.

The French forces in Tannatava, Madagascar, are badly crippled by sickness. Ex-Queen Marie, of Hanover, mother of the Duke of Cumberland, is dying at Kissenegg from pneumonia. To escape torture at the hands of Turkish officials a prominent chief at Trebizond, Armenia, committed suicide. By a collision between the French steamer Abelle and an Austrian steamer, the latter was sunk but no lives were lost. In celebration of the Moslem feast of Bairam, Nasrullah Khan, the Afghan prince, attended religious services in the Mohammedan Mosque at London.

MRS. HUGHSON ON TRIAL.

Appears to Answer for Murdering Her Second Husband. Muskegon, Mich., June 5.—Worn and weary from weeks of confinement in the county jail, Mrs. Henry W. Hughson appeared in the circuit courtroom this morning to stand trial for the murder of her second husband, Nathan Douglas. A full day was taken to examine jurors, the people being told and the defense in turn peremptory challenges. George W. King, implicated with Mrs. Hughson, demanded and obtained a separate trial and his case will be heard at the conclusion of this trial. The people have a case against the woman than the man.
