INDUSTRIAL TOPICS.

Now that the statement of shipments of anthracite coal for the last week of May has been received it is possible, says the Stockholder, to form a more accurate opinion of the policy adopted by the powers of allowing the mines to work full time three days a week, with the fixed total for the month between 3,700,000 and 3,800,000 tons. The result can only be regarded as satisfactory, the showing (partly estimated) indicating that for the first time in many months, the agreed output was not exceeded by the producing companies. Our compilation of the returns for the month follows: First four days of May, 528,492 tons; week ended May 11, 784,862 tons; May 18, 817,823 tons; May 25, 838,371 tons; last week, 830,112 tons, making an estimated total for the month of 3,795,480 tons, or about the agreed output. The total compared with May, 1894, shows a decrease of 290,801 tons. As the companies have agreed to produce 10 per cent. less coal this month than last, the total output for June should not exceed 3,600,000, and if no more coal than this is mined, the effect upon the general anthracite market should be beneficial. The statement for last week shows a decrease in the Wyoming region of 156,266 tons and a decrease in the Schuylkill region of 1,528 tons, but the Lehigh region reports an increase of 12,742 tons; it also reported an increase for the preceding week--a fact which indicates that the Lehigh Valley was either behind its old allotment or intended securing a larger share of the business. Shipments for the year, from the three regions, aggregated 16,897,998 tons, an increase over the corresponding period last year of 2,346,903 tons. The statement in detail follows:

Regions.	Tons.	Difference
Wyoming	447,342	602,698 Dec. 156,266
Lehigh	120,429	117,678 Inc. 12,742
Schuylkill	222,350	253,578 Dec. 1,528
Total	830,112	974,164 Dec. 144,052

Total year to date 16,897,998 14,551,099 Inc. 2,346,900

Highest of all in Leavening Power.--Latest U. S. Gov't Report

THE WORLD OF BUSINESS

STOCKS AND BONDS.

New York, June 7.--A lower range of prices prevailed at the Stock exchange early in the day, owing mainly to selling orders from London and continued liquidations in the common stock yesterday. The market was quiet and the general list sympathized to some extent. Outside of Susquehanna and Western, however, the losses were by no means great. The stock named fell 1/4 per cent. from the preferred to 2 1/2 and 1/4 for the common to 7/8. The decline otherwise was 1/2 to 1 1/2, the latter in Jersey Central. Reading fell 1/2, Sugar, Northwest, Louisville and Nashville, Manhattan, Tennessee Coal and Iron each about 1 per cent. Cordage sold at the lowest figures on record, namely 1/4 for the common, 3/4 for the preferred, and 7 for the guaranteed. The market experienced a change for the better with the announcement that a dividend of 2 per cent. on the common and 1 1/2 per cent. on preferred Sugar stock had been declared. This started the short interest to covering and a rapid rise from 17 1/2 to 18 1/2 ensued. The advance was far more rapid than the early decline in a number of instances. Susquehanna and Western preferred jumped 4 1/2 to 25 1/2, common 1 1/2 to 8 1/2, Lake Shore 1 1/2 to 14 1/2, Lackawanna 1 1/2 to 16, Tennessee Coal and Iron 1 1/2 to 20 1/2. The market closed firm. In the usually active stocks the recovery was equal to 1/2 to 1 1/2 per cent. The total sales aggregated 250,000 shares.

The range of today's prices for the active stocks of the New York Stock market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scranton.

WAVERLY.

Eugene Siegel, of Dunmore, is the guest of his cousin, Warren Rhodes. A. L. Turner, of Binghamton, was a visitor here last Thursday.

Mrs. Sam Whalen, who has had a stroke of paralysis, is very low. The funeral of the late Charles A. Hunter took place from his late residence last Tuesday and was largely attended. The Rev. F. H. Parson, of the Methodist Episcopal church, preached the funeral sermon. Interment at Dalton.

There will be no services at the Methodist Episcopal church here next Sunday, the Rev. F. H. Parson holding quarterly meeting at the Methodist Episcopal church at Clark's Summit. In the afternoon the rite of baptism by immersion will be celebrated at Gravel Pond.

Scott Palmer, of Glenburn, is supplying the residents of this borough with ice every day, which is a great accommodation. Orders can be left at Martin Bold's barber shop.

D. L. Doty, who has been critically ill of appendicitis, was successfully operated upon Monday of this week by Dr. H. D. Gardner, of Scranton, and Dr. N. C. Mackey, of this place, and Dr. C. D. Mackey, of Dalton. Mr. Doty since the operation is improving and will recover.

James Armstrong, who is laid up with a stroke of paralysis, is not recovering very rapidly.

Miss Alice Edwards has returned to her home, at Hyde Park, after a pleasant visit with her cousin, Miss Jennie Challis.

George White, of Tunkhannock, was a visitor here Thursday.

John Wall, of Scranton, was a caller here last Thursday.

George Clifford has been doing jury duty this week.

The annual election of officers of the Waverly school board took place last Tuesday with the following result: Dr. N. C. Mackey, president; John Hall, secretary, and Lester Stone, treasurer. At a recent meeting of the Waverly Reading circle, at the home of the Misses Winchel, the following officers were elected: Instructor, Professor F. C. Hansen; secretary, Miss May Browe; treasurer, Miss Fanny Sherman.

Will our council not profit by that terrible fire at Dalton and devise some means to prevent a like occurrence here? True, we have no water facilities here, but there are chemical engines, and Waverly ought to be supplied.

Miss Cora Relp is visiting friends in Scranton.

M. W. Bliss, sr., who returned from his trip to Florida quite ill, is convalescing.

THE BELL

Nottingham, Tambour, Irish Point, and Brussels Curtains, in one, two and three pair lots; patterns that cannot be duplicated.

Also short lengths of light and heavy drapery silks, suitable for furniture coverings and porteries, at one half their value.

YOU NEED CLOTHES

Hood's Sarsaparilla Restores Strength and Bodily Vigor.

The cause of that tired, weak, nervous condition in which so many people find themselves, is the failure of the blood to properly nourish the nerves and tissues. Feed the nerves upon pure blood, and they will be steady and strong. Read this: "It is with pleasure that I recommend Hood's Sarsaparilla as an excellent nerve tonic and blood purifier. I have taken it more than once and am taking it now. I was tired, my body ached, and I felt very badly all over. I was afraid I would be sick. I thought I would take Hood's Sarsaparilla, and it has cured me, and I find that it is cheaper than the doctor's bills. Hood's Pills are the best I have ever taken and I use no other. I am glad to have an opportunity to recommend Hood's Sarsaparilla." Mrs. C. H. VENABLE, Keithsburg, Ill.

Hood's Sarsaparilla

Be sure to get Hood's Cures

WOMAN!

Her Weaknesses and All Diseases Peculiar to Her Sex--If You Want to Find Permanent Relief Consult Dr. F. B. Smith and Staff, at 312 Wyoming Avenue, the Most Powerful Magnetic Physio-cian Living.

There is no organ in the female body that has received the same amount of medical attention as the womb and its appendages, and there is no organ in the body that has been so tortured and abused. When a lady consults the average physician she is told her difficulties arise from womb troubles, that there is a displacement, an inflammation, an enlargement, or an ulceration that is at the bottom of all her bad feelings, and he begins to operate as follows: If there are any lacertations there must be operated on, or if the neck is a little out of line there must be an incision made in it. After the organ is in its proper position a pessary must be inserted to hold it in its proper position. This instrument of torture is worn until the poor victim can endure it no longer, and she goes through a course of cauterization until her health is nearly ruined. The cauterization is usually followed by cotton tampons, which are removed as often as once in twenty-four hours in order that two or three gallons of hot water may be used to allay congestion and inflammation, and a patient will go through this abominable sort of treatment until she becomes a confirmed invalid, as cauterization of the womb causes induration with enlargement of the womb, while the excessive use of hot water will cause a thickening of the mucous membrane that comes in contact with it. It is all right to use hot water but too much is worse than none at all. If the average doctor would stop the abominable act of cauterization, and give nature a chance, there would not be one sick woman where there are ten today. Ladies, if you are sick stop this kind of torture and if you or any of your friends are suffering from any form of tumor, superfluous hair or birth marks, go to Dr. Smith and Staff, at 312 Wyoming Avenue, and be cured without the knife, pain or detention from business. Consult Dr. F. B. Smith at 312 Wyoming Avenue, Office hours, 9 a. m. to 9 p. m. daily. Consultations free.
