### EASTERN LEAGUE.

Yesterday	's Results.
Scranton 14 Wilkes-Barre 7 Syracuse 14 Rochester 11	Springfield Buffalo

All of yesterday's games tended to bring the leaders and tailenders closer together, but the only change in position is caused by Rochester's 10-inning win from the Canadians. This sends the former up out of the eight hole, which they have filled for a month. Wilkes-Barre pitched Betts, a utility player, against Springfield successfully, and Scranton won by an eyelash in a Brady and Delaney, McAuley's wild throw and a single by Radford. Buffalo in a game which saw four pitchers in the box.

### IT WAS EXCITING.

Umpire, Players and Spectators Become Mixed In Yesterday's Game With Providence, Which Scranton Won by a Small Majority-"Cub" Stricker Ordered from the Grounds.

If ever things were mixed up at a base ball game, that same happened yesterday when Scranton won from Providence by one tally in a 10-innings game. When it was all over nobody Scranton ...... 2 3 1 0 5 0 2 0 0 1-14 could exactly tell how it happened, and Providence .... 0 1 0 2 1 3 5 0 1 0-13 even the detailed score cannot be used for the translation of the game. day invites such a comment, which is the general opinion of the majority of the 800 persons who saw the game.

That the contest was exciting is a mild statement. It was turbulent from the start to the finish of the ten innings, during which Scranton scored 14 runs and the Champions 13. Province received a little the worse of Hurst's elastic judgment, both on the Betts Pitches Good Ball for Wilkes-Barr rebellion by the players and a threatened riot by the spectators made things decidedly lively in the sixth inning. With two runs in, one out and a runner on first Cooney hit a sizzling grounder inside third bag and along the foul line. Cooney reached second, but

Hurst called it a foul hit. Manager Murray Objected.

Captain-Manager Murray and "Cub" Stricker protested in language so vigorous that Stricker was fined \$10 and Murray ordered to the bench. Stricker continued to kick and was ordered out of the game. Meanwhile the crowd was roasting Hurst and continued to do so after play was resumed, when Hurst heard Stricker "lacing" him near the bench. Time was called and Stricker ordered from the grounds.

Murray objected to Hurst's language and manner and the umpire walked to the bench where Stricker was standing and pushed him toward the gate. Blows would have been struck but for the arrival of one of the association's freak policemen and the interference of bystanders. Stricker accompanied the poturned to the bench. He was replaced at second by Dickson, who had been catching, and McAuley went behind the plate. The commotion put the specta tors on the tip-toe of excitement, and Hurst was unmercifully roasted until the finish.

Quarles was in the box for Scranton and appeared to be in good form until Earle, 1b..... Diggins, cf..... the sixth inning, when a triple, two doubles and a single were made off Smith, 3b..... McMahon, ss..... him and three earned runs scored. It was at his own request that he was laney. Until the sixth inning only six scattered hits had been made off him. He had sent three to first on balls and was beginning to weaken.

Delaney was batted all over the grounds in the seventh, but he after-ward pulled himself together and kept 

off his delivery.

### NATIONAL LEAGUE.

Only Pittsburg, Chicago and Boston of the leading division of National league clubs hold their positions as a result of yesterday's games. Boston won from the Pirates, as did Chicago from the Orioles, which breaks the tie of the latter club with Boston in third position, and sends the Orioles down to fifth. The Spiders go from fifth to fourth by winning from the Senators, and the Reds drop from fourth to sixth by losing to the Bridegrooms. Third Baseman Whitehead. One of the most valuable players on the Scranton team and one who is a great favorite with the cranks is James E. Delaney, pitcher. JAMES E. DELANEY.

One of Scranton's Pitchers most of the games won. His style of pitching is of the kind most dreaded by batsmen: Seldom does he throw two balls of a kind in succession, dement until the last man was retired in the ninth inning. Buffalo batted Day out of the box in the second inning and the home team continued to pound Vickery until he was forced to retire at the end of the sixth inning. Kilroy,

With the Demorests, of Williamsport, in 1892 and 1893, he Callahan, Springfield., proved invincible, and in 1894 was taken Vickery, Buffalo...... by Binghamton. With the close of the month of May nearly a quarter of the Eastern league season was finished, which Scranton in sixth position and among the tailenders. however, had played in only six games, so the comparison hardly seems fair to Scranton's second basemen. The other Scranton players occupied positions in the batting average list as follows: Whitehead, twenty-third; Clark, forty-sixth; Delaney, fifty-first; Rogers, sixtleth; W. Johnson, sixtysixth; Brown, sixty-ninth; Sweeney, seventy-fourth; Brady, eighty-third, Houle, eighty-sixth; Radford, ninty-second. It will thus be seen that only three of Scranton's players are among the first fifty hitters of the league.

Eurekus Defeated at Moosic. In a hotly contested eight-inning game idence, were defeated by the Moosic club by the score of 11 to 12. The fielding of the losers was poor. Catcher Regan saved his

team from a severe disgrace by batting out two home runs with men on bases each time. The battery of the Moosic club was Kelly and Callaghan, and of the Eurekas, Frank Regan and Phil Regan. The Eurekas are anxious to play the Minooka club on June 9. Answer through The

Pitcher Eagan was fined \$10 for an overanxiety to argue balls and strikes. The Phillies do not win many games in which they don't score in the first inning. Lush is certainly playing as good ball as

any outfielder in the Eastern league, and Rochester has a prize in him. The Pittsburgs have a hold on Pitcher

Knauss, the ex-New York twirler, will be in the box for Scranton today. Rogers will catch him. Lovett and McAuley will be the Champions' battery.

Kilroy, of Syracuse, heads the batting average list of 100 players, while Ward, of Scranton, is second. Kilroy, however, head the batting average list of 100 players, while word the rival girl student classes. They have the batting average list of 100 players, while are said to play a very fair game. Wooster university has two baseball

playing great ball with Atlanta in the Southern league, hitting the ball freely and putting up a good fielding game. Before Anson left New York he made a bet of \$500 with President Freedman that the Chicagos would beat the New Yorks out in the race. The money is up, at least the men say so.

Lush, Rochester's center fielder, is making himself famous. For the last two or three days he has been putting up a star game in the field and at the bat. His very presence is enough to send the bleachers into fits. It is even rumored that he may get an offer from Philadelphia, where his prowess has been heard of.

the job of managing the Scranton ball club that he yesterday made such notoriously unfair decisions and acted so much like a misfit, then he should not be permitted to appear another time on a Scranton ball ld. If, on the other hand, his work was the result of incompetency, he ought to be dropped from President Powers' staff, without a moment's delay. Umpiring like that which Hurst did yesterday severely hurts base ball; and self-respecting managements ought not to tolerate it.

At dinner Thursday Anson said: "My men have made fourteen hits and have only two errors charged against them. These other stiffs have seven hits and six errors. Yet they take the game. Have I no redress in this matter?" The sergeant in charge told the "Grand Old Man" of baseball that it was evidently a bad case but that he obviously could do nothing for him. Whereupon "Pop" ate three plates of ice cream, two angel cakes, drank three large glasses of ice water, and Well, they won't get away with it this a prophecy which was only afternoon," a pro too sadly fulfilled.

DAVID MORRIS BADLY INJURED

Part of a Foundation Wall Fell Upor Him-Lecture of Prof. George Howell on the Moon-Bertle Stevens

Entertained His Friends.

Burled beneath tons of dirt and large stone wall David Morris, of Keyser Valley, was perhaps fatally hurt yesterday afternoon, while at work on Luzerne street, Mr. Morris is employed by Contractor Reese Reese in rebuilding the stone wall which surrounds the charred ruins of a house at Luzerne street and Hyde Park avenue, which was burned down some time ago. This wall is twenty feet high and is made of large stones, over a foot in thickness. Under the shadow of the wall, on the outside. Morris was loading a wagon with dirt taken from around the foundation.

This work loosened the mass of stone and it suddenly fell toward where Morris was standing, crushing him against against the wagon, his left arm being nearly lopped off by pressure against the wheel. He was taken home, where Dr. Reynolds examined him and innumerable bruises, but the worst hurt is supposed to be of an internal nature. The accident occurred

### Young McHugh Again Missing.

Andrew McHugh is again missing. I will be recollected that early in May this boy ran or was entired away from his parents, Mr. and Mrs. Richard Mc-Hugh, of North Main avenue, and a diligent search was successful only after four days' endurance. Twice since that time has young McHugh left home without his parents' knowledge; once he was found in Wilkes-Eagan, of Providence, and may secure Barre. These escopades were kept "Big Mike" Mahoney, of Georgetown unifrom the public by the father, who himself, did all the searching. This time the most extreme efforts have been made to discover the lad's whereabouts, but so far have been without fruit, and at last Lieutenant Williams Old Joe Hornung and Willie Calihan are parochial school on Sumner avenue and has not since been seen. Mr. Mc-Hugh says that he does not understand his son's wandering tendencies, as the young fellow is of a steady disposition. The lad is about 11 years of age.

### Lecture Last Evening.

Professor George Howell lectured last night before many members and friends of the local Royal Arcanum lodge, in Harri Garri hall on North Main avenue. The subject was "The Moon," and was dealt with under seven heads in the following order: General description of the solar system; history of the word luna; martyrs of science who have died for statements made concerning the lunar mystery; imaginary trip to the moon or bridges, by express, by telegraph, cannon ball and other phases; general description of the moon's surface; false quotations by famous men on the moon; union and friendship of science and religion. In addition to the lecture Professor Howell answered twenty-one questions which were asked him concerning the moon and its different features.
