THE WORLD OF BUSINESS

STOCKS AND BONDS.

New York, June 8.--Speculation at the Stock Exchange was quiet today, but firm. Transactions were only 24,000 shares. Susquehanna and Western were again pressed for sale, the common falling 5/8 and the preferred 3/4 to 2 1/2. Subsequently the latter rallied to 24.

There was very little to the railway list, except its strength. The Industrials, Chicago Gas, Distillers and Lead were firm. Cordage was heavy and Sugar irregular. There was very little news about to affect speculation, which left off quiet but firm. Not changes show advances of 1/8. Tennessee Coal and Iron and Hooking Valley gained 1/4; Sugar lost 1/4, and Susquehanna and Western preferred 2 per cent.

The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by C. du B. Dimmick & Son, 40 Wall street, New York, Co., stock brokers, 412 Spruce street, Scranton.

INDUSTRIAL TOPICS.

The coal tonnage of the Reading last month, according to the company's statements, indicates a total of 1,062,471 tons, an increase compared with May, 1894, of 31,542 tons. It is known that the company's percentage of the total coal produced last month is nearer 22 than 21 per cent.

The Lehigh Valley Coal company has decided to pay its miners for the last half of the year, commencing at 6 1/2. The Philadelphia and Reading Coal and Iron company, they refused the additional 5 per cent, leaving the rate the same as it was last month.

It seems almost impossible, says the Philadelphia Press, to get all the coal-carrying companies to come to unanimous agreement. At the last anthracite coal sales agents' meeting the various companies outside of Reading were willing to make the output for June 10 per cent. less than it was in May, but nothing was done. Later the Reading company signified its willingness to agree to a 10 per cent. reduction and now the Delaware, Lackawanna and Western refused to assent. It taking the stand that there was no need for the additional restriction and even if there were, it could not be enforced.

Philadelphia Press: The Reading company, as a corporation, has never in a worse situation than it is today. It has an honest management, but it is not earning any returns on its \$10,000,000 worth of securities. The port of this statement is not likely to be fully conceived at once. Think of it! What can be done under such circumstances? It is evident that something must be done. The company is now in the third year of its third receivership. Some \$20,000,000 to \$25,000,000 are needed to relieve it, and pending that relief obligation is piling up to the detriment not only of the junior securities, but to the holders of those obligations which

CARBONDALE.

Saturday morning a serious accident happened to Irving Travis, who resides at 16 Clune street, this city. Mr. Travis is employed as a brakeman on the Erie railroad, and not being on duty Saturday he went to Uniondale to fish. On his return, he went to the station at Uniondale, when a Delaware and Hudson coal train in charge of Conductor Ruel Hampton came along. Mr. Travis attempted to mount the train to ride to this city. His hand slipped and he fell under the wheels, which ran over both feet. The right foot was smashed at the instep, and the left one was run over at the ankle and badly mutilated. The train was brought to a standstill and the injured man carried to the caboose and brought to Union depot in this city, from where he was taken to Emergency hospital to await results of the accident. It is feared that amputation of the left foot may be necessary.

Pottsville and Carbondale will play ball at Anthracite park this afternoon. The game of base ball between students of Wood's Carbondale Business college and students of the high school resulted in a victory for Woods', score, 22 to 7.

Miss Lottie Andrew, of Park street, will leave on Wednesday of this week for a four month's visit with her sister, Mrs. W. H. Dennis, in Bradford, Pa.

The members of the Church of the Good Shepherd of Green Ridge enjoyed a picnic at Farview on Saturday. About 300 persons made up the party.

The Young Ladies' Fraternity held their monthly meeting at Farview on Saturday. Those who made up the party were Mrs. Thomas L. McMillan, Mrs. Charles A. Birt, Mrs. A. W. Burdick, Mrs. H. H. Hannon, Misses Gertrude Raynor, Frances Daley, William Abbott, Elizabeth Seery, Louise Williams and Josephine Burr.

Yesterday, Children's Day, was observed in the Second Presbyterian church, and a pleasing programme was rendered.

HONESDALE.

M. K. Purdy, W. W. Frank and M. K. Hardenden, of Carbondale, were in town Saturday in the interest of the race meet of the Carbondale Cycle club to be held at Anthracite park June 27. Tickets were left at the stores of Gardner Brown, Dietrich and C. T. Chambers. The fare from Honesdale to Carbondale and return including admission to the grounds, is \$1.10. The admission to the grounds alone is 50 cents. The meet is on the national circuit and will be attended by all the crack men. Sanger, Thus, Bald, Simms and others have already entered. Local races have entered the class A events. Champion Fred Dietrich, of Honesdale, has entered all the class A events and will uphold the honor of Wayne county.

The Opera House was completely filled by friends of the graduating class of the Honesdale high school Friday night. The following were graduates: Essays--"Great Men on a Bust," Harriet B. Remsen; "Music of the Meadow," Mame T. Shanley; "How Much Depends on Little Things," Edith K. Swift; "Wishes, Troubles and Tribulations of Mother Earth," Ethelene Lyons Wilcox; "Day Dreams of Our Class," Agnes Madeline Haver; "Reveries Out of Cloudland," Anna Grace Seaman; "Superstitions," Edith Polley; "Poets and Flowers," Marcia Barrett Allen; "Philosophy of Courage," Margaret Adelaide Griffin. Orations--"Sunshine Carbonized," J. Judson Curtis, Jr.; "Veni, Vidi, Vici," Frank Hoeflein, Jr.; "The First Locomotive in America," Charles E. Condit; "The Iron Chancellor," Francis L. Skelly; "The Progress of Science in the Nineteenth Century," John F. Croghan; "Trade Unions," Raymond W. Harberbergh. After the invocation the graduates were given a reception at city hall, which was handsomely decorated for the occasion.

Mrs. Walter Adams, of Chicago, is visiting her parents here.

Miss Lulu Mench has returned to her home at Pottsville to labor at the public schools as teacher.

Miss Grace Smith, a former teacher in the high school, is visiting friends here.

Dr. C. A. Dushbene has returned home from his fishing trip in Maine.

WOMAN!

Her Weaknesses and All Diseases Peculiar to Her Sex--If You Want to Find Permanent Relief Consult Dr. F. B. Smith and Staff, at 312 Wyoming Avenue, the Most Powerful Magnetic Physician Living.

There is no organ in the female body that has received the same amount of medical attention as the womb and its appendages, and there is no organ in the body that has been so tortured and abused. When a lady consults the average physician she is told her difficulties arise from womb troubles, that there is a displacement, an inflammation, an enlargement, or an ulceration that is at the bottom of all her bad feelings, and he begins to operate as follows: If there are any lacerations they must be operated on, or if the neck is a little out of line there must be an incision made in it. After the organ is in its proper position a pessary must be inserted to hold it in its proper position. This instrument of torture is worn until the poor victim can endure it no longer, and she goes through a course of cauterization until her health is nearly ruined. The cauterization is usually followed by cotton tampons, which are removed an often as once in twenty-four hours in order that two or three gallons of hot water may be used to allay congestion and inflammation, and a patient will go through this allowable sort of treatment until she becomes a confirmed invalid, as cauterization of the womb causes induration with enlargement of the womb, while the excessive use of hot water will cause a thickening of the mucous membrane that comes in contact with it. It is all right to use hot water but too much is worse than none at all. If the average doctor would stop the abominable act of cauterization, and give nature a chance, there would not be one sick woman where there are ten today. Ladies, if you are sick stop this kind of torture and if you or any of your friends are suffering from any form of tumor, superfluous hair or birth marks, go to Dr. Smith and Staff, at 312 Wyoming Avenue, and be cured without the knife, pain or detention from business.

Consult Dr. F. B. Smith at 312 Wyoming Avenue. Office hours, 9 a. m. to 9 p. m. daily. Consultations free.
