RESOLUTIONS OF REGRET.
CLOSE OF THE CONVENTION

Adopted by Directors of Erie and Wyoming Valley Railroad Company.
A special meeting of the board of directors of the Erie and Wyoming Valley Railroad company was held at the office of the company at Dunmore, June 11, 1895, at 8:30 o'clock a. m., at which the following minute was adopted:
It is seldom that a board or council of those placed in direction of a trust or responsibility are called to mourn the departure by death of two of their prominent associates at so nearly the same time; and it is a peculiarly sad occasion for the board of directors of the Erie and Wyoming Valley Railroad company at this, their first meeting permitted by circumstances in the year 1895, to record our great sorrow at the demise of our prominent friends and associates, John B. Smith, president, and Edwin H. Mead, director, of this company, which occurred on Jan 16 and Feb. 3, 1895, respectively.
Our sadness is relieved somewhat by the gratification that we can place on record our tribute to their memory; in our knowledge of their great worth to the company and to the entire community, as men and officials of the highest character, of great hearts, strong minds, unselfish honor-men who lived above the for life in public duty and private thinking; kindly, courteous, earnest, without reproach, possessing the good will of all who were immediately associated with them and the community generally, and in favor with God and man.
This minute will be spread upon the records of the company, and the secretary is requested to convey to the families of our late associates a copy of the same, along with our earnest sympathy with them in their loss.

NOVEL GAS LIGHTER.

Its Use Will End Deaths by Blowing Out the Gas.
Isaac Harrison, of Franklin avenue, this city, has made application for United States letters patent through Attorney D. B. Reppelko, for a device which bids fair to make a revolution in the manufacture of gas burners.
By this device the gas is lighted by simply lighting a match and heating the burner, and if perchance any one should blow out the gas death will not result, as in the lighting of the burner immediately cuts off the gas and no harm is done.

SHE IS CRITICALLY ILL.

Fears Entertained for the Recovery of Mrs. Thomas W. Jones.
Patrolman Thomas W. Jones, of the West Side, called on May 31 for Wales on visit to his childhood home. When he left his wife was not feeling well, but nothing serious was feared.
Yesterday she was so low that her friends became alarmed. Mrs. Ann Leyshon, of the "Bellemead," is a sister of County Detective Thomas Leyshon. The ailment is an internal one and unless a change soon occurs for the better, the patient's life is not expected to last more than a few days.

MRS. M. S. SCHOONMAKER.
A New York Woman Who Suffered for Four Years with Nervous Debility—Paine's Celery Compound Made Her Well.

"For four years I was a sufferer from nervous debility. During that time I took a great many remedies without getting any help until I tried Paine's celery compound. I took six bottles of that remedy and was cured. I cheerfully recommend Paine's celery compound."
So writes Mrs. M. S. Schoonmaker, of 80 1/2 Jane st., New York City.
Too many women needlessly suffer from nervous troubles, not only in the cities, but everywhere.
Their whole world too frequently lies inside the four walls of their homes.
Think of the many persons, men as well as women, who speak most of their lives harried with the narrow confines of their dwellings. Summer finds them pale and tired out. Their store of nervous vitality has been slowly brought down by vitiated air and sedentary life. Their whole system needs a thorough replenishing. The nerves want nourishment, the tissues are not half supplied with material for the repair of their parts, and the great vital organs must have richer blood to make them sound and active, and to keep them so. The nerves and brain need nourishment.
The power of refreshing and reviving every part of the languid body is what makes Paine's celery compound the marvelous strengthener and invigorator of this century. It is this same capacity to recruit the worn-out nervous system, to rejuvenate the blood that has enabled this remarkable remedy to help so many debilitated persons and to restore them again to firm health.
Rheumatism, neuralgia, pain in the region of the heart, debility and nervous weakness, showing itself in any of its myriad forms, are dispelled by Paine's celery compound. It feeds enervated tissues all over the body. It gives fresh vigor to the entire nervous tract, the brain, the large nerve centers in the spinal cord and the nerves themselves to their minutest ramifications.
It restores jaded nervous energy. It sends new blood coursing through the veins. It makes people well!

MOORES BRING SUIT.

They Name Two ex-Sheriffs of This County as Defendants.
William Moore and J. H. Moore began an action in trespass yesterday against ex-Sheriff Charles Robinson and ex-Sheriff John J. Falvey to recover \$200 damages.
On April 22, 1891, the plaintiff obtained a judgment against James Dodd in the courts of this county for \$445 with costs and interest from Feb. 1, 1891. Dec. 9, 1891, a fieri facias was issued against James Dodd and placed in the hands of Charles Robinson, who was the sheriff. It is charged that on account of the careless manner in which the sale was advertised it was subsequently set aside by the court.
Another writ was issued on Jan. 1, 1892, and placed in the hands of Sheriff Groves Cleveland, president of the United States, to pardon Eugene V. Debs and his associates.
Resolved, That when we return to our homes that each of us endeavor to have our respective unions petition President Cleveland with the same end in view.

ANOTHER FORM OF ACTION.

Began by Loveland and Lear Against Thomas B. Howe.
Joseph E. Loveland and Fred E. Lear yesterday began proceedings to enforce the ownership of certain land in Madison township, which they charge Thomas B. Howe, of this city, with forcibly taking from them.
Last week they applied for an injunction, but the court declined to grant the plaintiffs' remedy was not in that direction and dismissed the application for an injunction.
Yesterday they asked for a rule upon Thomas B. Howe to compel him to appear and show cause why an issue should be framed in common pleas court between them and Mr. Howe to settle and determine their respective right and title to the land in dispute.

GONE BACK TO PENITENCE.

Wayward Pittston Girl Returned to the House of Good Shepherd.
Not very long since Maggie Connolly, Pittston, 29 years old, was released from the House of Good Shepherd. She had been incarcerated there because she was wayward. After a term there, it looked as if she had left the old life behind and her parents took her home. She left them lately and it was learned that her place of abode was in this city in a brothel at 18 Lackawanna avenue. Lieutenant John Davis took her on a warrant from there late Tuesday night and Officer Loftus of Pittston, came up yesterday and with Chief Simpson, they returned her to the House of Good Shepherd again.

WAIVED A HEARING.

J. H. Laine Entered Bail and Will Answer in Court.
Instead of waiting for a hearing before an adjournment until yesterday, Lessee J. H. Laine, of Laurel Hill park, appeared at Alderman Wright's office yesterday morning and waived the hearing.
P. W. Gallagher, of the Scranton Traction company, was qualified as a bondsman in the sum of \$500 for Mr. Laine's appearance at court.

ACTION IN EJECTMENT.

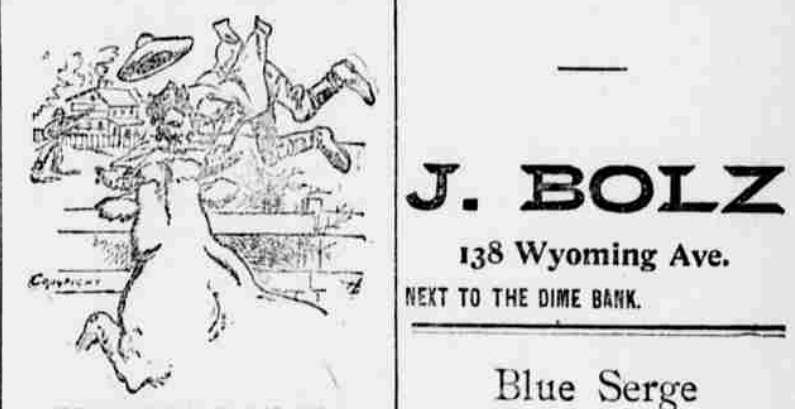

Brought to Recover Possession of Land in Winton Borough.
An action in ejectment was begun yesterday by Mrs. Elmore J. Lively and William G. Killner, executors of the last will and testament of Thomas Lively, deceased, and George F. Walsh, husband and child respectively of Mrs. Annie Walsh, deceased.
In 1884 Mrs. Walsh purchased a lot of land from Lively and Filer under a contract, agreeing to pay for it in certain stipulated installments. It is
