The Pennsylvania railroad will use upwards of 100,000 tons of steel ralls on its system this year, as it has determined upon very important repairs and improvements. Not only will the track be put in thorough repair, but a considerable portion of the main line will be provided with third and fourth tracks. It is proposed to make the end ultimately a four-track line between Jersey City and Pittsburg, and the work will be pushed from year to year as the means are provided. A number

of important improvements will be made in the way of changing grades and improving the alignment. While the anthracite coal producing companies may have been unable to agree fully as to the extent of this

"For the past two years I have been a helpless cripple. I could not walk a step and was entirely confined to my room. No one but God knows the awful suffering I endured. Every joint in my body was swollen and so painful I could not move and as night would draw on the pair eemed to increase in intensity and often became so excruciating that I could no keep from crying out in despair. How many, many nights I counted the hour as they dragged wearily and slowly by. I consulted physician after physician who falled to give me any relief. Medicines and linaments were worthless, for they did me no good. I was about to give up in lespair, when hearing of the remarkable oures that were being made by Dr. F. B. Smith and staff, the MAGNETIC PHY-SICIANS, at 312 Wyoming avenue, I de-cided to send for Dr. Smith and induce him o call at my house to relieve me of my awful suffering. The effect of his MAG-NETIC treatment WAS STARTLING. I began to grow better after the first treat-ment and in one week's time I WAS ABLE TO WALK ACROSS THE ROOOM FOR THE FIRST TIME IN TWO YEARS, I continued to improve and today I am a well woman."
