INDUSTRIAL TOPICS.

New York, June 17.—The Pennsylvania Coal company has elected the following board of officers: Samuel Thorne, president, vice the late Edwin H. Mead, depeased; G. W. Quintard, first vice president; W. D. S. Thorne, second vice president; William E. Street, treasurer, and Morris B. Mead, secretary. The old direc-tors were re-elected and in addition W. D. 8. Thorne was given a place in the board. The Philadelphia Stockholder of yesterday says: "The announcement that the Steel Rail Makers' association (which is a pool to control prices and output of steel rails in this country) had advanced prices to \$24 per ton, to take effect on or before July 1, attracted favorable comment on Saturday. It was generally con-ceded that the advance was due to an increase of railroad orders and an appreciation in raw material. The Cambria Iron company was the first to be credited wit demanding the advance, and while officials of the company declined to make any statement regarding the matter, it is given

on good authority that \$24 per ton is now the ruling price for the company.

The new president, Mr. Hopkins, of the New York, Susquehanna and Western Railroad company, is about 50 years old, and entered the railroad business in 1867. After serving as an operating officer of several small roads, he was made vice dent and general manager of the until 1889 he served as an executive officer of the various roads in what was known as the Gould system. He is at resent the receiver of the Chicago and Northern Pacific Railroad company. Some idea of the decreased cost of rail-

road maintenance since the war can be gained by a review of the decline in steel rails. In 1868, the first year of their manu facture, the average selling price was \$158.50 per ton. During this time iron rails average \$70%. During the past ten years combinations of one kind and another have kept the prices proportionately above the values of other iron and steel products. In the table which follows is given in dollars the average cost in tons at mills of rails during each year over the period

STOCKS AND BONDS.

New York, June 16.-The bulls on stocks had very little to complain of today, the market having been an unusually broad one, with the transac-tions better distributed than for a month. The total sales were 302,000 shares. The sentiment was decidedly bullish today. Missouri Pacific was mite a feature, the stock rising a gain of 2% per cent. for the day. buying was based on a statement that the refunding of the floating debt will add materially to the value of the stock. All the southwestern issues were nigher on the belief that the harvest in that section of the country traversed by these lines will be a bountiful one. Grangers, Vanderbilts, Louisville and Nashville, Pacific Mail and Manhattan were all in request at a higher range. The anthracite coalers were heavy at one time and broke 14a314 per cent., but subsequently recovered most of the loss. Tennessee Coal and Iron was buoyant and sold up to 38 on the further advance in southern pig iron of 50 ents per ton, making the total advance since April 1, \$1.75 cents per ton. ture was given as the reason for the jump in Pullman Palace from 1731/4 to 179. The Industrials were not as active as usual. Speculation closed firm

ent, higher on the day. The anthraite coalers and New England lost

with prices anywhere from ¼ to 2½ per

Pittsburg, June 17 .- Oil closed, 150; the nly quotation here and at Oil City.

ARCHBALD.

Two religious events of particular interest to the people of this borough will ceur on Thursday of this week. On that day Rev. G. G. Lucas, D. D., of St. Thomas' church, will receive the degree of doctor of divinity from the Catholic university at Washington. It will be an event of extraordinary importance not only here, but also to the Catholic world, since it will be the first degree of doctor of divinity conferred by this university which, it is predicted, will yet rival the older and more famous institutions of the old world. The public examination preceding the granting of the degree was concluded yesterday, when the doctor lefended the theories advanced in his work, "Agnosticism and Religion," be-fore critical examiners, including Mgr. Satolli and several priests of the Jesuit order. Dr. Lucas is already honored with the degree of doctor divinity conferred by St. ble pride in Dr. Lucas' success and all will hope that he may be long spared to wear the honors he so richly deserves. On Thursday, also, John Loughran, a former Archbald boy, will be ordained to the priesthood in Baltimore. He is also a graduate of St. Mary's seminary, where he stood among the highest in his classes and won distinction as one of the most brilliant students that ever learned within its walls. Mr. Loughran lived here until about six years 150 ago, when his parents moved to Scran-

ton. His first mass will be sung in St. Peter's cathedral next Sunday. Mrs. Michael Boland, of Laurel street, died at 6 o'clock on Sunday morning. She had been ill for several months and her death had been expected for some time. The deceased was about 58 years old and had been a resident of this borough for more than forty years. She is survived by her husband, a brother, James T. White, of Providence, and three sisters, Mrs. etc., printed so well at The Tribune. Patrick Holmes, of Carbondale, and fice that they will sell goods for you. Mrs. Michael Loftus and Mrs. Thomas Kinney, of this place. She was the mother of Thomas Boland, of Olyphant; Mrs. P. McCarthy, of Carbondale; Sister Mary Martin, of Susquehanna convent, and Sarah, Katie, Lizzie, John, James and Patrick, of this place. Her funeral takes place at 10 'clock this morning, at which time high mass of requiem will be sung in St. Thomas' church. Interment will

be in the Catholic cemetery. Willie Desmond, a son of Patrick Desmond, of Pine street, had his jaw broken yesterday afternoon at the new reservoir of the Archbald Water company. He was attending to the gin used at the reservoir when a chain attached to a heavy stone broke and struck him in the jaw, breaking the bone and lacerating the flesh. The Ladies' Ald society of the Pres

byterian church will hold a lawn social in front of the church on Thursday evening. All the delicacies of the sea son will be provided and a good time is in store for those who attend.

HONESDALE.

George James, of Carbondale, passed Sunday with his parents here, making the journey on his wheel. Miss C. Louise Hardenburgh re

turnd home from Lynchlarg, Va., yesterday, where she has been teaching music in a ladies' seminary. She was accompanied from Washington, D. C., by her father and brother, Raymond, who had gone there to meet her Rev. Mr. Mills, of Wilkes-Barre, preached in the Presbyterian church, Sunday.

Nearly all the boats in the Delaware and Hudson basin have been loaded and the arrivals are slow. bracelet chanced off by Clark & Co.

Miss Sarah Sly returned home from her visit with Scranton friends Saturday. Horace Collum and Patrick Dunnigan ode to Port Jervis and back, 100 miles,

Relief in Six Hours. Distressing Kidney and Bladder dis-eases relieved in six hours by the "New Great South American Kidney Cure." Nervousness

Is only another name for impure blood, for no person is weak and nervous whose blood is perfectly pure. When the blood is full of the germs of disease, and lacking in the red cor puscles which give it vitality, when it fails to properly nourish the organs and tissues of the body, what can you expect but that tired feeling and nervousness?

Of course Scrofula, Salt Rheum, Catarrh and Rheumatism are universally recognized as blood diseases, for which Hood's Sarsaparilla, as the best blood purifier, is everywhere acknowled the greatest remedy.

Therefore, as Hood's Sarsaparilla cures all blood diseases, it is the best remedy for that condition of the blood which causes Nervousness.

It is a false idea to think you are curing your nervousness when you are taking a preparation which only quiets your nerves! It is like trying to "drown" your sorrows in the flowing bowl. They are sure to return. We wish to make most impressive,

then, this truism: You cannot purify your blood by DEADENING OF QUIETING YOUR nerves with opiate, narcotic or nerve compounds. If you take such articles you are only TRIPLING with your troubles. There is sure to be a REAC-

TION which will leave you worse than you were before. Why not then, take the true course. follow the bee-line to the state of health, purify your blood and cure your Nervousness by taking

HOOD'S Sarsaparilla

READ

One of the Marvelous Cures Now Being Performed by

Dr. F. B. SMITH

And Staff, 312 Wyoming Ave. The Most Powerful Magnetic Physicians Living. A Helpless Cripple for Years.

Mrs. Annie Krueger, who resides on Drinker street, Dunmore, when inter-viewed, made the following startling an-

"For the past two years I have been a helpless cripple. I could not walk a step and was entirely confined to my room. No one but God knows the awful suffering I endured. Every joint in my body was swollen and so painful I could not move, and as night would draw on the pair seemed to increase in intensity and often became so exeruciating that I could not keep from crying out in despair. How many, many nights I counted the hours as they dragged wearily and slowly by. I consulted physician after physician who failed to give me any relief. Medicines and linaments were worthless, for they did me no good. I was about to give up in despair, when hearing of the remarkable cures that were being made by Dr. F. B. Smith and staff, the MAGNETIC PHY-SICIANS, at 312 Wyoming avenue, I decided to send for Dr. Smith and induce him to call at my house to relieve me of my awful suffering. The effect of his MAG-NETIC treatment WAS STARTLING. began to grow better after the first trea ment and in one week's time I WAS ABLE TO WALK ACROSS THE ROOOM FOR THE FIRST TIME IN TWO YEARS. I continued to improve and today I am a well woman." Mrs. Krueger is loud !n her praises and recommends any one suffering from any form of disease to consult

from 9 a. m. to 9 p. m. daily.

THE WAY TO WIN A WOMAN

Has been man's most interesting but exclusive study since Adam sighed for Eve. We make a business of supplying the winners with "helpers"—Tell any woman she may have her pick from the largest and grandest assortment sf housefurnishings-and see how quickly she will be won-

THE WAY TO CLOTHING HOUSE, WIN THE MAN

Direct him to us and explain the ECONOMY'S system of EASY WAY TO PAY

then—he need not mind how much or little he earns each week -just keep in mind, no house will sell goods any cheaper for cash—than the Economy does on credit. We have registered that resolution, and by it we stand or fall-Buying on easy weekly or monthly payments is by no means an acknowledgment that you are poor-but it is strong evidence of your determination to save the money you have worked so hard for—and rest the burden of present needs upon your future ability to pay.
