THE REPUBLICAN LEAGUE

Gives No Definite Opinion on the Silver Question.

DOWLING ELECTED SECRETARY

It Will Now Devolve on the Executive Committee to Choose the Treasurer. The Resolutions Adopted Without a Struggle.

Cleveland, O., June 21.—It was 11 o'clock when the convention of National League of Republican Clubs was called to order today. After some discussion as to the method of selecting a secretary, J. Dowling, of Minnesota, was elected. Mr. Dowling is a member of the Minnesota delegation and one of the most active Republican workers of that state. The defeated candidates were John H. Byrnes, of Colorado; William Grant Edson, of Illinois; and T. E. Walker, of Nebraska.

The position is one involving much clerical labor, and pays \$3,000. Horace G. Knowles, of Delaware, the secretary, reported on the resolutions, a loud cry having been obliged to take a train for his home on account of urgent business. There was not even a show of fight over the resolutions. When Senator Thurston, of Nebraska, who was in the chair, put the motion on the passage of the resolutions, a loud cry of "aye" arose. Only three or four feeble noes were heard when the other side of the question was put. The resolutions in full are as follows:

Whereas, Section 3 of the constitution of the Republican League of the United States says: "The League shall not in any manner endeavor to influence the action of any national, state, county, or municipal convention, we, the delegates of the Republican League of the United States, in convention assembled, do hereby renew our allegiance to the principles of the Republican party, and pledge our best efforts for the success of its candidates at the next general election, believing that this convention has no instructions from the Republicans of the United States or jurisdiction under the constitution to frame or enact party platforms, we hereby vote for all resolutions in relation to public questions to the Republican national convention of 1896, with entire confidence that its action will result to the prosperity of our people and the continued glory and advancement of our country."

VERDICT FOR THE GOVERNOR.

He Is Awarded \$3,000 in His Stander Suit.

Johnstown, Pa., June 21.—Governor Hastings today got a verdict for \$3,000 against City Solicitor Francis Joseph O'Connor, of this city, for slander. The whole case was disposed of in about five hours and it was devoid of any sensational interest. Yesterday there were rumors that the action of Governor Hastings against the Johnstown attorney would not come to trial and there was talk of an amicable arrangement outside of court and today's character of the case and today's verdict were entirely without foundation, although the case was actually called and the prosecution brought in a lot of testimony in vindication of the defendant.

It is now understood that a practical understanding had been reached and that Governor Hastings did not want anything more than a vindication. This he got in the verdict which the jury returned 6 o'clock this evening without leaving the box.

THE SPLINIX LOOKS WELL.

But Reporters Are Unable to Obtain Information from Him.

Philadelphia, June 21.—United States Senator Quay arrived here this morning from an Atlantic City fishing broom and well after his fishing trip. Senator Quay went to the Hotel Metropole, where rooms had been engaged for him, and was soon deep in the big mass of correspondence that had accumulated during his absence. During the day Mr. Quay saw a number of the local leaders, but as usual it was impossible to learn what his intentions are,

MURDER AND SUICIDE.

Harry Kroese Shoots His Father-in-Law and Then Blows His Own Brains Out.

Philmont, N. Y., June 21.—A horrible case of suicide and murder occurred here at 10.15 o'clock this forenoon in which Harry Kroese and George Jacoby are the victims.

Kroese is the agent of the Harlem road here, having filled the position for the past twenty-three years. Jacoby is his father-in-law and acts as the assistant agent. Kroese was about 42 years of age, and Jacoby 53. Kroese was in the back of the head and then killed himself by firing a bullet into his own head. The motive for the crime is a mystery, as both were on the friendliest terms.

Kroese had been discharged and the relief agent was on the train that arrived shortly after the tragedy occurred, to relieve him. There is said to be no shortage in his accounts, but that he had become careless in doing his business. Kroese leaves a wife and four children, one being a married daughter.

PRICE ON TRIAL.

Proprietor of a Well-known Hotel in a Sensational Case.

Special to the Scranton Tribune. Lewisburg, Pa., June 21.—The trial of Fred H. Pierce, proprietor of the Grand Central hotel, one of the largest hotels in the city, on the charge of keeping a lawdy house, was called this afternoon in court before Judge Lynch, and with Mrs. Kittie Schroeder as prosecutor. The case is being conducted for the Commonwealth by District Attorney Pell. Some attorneys and others, who were also present, were sworn in and the witness array with Mrs. Kittie Schroeder as prosecutor. The case is being conducted for the Commonwealth by District Attorney Pell. Some attorneys and others, who were also present, were sworn in and the witness array with Mrs. Kittie Schroeder as prosecutor.

The witnesses who appeared for the prosecution were not, generally speaking, of the most savory character. There was Mary Ann Smart, Florence Walter, Susan Stooker, and others, who swore that they had taken part in immoral practices at the Grand Central. There were also a number of young men who were sworn and stated the same. One was a boy only 17 years of age, and his testimony evidently created a great deal of feeling against Mr. Pierce.

Probably the witness who made the most fun was Colonel Orr, of Orr's dry goods house, who said in direct examination that the character of the people who went there was very bad. In the cross-examination Mr. McGovern, Colonel Orr seemed to be hunting trouble. Mr. McGovern asked him if he had not been trying to purify East Market street, and the colonel said he had not. There was some argument as to whether or not the colonel was to be charged with crime, and using every effort to keep out of jail, as you did.

The colonel gasped for breath. Then he stood up and roared at Mr. McGovern: "Well, if you never have, it ain't because you don't deserve to."

Here Judge Lynch interposed and the cross-examination went on, broken by interjections from the witness and the other, until the judge would interfere. Mr. McGovern had interrupted the witness several times and would not let him explain what he wished, and so the colonel said: "You will please refrain from giving any more."

When the cross-examination was over, the colonel started in to make some explanations, which Mr. McGovern found impossible to interrupt and resumed until the witness had finished. Then he asked, in a weary tone, "Well, are you done?"

"Yes, I'm done," said the colonel, "and you didn't make me finish, either, any quicker than I wanted."

"No," assented Mr. McGovern, "there isn't any power on earth which will shut that mouth of yours, when you get it started."

After this interesting witness, nearly all the police force was examined as to the character of the people who frequented Pierce's hotel, and all swore that the people were morally bad. When the police had finished testifying, court adjourned for the day. The case will be resumed this morning.

HEARD ABOUT THE STATE.

The Pennsylvania railroad is just about opening large new repair shops at the Mt. Carbon yard.

About 5,000 young religious workers of Lyncam, Clinton and Center counties yesterday had a rally at Bellefonte.

Mrs. Anna M. Johnston, of Montgomery county, has been re-elected representative of the Valley Forge Memorial association.

A dynamic cartridge which exploded at Bridgeport sent to bed two lads, George Dreelin and Powell Hampton.

Rev. Charles F. McCann was last night ordained a Baptist minister and installed pastor of Olivet Baptist church, Lancaster.

A verdict for \$3,000 was awarded to J. N. Walker, at Marcus Hook, for four and a half acres of land cut in two by the South Chester Trolley road.

Naval Cadet Stuart F. Smith, of Pennsylvania, who has just graduated at the Naval Academy with distinction, has been selected by the academic board (with Secretary Herbert's approval) to take a two year course in naval architecture at the Ecole D'Application Gene Maritime, at Paris.

IT IS NO LONGER A BOOM

Business Now Upon a Solid Basis and Industries Are Thriving.

GOOD TIMES HERE TO STAY

From All Parts of the United States the Best Advice Obtainable Tell of a Rising Tide of Trade and Industry.

New York, June 21.—R. G. Dun & Co's report says: "The business of June shows liabilities of only \$2,022,352, of which \$702,357 were manufacturing and \$1,320,000 were trading, against \$2,917,535 in all for the same week last year, of which \$688,137 were manufacturing and \$2,229,398 were trading. Additions for the first week of June raise the aggregate for two weeks, including the cordage concern, to \$14,321,841, of which \$10,517,225 were manufacturing and \$3,804,616 were trading. Failures for the week have been 228 in the United States against 211 last year, and 31 in Canada against 25 last year."

He who sees a setback in business at this time must be gazing through a telescope pointed by mistake at some other country. From all parts of the United States the best advice obtainable tell of a rising tide of trade and industry, which threatens here and there to mount too far, and too fast. The volume of all business is by no means equal to that of 1892 as yet, though in some important branches larger than in that of any other year. Daily payments through clearing houses in June are 26.9 per cent. larger than last year, though 8.5 per cent. smaller than in 1892, the last year of full business at this season. A rise of more than a quarter in a single year is the more significant, because, in spite of recent advances, the prices of commodities as a whole average a fraction of 1 per cent. lower than a year ago.

CONSPIRACY IS CHARGED.

George H. Ferrigo Held in Jail for a Further Hearing.

Last night's Wilkes-Barre Leader contained the following: "George H. Ferrigo, of Scranton, was yesterday arrested by the Barrington & McSweeney agency on the charge of conspiracy to bring suits against the Scranton Traction company and the Wilkes-Barre and Wyoming Valley Traction company."

Ferrigo acknowledged his connection with the scheme, and said it had its origin in the office of Watson & Zimmerman, attorneys at this place. In conversation with a Tribune reporter last night Mr. Ferrigo said that warrants for the arrest of Attorneys Watson & Zimmerman had not yet been placed in his hands, but he expects that they will be very soon. He said that Attorney John T. Lenahan had been arrested by the company, and yesterday afternoon Mr. Ferrigo practically decided to have the Scranton attorneys arrested.

NO LIGHT ON MYSTERY.

Coroner's Investigation in Gurd Case Is Fruitless.

Testimony in the Gurd murder case was taken before the coroner's jury last night in the arbitration room at the court house, but although there were upward of twenty witnesses examined, most of them neighbors, there was nothing brought out that casts any light on the mystery of the man's death.

The only sensational testimony was that of the man Roberts, who occupies the upstairs of the same house in which Gurd lived. He said that about 12 o'clock last Monday night he was called down stairs to the Gurd household and there he saw a man suffering from exhaustion. He asked what was the matter and Gurd said that he had been in a place where he ought not to have been and got shot, but did not think that his wounds were serious and wanted nothing said about it.

Roberts went for the doctor and when he returned Gurd told him that he had been shot while passing through the field near Frank Raymond's car on which Gurd lived.
