GENERAL SPORTS.

The State League disputes Scranton's right to Meany. President Hanlon is trying to get the little pitcher for Hazleton. Manager Barnie of Scranton could not see the justice of President Hanlon's claim yesterday, and in consequence the wires were kept hot between the two managers and President Nick Young, of the National agreement. The matter is quite complicated, but late last night a message from President Young indicated that Scranton has first claim on the player at all events. Meany will remain with the Scrantons until a decision is made in writing.

Manager Barnie secured Meany, Huston and Eagan of the Harrisburgs the day that club disbanded, June 13. A national agreement reads that when a club disbands the player of which it is a member shall have a claim upon the players for ten days thereafter. President Hanlon claims the three players were not secured by Scranton until after the disbandment, and that the Hazleton club, which wanted Meany, has first claim on that player. Manager Barnie possesses the release of Meany, signed by Mr. Ziel, owner of the Harrisburg club. It is dated June 12, and is in consideration of an old debt owed Scranton by Harrisburg. Huston yesterday afternoon made affidavit before Alderman Miller that he, Huston, had been released by Ziel after the two players had waived their claims upon \$150 salary due Huston and \$85 due Eagan. According to national rules a club is not disbanded until it fails to report for a scheduled game and without good excuse. The three players were signed by Scranton before the Harrisburgs failed to meet Allentown June 13, and all these facts are set forth in Huston's affidavit.

If the Base Ball association hopes to see its club attain a commanding position in the race, or if it looks to the welfare and encouragement of its outfielders, it should remedy the inexcusable rough outfield. During the remainder of the season the club will play six times as many games at home as in any one city abroad. The Scranton outfield is the worst in the league and by not improving it, the chances of the club are threatened. Scranton's outfielders are rolling up a greater percentage of errors than players occupying the same positions in opposing teams. Such a condition does an injustice to the players and deserves censure.

Had the weather been fine another large crowd would have witnessed yesterday's game. This suggests the need of a signal flag in doubtful weather. If a game is to be played on a day when rain is threatened a proper signal would insure the attendance of scores of persons who will not take the trouble to call up half a dozen telephone numbers in order to get the desired information. A signal flag would not only accommodate the patrons of the game, but it would increase the association's coffers.

Two games will be played between Buffalo and Scranton this afternoon, beginning at 2 o'clock. Only one admission will be charged for both games. Wadsworth and "Old Hoss" Vickery will be in the box for Buffalo.

BASE BALL NOTES.

Boswell was released by the New York club Wednesday.

Sullivan, of the Boston, has not lost a game in which he has pitched this season.

We've a barrel of batters, but we want a few good pitchers for lungs--Brooklyn Times.

Providence did not have much more use for Meany's services than the Pontiac did Saturday--Springfield Union.

"Inquirer" is informed that two-base hits, triples and home runs count no more in a batter's average than so many singles.

James Galvin, formerly the famous pitcher of the Athletics, by striking out ten, appointed a league umpire by President Young.

Subscriber--Any player may be retired at any time, whether the inning is over or not. He cannot, however, again participate in the game.

They are kicking on Charley Snyder out in Syracuse now. His days were thought to be numbered some weeks ago, but he still remains on the staff--Springfield Union.

In every city on the national circuit "Dummy" Hoy is haunted by the nutes. They are proud of the deaf and dumb ballplayer and give their fingers lots of exercise.

Stivits made a big league record for the season Tuesday by striking out ten. Spiders. Harper has beaten that by striking out fourteen. Canadians, ten Bisons and eight Stars.

Ewing suggests a good scheme for the selection of an umpire when the regular man does not show up. Instead of having two players from the two teams officiate, which often results in trouble, Buck would have one of the home players act as umpire, the man to be selected by the captain of the visiting team.

The many inquiries as to the age of Anson have caused the Grand Old Man to declare himself. He says he is 43 years old. Next to him the man in the league who withstood the advance of time best is Jack Glasscock.

Glasscock takes no chances on long throws. Although he plays a deep short, he comes up on every hit that is possible for him to reach. He will, of course, be shortening the throwing distance if it is all the way from fifteen to twenty-five feet.

"A Constant Reader" is informed that second base is generally considered the hardest infield position to play successfully. There is, however, room for a difference of opinion on this point--third base also being a difficult position to fill.

An enterprising firm of Carbondale, Pa., yesterday offered a prize of one pound of tobacco for every run made in the game between the home team and the Allentown club. The Carbondale boys got together, and won not only the game, but also five pounds of the fragrant weed. The offer was promptly rescinded--Washington Star.

New Philadelphia is doing the howl act for pitchers. A nice time is being had without any fireworks. Baltimore seized Arthur Clarkson, who should prove a most valuable man. It would not have required \$10,000 for Philadelphia to get that player. Philadelphia could have got Hawley with a little plunger. Now, when it is the hardest to get the pitchers, the most money is offered, but when it was easiest new York was forthcoming. Isn't it funny--Jack Moore in Sporting Life.

New York is to have a base ball play next season. Charles H. Hox is writing it. Captain Adrian C. Anson, of the Chicago, is to play in it, and it is to be produced at the American Theater in December. The whole story will, of course, hinge on a base ball game. The hero will be a college boy who has distinguished himself on the "varity nine as a pitcher, and whom Mr. Anson, who is

to play the part of "himself," wishes to secure for the Chicago. "The piece is melodramatic," says Mr. Hoy, "but there will be no bridge jumping, or railroad disasters, or sawmill tragedies, or anything of that kind in it. Anson and I had a conference today and reached an agreement as to terms, etc., and the contract will be signed today."

Amateur Ball Notes.

The Violets accept the challenge of the Starlights and will play them on the Tunnel grounds June 22 at 2:30 sharp.

The Young Men's Christian association ball team will play the Olympian club at Olympian today instead of the Moosic team.

The Irish Ten, of Dunmore, would like to meet the Olympian Stars on June 23, on the Dunmore grounds. Answer through The Tribune.

The Moosic Anthracite Base Ball club challenge any amateur club in the county for a game of base ball to be played on the Moosic grounds June 25, 27 or 29. Answer through Tribune. John Deans, manager.

The Eighth Street Stars accept the challenge of the Olympian Stars to a game of ball to be played on the Olympian grounds June 22 at 2:30 sharp. Please do not disappoint us. J. Martin, captain; R. Decker, manager.

Monday evening the ten-round contest will take place at Keystone hall, Pittston, between James Judd, champion of Northeastern Pennsylvania, of the South Side, and Mike Leonard, of Brooklyn. Besides the bout between these two artists there will be at least four other special sparring exhibitions. Undoubtedly a very large crowd will be attracted. It is unnecessary to state that Leonard is in good condition, because he makes boxing a business and always keeps in trim; but he has gone to great pains since making this match to train almost to perfection. Will Gilmarin, of New York, who was referee in the engagement at the Frothingham, has acted as Leonard's trainer, with quarters at Harvey's Lake. Gilmarin will handle Leonard Monday night, and will have the assistance of some local talent from either this city or the Alligator village down the creek.

Judge will weigh 135 pounds when he enters the ring, and not one ounce of fat. He is a superbly fit man. He has trained hard and faithfully, is confident of winning and he and his friends will feel sorely disappointed if he does not stop Leonard within ten rounds. He bases his ability to do this on his former meeting; he was more fit for a hospital than the ring, and all who saw the match agree that he made a good showing.

William Leslie, of the Wilkes-Barre department of the Elmira Telegram, will be the referee. Judge's seconds will be Charles O'Neill, of Camden, N. J.; Richard Eaves and Patrick J. Hopkins, of this city. According to the match the referee has power to order another round at the end of the tenth if he cannot then give his decision.

On Monday next Bob Fitzsimmons will be placed on trial at Syracuse for the killing of Con Rordan, his sparring partner. Fitz is under indictment for manslaughter.

Manager Martin Julian engaged a cottage at Coney Island Wednesday. Fitzsimmons will begin to prepare himself there for his coming battle with Corbett, to take place in Dallas, Tex., on Oct. 21.

While Walter Wright champion Billy Smith was passing through Court street, Boston, Tuesday evening he met two negroes. A light occurred, in which Smith received a bad razor cut in his thigh. He was removed to the Emergency hospital, where he will stay about ten days.

WITH SCRANTON WHEELMEN.

The Scranton club has secured "Del" Foote to take charge of their racing team. Mr. Foote is a successful trainer, having considerable experience in that line. The racing team was under his care last season.

"Kid" Gregory, of the Green Ridge wheelmen's team, will hardly be in shape for the Wilkes-Barre and Carbondale races next week, as he has only been in training about a week. Nevertheless he will enter all open events with the rest of the team, as his experience and level head will be good ballast for the other members of the team.

"Palmer" Cox, of the Green Ridge racing team, is expected to enter a flyer and his admirers are confident that he will win the "novice" in Wilkes-Barre next Tuesday.

Trainer "Dick" Wambold was very happy Wednesday evening. One of his Green Ridge charges did a mile in 2:14.5, paced by the other members of the team.

"Baby" Keller has developed wonderful speed for a first-year youngster and may be the possessor of a few diamonds before the end of the season.

The Green Ridge wheelmen's excursion to Lake Ariel occurred on Thursday last. The affair was a grand success, both socially and financially. The arrangements were perfect, good music by Lawrence band and orchestra and Louis Smith's excellent catering being among the features.

Harold Bunting and Bert Howell are the Ward McAllister of the Green Ridge wheelmen. Both turned out to the excursion in white duck trousers, canvas shoes and lawn tennis caps, and were greatly admired by the fair sex. They are winners.

About a week ago Ben Keller, of the Green Ridge team, broke the frame of his wheel while training at the Driving park. As it would be impossible to get a new frame in time for the Wilkes-Barre race, he endeavored to have the frame repaired. Only one dealer in town had a piece of tubing the proper size, and he absolutely refused to sell it for the reason that Keller did not buy his wheel from him, but from an honorable competitor. The dealer has been boycotted by one of the city clubs.

A hill climbing contest was a feature of Father Walsh's picnic at Moscow, last Thursday. There were three starters, all from this city, viz: Dan Sloan, Edward Finn and Tim Quinnan. Sloan won, with Finn a good second. The hill is one-half mile in length and made the boys sweat. The prize was a handsome gold medal, which may be seen between the hours of 7 a. m. and 6 p. m. on Dan's coat at Foley's repair shop.

YALE MAY GO IT ALONE.

Sons of Old Eli Willing to Meet the British Athletes Alone.

New Haven, Conn., June 26--Yale men decline to discuss the challenge from Oxford and Cambridge or the Harvard complications until they learn definitely from the crimson that they will not participate. The challenge was given to an advisory board, who Captain Sheldon says, will extend an invitation to Harvard to participate.

Sheldon, and in fact all the Yale men interested in athletics, are enthusiastic over the challenge and some of them are willing to go it alone in the event of Harvard backing out. There is a strong opinion here that Yale will not be discouraged from acceptance by any action Harvard may take.

EASTERN LEAGUE.

Yesterday's Results. Syracuse..... 8 Springfield..... 5 Providence..... 3 Rochester..... 1

Rain yesterday prevented the Scranton-Buffalo and Wilkes-Barre-Toronto games. Syracuse won its fourth game out of seven with Springfield and played the Pontiac at all points. Providence won from Rochester in a pitcher's battle. The positions of the clubs are unchanged.

Today's Eastern League Game. Buffalo at Scranton.

Toronto at Wilkes-Barre. Syracuse at Springfield.

Springfield-Syracuse. Springfield, 2; Syracuse, 1. Coughlin should have won the game from Syracuse if Springfield had given him any support, but the home team played the yellowest ball that they have put out at home and last season. A very large crowd will be attracted. It is unnecessary to state that Leonard is in good condition, because he makes boxing a business and always keeps in trim; but he has gone to great pains since making this match to train almost to perfection.

Providence-Rochester. Providence, 1; Rochester, 2. The score was 2 to 1 for Providence, and Rochester had the bases filled. Mark Baldwin was sent to bat in Harper's place and he batted the ball to left field corner of the grand stand. Everybody allowed it was a sure three-bagger, but Knight turned when the ball was hit, ran with all his might for the corner, turned and saw the ball passing over his head, sprang into the air with a bound and still running, and gripping the ball saved the game for Providence.

NATIONAL LEAGUE.

Yesterday was a great day for the middle division in the National league. Three leaders and two tall-taloned loaves. The Spiders by winning from Chicago goes into third position in place of the Orioles, who scored only in one inning against the Quakers. Pittsburg and Louisville did not play.

Not at His Best in His First National League Game.

"Big Bill" Clark, ex-Scranton first baseman, made his debut on first base with the Giants in Thursday's game with Washington.

The Herald's report of the game says: "The new Giant, Clark, without a lag, was as vigorous as an old maid at her first outing on a bike. In a losing game these faults would have stood out with the prominence of the ears on a mule's head. But the game having been hammered into our possession, every sin of commission and omission was forgiven."

The Sun says: "Misplays by Clark, the new first baseman, and Stafford were accountable for four of the runs in the fifth. There was considerable curiosity about Bill Clark's playing. The big first baseman had two errors, but both were excusable. His other play was a fine play, and he seemed to hit the ball free and hard."

About 900 children are prepared for confirmation, but the Reverend bishop's health would not warrant the strain resulting from confirming that number on one occasion. Rev. P. F. Quinnan, of the cathedral, assisted the bishop. Besides Father Aust, the pastor, several Polish priests were present.

HOME FROM CLEVELAND.

Prothonotary Pryor and Major Penman the First to Return.

Prothonotary C. E. Pryor and Major T. F. Penman arrived home from Cleveland, O., yesterday, being the first of the Scranton party to reach the city. They report an excellent time at the national convention of the League of Republican clubs.

"It was a splendid affair," said Mr. Pryor last evening when speaking about the convention, "and the members of the Scranton party were exceedingly gratified. The people of Cleveland did everything possible to make the visit of those who attended the gathering both pleasant and profitable. They succeeded admirably. Our party was quartered at the Hotel Hollenden, where the Pennsylvania state headquarters were. The New York headquarters were in the same hotel, directly across the corridor from the Pennsylvania headquarters. By the way, the Scranton delegation cut quite a figure in the convention. Major Warren was the central figure of the Pennsylvania delegation at Scranton. He and other members of our party took a very conspicuous part in the proceedings of the convention. The best place in the convention hall was reserved for Pennsylvania."

Clerk of the Courts John H. Thomas, ex-Council Treasurer D. W. Powell and E. E. Robathan left Cleveland last night at 6 o'clock and proceeded by boat to Buffalo. They will arrive home tonight. Major Warren is also expected home tonight.

ANOTHER BRUTAL HUSBAND.

Alderman Miller Arrested a Wife-Beater and committed him.

A woman's screams attracted a large crowd near Wyoming avenue and Center street yesterday afternoon. Her husband was beating her with a heavy cane and in order to escape his brutality, she ran up the Gas and Water company's office steps, but he followed her and was beginning to apply the cane again.

Alderman Miller rushed down the passage way from his office on the floor above and placed the wife-beater, who proved to be Edward Roche, a printer, under arrest.

The alderman got the woman to swear out a warrant then and there for assault and battery, and in default of bail Roche was given in charge of Constable Jeff Rooster and landed in the county jail to await trial at court.
