An Ugly Form of Wariare.

The Philadelphia Press yesterday contained a complete explanation of some curious charges lately brought by Major William H. Hastings, against his brother, the governor. The explanation is of local interest because opies of the same charges have been circulated in Scranton. Major Hastings, who is suffering from a mental disease, accuses his brother of so many outrageous things that the absurd charges bear a contradiction plainly stamped on their face.

Numerous instances of a similar character, wherein persons mentally deranged have conceived the idea that their considerate relatives have done or wish to do them harm, could be cited. The circulation of the vaporings of an nsane man with intent to do political mischief to their victim, who is by his position and relationship prevented from taking notice of the attack, is about the meanest act in the whole

America's Destiny.

The ever enterprising Chicago Times question of America's manifest destiny. Two questions were asked each man: 1. Should the United States annex Canada, Newfoundland, Cuba and Hawaii? 2. Will Uncle Sam eventually rule the North American continent? Concerning the latter question the replies are practically unanimous. Idea and execution were both excellent; and the Times is richly deserving of cordial congratulation.

A good many errors could be par doned in Senator Quay, on account of his manifest abilities, if he would only muzzle his fool friends, acknowledge his mistake in the present instance, and throw himself on the mercy of the court. It is not an idle guess that he may yet do this.

It is truly touching to witness the deep concern exhibited by Colonel Alexander McClure lest the Republican party in Pennsylvania should fall afou! of that bold, bad man, David Martin. The colonel's devotion to pure politics brings tears to hardened eye-

It is realized by Quay's friends that Cameron is the heaviest load Quay has to carry. He is under heavy obligations to Cameron and does not dare go back on him now. But now Cameron sees that even Quay cannot save him, even though the latter might win in his present critical battle, which is improbable openly come out with a statement that he out of the fight, he could defeat Governor Hastings in the present struggle.

Thus far, 133 out of the 259 delegates the next state convention have been chosen, as follows: Adams, 2; Allegheny 28: Armstrong, 2; Beaver, 2; Bedford, 2; Berks, 5; Biair, 4; Bradford, 4; Butler, 2; Cambria, 3; Carbon, 2; Clarion, 2; Clear-field, 2; Cumberland, 3; Delaware, 6; Erie. ; Fayette, 4; Forest, 1; Franklin, 2; In-Montour, 1; Pike, 1; Potter, 1; Snyder delphia and Allegheny prac tically solid for the administration, to gether with most of the counties near Phil-adelphia and in the anthracite and lum-ber regions, the claims of Senator Quay as to an easy victory may be readily dis-

According to the Patriot, the story wa circulated Saturday in Harrisburg that Senator Quay had offered to compromise with the combine on the basis of the latter withdrawing Colonel Gilkeson as its can-didate for chairman if Quay gives up his pretensions to the place, the Beaver man to support Senator Flinn for the chairmanship, as a candidate upon whom all

tion of putting the man from Crawford in over their heads, and threaten to desert Quay. This is given as the chief reason for the alleged offer of compromise.

Ex-Lieutepant Governor Watres tells the Truth representative: "I am for Judge Willard. The delegates to the state conmeans to nominate him as one of the Ap- house etallation of the new city officials. When the Ecutenant said anything about the Quay-Hastings controversy, he replied that he "didn't see uno is four years old. For a journal of its why that should be necessary at this time, age it certainly has made wonderful To my mind," said he, "Lackawanna strides, being without a superior anywhere county, should, as I have said, elect William to the state outside of Philadelphia and lard delegates, and Judge Willard must take the responsibility as to what the delegates do at the convention."

Senator Quay will, it is announced, make a special effort to elect delegates friendly to him in Chester and Montgomery counties. In Montgomery the administration forces are being marshaled by Adutant General Stewart and Chief Clerk Fetterolf, of the house of representatives. Senator Saylor and Congressman Wanger are working for Senator Quay. The Beaver er man's interests in Chester county are charge of Senator Snyder and ex-Con gressman Darlington.

An Allentown dispatch says: "Up to date there are only two pronounced Quay men in Allentown—ex-County Chairman Horne and City Clerk Seip. All the other leaders are under the Hastings flag, and eight or ten candidates are out for state elegate, all hot for the administration, Senator Quay has sent two of his men here one from Reading, C. E. Jennings, and another from Cumberland county, to do misionary work. They find the field very barren in Lehigh."

Clerk of the Courts John H. Thomas and James Young, of Dunmore, have been selected by Judge Willard as his candi-dates for delegates from the Fourth dis-trict. In the Second district his candi-dates will probably be Colonel Rippie and First, Representative Farr and Wade Finn. The Third district candidate has not been selected as yet.

The appointment of James W. McDonald, of Dunmore, to Billy Craig's vacated place gives general satisfaction so far as Democrats yesterday cared to express themselves. It is street belief, however, that Colonel Fitzsimmons has other card up his sleeve, which, when he plays them, may make other and bigger changes in the
