But best advice is, go home and go to -take an opiate, if you can't sleep. reer before you; your name must not acter of her love, and the wealth of in any way be brought into affair. It happiness she might bestow on one benust not appear in the papers. Go me, my dear boy."

'No. I believe her guiltless. Some mystery conceals the real oriminal. Time will prove this. You will have to act as you believe it to be your duty. You will arrest her, but I will sooner or later release her! Do you suppose she would leave her handlef, the only proof of her guilt you have, on the murdered man's face: No. no. no! It is preposterous!"

Why, that-that's the cleverest plec ess in the whole affair," said the

The invention of Dr. R. V. Picrce, chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., has, during the past thirty years, made a record in the cure of bronchial, throat and lung diseases that fairly entitles it to outrank all other advertised remedies for these affections. Especially has it manifested its potency in curing consumption of the lungs. Not every case, but we believe now she had been seen and cognized at the hotel; hence she shed to divert suspicion; hence her parent affection, her kisses, her kinduse of her handkerchief. While we've Fully 98 Per Cent.

of all cases of consumption, in all its earlier stages, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copions expectoration (including tubercular matter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You niced not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty codliver oil and its fifthy "emulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, or had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering conglis, asthma, chronic masal cutarrh and kindred maladies, have been shillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. Ton can then write those cured and learn their experience. cen talking, one of my best experts as been minutely examining the dress he were in the first act and at the Oloce, to find traces of chloroform. TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above other brands.
