The deponent further said that Anton Bourschnack and Fred Morganreider called at his office on March 16 last, after the case had been argued before the Supreme court, and he reduced to writing a statement made to him, in which the syllabus of what they said was that Mrs. Josephine Kramer admitted to them that she perjured herself in swearing that Bezek pointed the revolver at her sister and deliberately fired it.

The Other Witnesses. Mrs. Josephine Opeka, of Forest City; Joseph Petrochius, a cousin of Bezek; Lewis Zoval, and Fred Morganreider were the other witnesses. The latter corroborated Mr. Watson in reference to what Mrs. Kramer said about her perjuring herself.

FIRE INSURANCE AGENTS

Their Sixth Annual State Convention Will Assemble Next Thursday.

IN THE BOARD OF TRADE ROOMS

Mayor Connell Will Welcome Visitors. On Second Day of Convention They Will Enjoy an Excursion to Farview and Hazleton.

What will undoubtedly prove an important event to Scranton will be the sixth state convention of the Association of Fire Insurance Agents, opening in the board of trade rooms on next Thursday.

On Friday an excursion will be conducted to Farview and Hazleton, dinner at the latter place, and returning in the evening over the famous Moosic Mountain Switchback on the Gravitly road.

Scranton is a Hustler.

Every possible care has been taken to make this convention a profitable and pleasant one. We offer you the hospitalities of a young and hustling city; the fourth in point of population in our state; the first east of the Mississippi to substitute the speed and comfort of the motor for the horse-car system, in which she was more than six years in advance of any other city of the commonwealth.

The present officers of the association are: Colonel F. L. Hitchcock, president; Homer M. Hill, of Erie, secretary; and G. P. P. Wanger, of Pottsville, treasurer.

Will Hold an Evening Session. The convention will reassemble at 8 o'clock in the evening, when papers on topics according to appointment of the executive committee at the last session will be read.

It is Stated That Arrests Will Be Made Very Soon by County Detective. It was stated yesterday that County Detective Leyshon was ready to proceed to the arrest of the man who shot and killed William Gurd on June 17 last.

LAKE WINOLA.

William Chappell, of the Ready Pay store, Providence, has rented the Munn cottage, on the Point, for the months of July and August, and will remove there with his family next week.

The only particulars that could be learned from detective were that there is a woman in the case and that the woman is unmarried and of an excellent family.

The man's name he would not reveal, but he affirmed that he will be under arrest very soon, probably today. Sufficient evidence has been collected to make a sure case, and the only cause of delay is the arranging of few minor matters in the legal proceedings.

WILLING TO WORK.

From Harper's. He was an unkempt-looking fellow, and he stopped at the suburban residence and asked for employment. It was spring and quite improbable, and testimony as to the time the shots were heard by two different parties did not jibe.

Her Separated Lessor Half is Now in the County Jail. Court yesterday decreed Alice D. Ehrgood from her husband, Oscar D. Ehrgood, on the ground of unfaithfulness, for which offence he is now serving a one year's sentence in the county jail.

Mr. Depew's Answer. Nathaniel Depew yesterday filed his answer in the injunction proceedings that the borough of Jermy brought against him. He denies that he has put his fence out on a street owned by the borough.

DETECTIVE AGLI HEDGES.

Attorneys for Rosa Say He Admits He Did Not Tell All of the Confession When on the Stand-Matters He Withheld. Argument for a new trial for Murderer Leonardo Rosa was heard yesterday before the three judges.

The principal witness against the convicted man was Detective Frank Agli. He was placed in the same cell with the accused murderer and after a time gained the confidence of his cell mate, who, he alleged, disclosed to him his guilt and told him where the revolver with which the deed was committed could be found.

This was the gist of Agli's testimony at the time of the trial. Now Attorney J. J. Hamilton and John G. McAskle, who have defended the convicted man, claim that Agli admits that he withheld a very important part of the confession. This part which he did not disclose at the trial was to the effect that Rosa, while he admitted killing Lauro, he did not only kill the victim but also threatened to stab him with a revolver.

Mr. Hamilton began his argument at 3:30 o'clock yesterday and at the adjournment of court at 4:30, had not finished. He will resume in the morning and will be followed by District Attorney Jones, who will argue for the prosecution. During the hour which Mr. Hamilton occupied he brought forth a number of reasons for a new trial.

He contended that the court erred in its rulings in refusing to allow certain challenges for cause; that the verdict was not warranted by the evidence; that they have new and important evidence, namely what Detective Agli says, to submit, and also that the conduct of the district attorney was unfair to the defendant.

Judge McPherson, of Dauphin county, was in the city and heard arguments for a new trial in the case of Joseph Chilton vs. City of Carbonade, which was tried before him in the April term of court. Other cases argued were: M. A. McCarty vs. Margaret Scanlon, rule for judgment; Edward Gumaer vs. Parden Barber, rule for new trial; Watson & Zimmerman vs. Green Ridge Lumber company, rule for new trial; Spruks Brothers vs. Charles Mursch, rule for new trial; W. W. Winton vs. N. Fitch, executor, rule for new trial.

Arrest of Jacob Suravitz. He made an arrest, that of Jacob Suravitz, a butcher of Penn avenue, who kept his shop in a very unsanitary condition. Mr. Thomas qualified his report with a statement concerning the trouble he has experienced in forcing milk dealers to render the pure article.

Submitted-Carrie Mallender vs. George Mallender, rule for decree in divorce; Hoffman vs. Hoffman, rule for decree in divorce; Halfman, rule for decree in divorce; In re adoption of Ralph Letchworth, rule for decree; Commonwealth vs. Michael Matyewicz, rule to show cause why forfeited recognizance should not be remitted; Commonwealth vs. Mary Mathalko, rule to show cause why forfeiture of bail should not be remitted.

In the case of the commonwealth vs. Luigi Marino, a rule to show cause why the verdict should not be set aside and a new trial granted, was made absolute, and in the case of the assignment of the Walter Printing company for rule to discharge assignee a decree was granted.

My mail is littered with them every day, and my time is taken up with their perusal, so I want to announce publicly that it will avail nothing to address me anonymously, no matter what the subject matter of the letter may be."

KELLY CHOSEN CHAIRMAN

Reorganization of the Scranton Board of Health Yesterday. NO CHANGE IN OTHER OFFICES. Members Discuss Nuisance Question. Health Officer Thomas' Report on Quality of Milk for Sale-Resolutions Introduced by Col. Ripple.

All the members, looking bright and cheerful after the Fourth of July, were present at yesterday afternoon's regular monthly meeting of the board of health.

When the unfinished business was transacted the board adjourned sine die, and prepared for reorganization. Dr. W. K. Bentley, who has served two years as president of the board, thanked his colleagues cordially for the courtesy shown him and retired from the chair. He positively refused to accept another term.

M. J. Kelly was chosen chairman pro tem, and on motion of Mr. Ziegler he was made permanent chairman. Mr. Kelly accepted the honor with a brief expression of thanks. It was next decided that the salaries of the paid officers shall be the same as last year.

Secretary Walter Briggs was re-elected at a salary of \$600 per annum. Mr. Ziegler cast the vote of the members. Dr. W. K. Bentley also re-elected at the salary of \$500 a year. Dr. Bentley casting the vote of the board. It was unanimously decided to request Mayor Connell to re-appoint Mr. Burke sanitary officer.

West Side Nuisance. They took up the question of nuisances and discussed the subject in all its phases and bearings. There is a sewer as well as a lot to the hygienic map at 130 Van Buren avenue, on the West Side. Sanitary Officer Burke was empowered to fumigate the premises.

Dr. Paine reported Roberts court, between Sweetland and Pettibone streets, on the West Side, as an unmitigated nuisance. The property is owned by Sumner avenue have drain pipes emptying into this court. Another spot that does not lend to the health of its surroundings is the skating pond near the Johnson's Lake grounds, on North Washington avenue.

No action was taken on either of these complaints, it being the belief of the members that it is something for the councils to take up and remedy by grading.

The report of Food Inspector Richard Thomas showed that he made 537 official visits during June, besides having taken several peeps into the wagons of farmers coming to town with produce. The general condition of the markets and shops was found to be good, in fact never before during his official career did he run across such a satisfactory state of things.

Arrest of Jacob Suravitz. He made an arrest, that of Jacob Suravitz, a butcher of Penn avenue, who kept his shop in a very unsanitary condition. Mr. Thomas qualified his report with a statement concerning the trouble he has experienced in forcing milk dealers to render the pure article.

The only particulars that could be learned from detective were that there is a woman in the case and that the woman is unmarried and of an excellent family.

The man's name he would not reveal, but he affirmed that he will be under arrest very soon, probably today. Sufficient evidence has been collected to make a sure case, and the only cause of delay is the arranging of few minor matters in the legal proceedings.

The Gurd case is one of the most mysterious crimes that has occurred in this county. William Gurd, a peaceable citizen who had always borne a good reputation, tottered into his house on the night of June 17, dead from loss of blood and almost dead from two bullet wounds in the back. There were no bullet holes in his coat so it was evident that he did not have this garment on when he was shot, and this incident contradicted in a manner Gurd's own ante-mortem statement that he was walking through the fields near the Boies Car Wheel works when he was followed and shot without any provocation by some unknown man, whom he had caught in company of a woman while passing through the field.

The coroner's investigation failed to throw any light on the mystery. In fact, the evidence that was adduced only enshrouded the case in deeper mystery. Gurd's story of his wanderings after the shooting, his heavy boots, and quite improbable, and testimony as to the time the shots were heard by two different parties did not jibe.

The police were all at sea and have not as yet been able to unearth the facts of the case. County Detective Leyshon, if he can do what he says he can, will make a big reputation for himself.

ON TRIAL FOR KIDNAPPING.

Three Londoners Charged with Having Abducted Mrs. Gordon. London, July 5.-Ernest Crane, Henry and James Hook were today fully committed for trial on the charge of having kidnapped Mrs. Gordon, wife of the late Hon. Sackville Gordon, a few weeks ago.

ous consideration if they were signed. They contain complaints against police officers and heads of departments, against disorderly houses and unlicensed grogshops; some are abbreviated curtain lectures for the mayor himself and others are of the very varied character which generally emanate from a cranky cranium. They one and all find their way into the waste basket, and the mayor uses every effort to prevent himself from being in anyway influenced by their contents.

CLUB MIGHTIER THAN FIST.

Officer Day Has a Fierce Encounter with Two Bury Antagonists. Police Officer Leona Day had a fierce encounter between 1 and 2 o'clock yesterday morning with two drunken men at Penn avenue and Linden street.

The officer's assistants are two big, powerful men, John Kelly and John Cafferty, of Green Ridge, and much to the credit of the officer's pluck he succeeded in landing both in jail without assistance.

Officer Day first placed Kelly under arrest for brutally kicking a small boy without any great provocation, and when he attempted to take him to the station house, Kelly grappled with him and called on his companion, Cafferty, for assistance. The officer's club was wrested from his grasp, but he regained it after continued attempts were made to strike him with it and succeeded in dealing Cafferty a blow which laid him out. He was at such close quarters with Kelly that he could not use his club and was forced to vanquish his burly antagonist in a rough and tumble encounter.

The two men were handcuffed and marched to the station house, where Alderman Millar later in the day gave them a hearing and fined them \$25 apiece. Kelly paid his fine, and Cafferty was sent to the county jail.

ACTION IN EJECTMENT.

Brought to Enforce the Payment of Purchase Money. George Sanderson and others began an action in ejectment yesterday against Peter Hopkins to enforce the payment of the purchase money of a lot on Van Storch avenue, this city, which Hopkins contracted to purchase from the plaintiffs.

It is alleged that Hopkins still owes \$500 of the purchase money and interest amounting to \$530.50, making a total of \$1,030.50.
