LOSS OF LIFE AND PROPERTY

An Area of 200 Square Miles Affected by Rain and Wind - Many Fields of Grain Were Destroyed.

St. Louis, Mo., July 7 .- Thursday points. These reports grew in number Friday and covered a large territory indicating that the eastern water shed of the Rocky Mountains, from the Nebraska and Iowa lines to Texas, was severest blow came. Reports of loss of life and destruction of property came blessing, grew into a wave of devastation. Fields of grain that promised the most bountiful yield in many years are today swept bare of vegetation. In several instances the seas of rain were abetted in their work of destruction by tornadoes. It is too early yet to sum up the loss, but the total must be appalling, and those to whom the angry elements spared life have little left to sus-

The stories of the storm are so similar that a statistical summary is all there is left to tell.

The storm's focus embraced an area of 200 square miles with the southwestern corner of Missouri as the center. The greatest loss of life is reported from Winona. Mo., where eleven corpses have been found, with as many more missing. At Baxter Springs in western Kansas, five were killed and eleven seiously injured by a cyclone that accompanied the storm. One was drowned at Columbus and two at Ottawa, Kansas. At Van Buren, Arkansas, a woman and her child were drowned.
