ARCHBALD. A very lively council meeting was that of Tuesday evening. The members present were President Lance and Councilmen Glimartin, McGlynn, Dougher, Padden and Kleinhauer. The fun her, Padden and Kleinhauer. The fun-began after the reading of the minutes when the president asked if the bur-gess was present to administer the oath of office to Mr. Manley, who was chosen to succeed Mr. Blake, resigned, at the last meeting. The burgess was not on hand, and the president suggested that the secretary proceed to the next order of business, reading of bills. This neither the secretary nor Mr. Gillmartin of business, reading of bills. This neither the secretary nor Mr. Gilmartin would consent to, they maintaining that Mr. Manley should be sworn in first. The president refused to administer the oath, claiming that he had no power to do so. Then Mr. Gilmartin volunteered to give it, but the president would not allow this for the same real. would not allow this for the same reason. By this time the proceedings got Min Margaret Upton and Mrs. H. M. very hot and some of the members indulged in language which would not ing the summer with Mrs. C. E. William Smyth made a business trip o Archbald yesterday. Miss Lizzie O'Hara is visiting relatives at Duryea.

INDUSTRIAL TOPICS.

A general advance of \$2 per ton in light steel rails has been made. This brings 16-pound sails up to \$25, 20-pound to \$24.50, 25-pound to \$24, and so on in proportion. The advance is partly attributed to the heavy demand for steel girder work for bridges, housebuild-

Philadelphia Press: One of the most important announcements of the year in the anthracite coal trade is made to the effect that the Lackawanna company will reduce freights on coal both to tide and the lakes. This is a most unexpected step and the significance of it is that the Lackawanna company means war. The rates on anthracite coal have always been a most tender subject with the coal-carrying companies, and they have resisted strenuously any efforts to lower them, and as a result the freight charges on similar classes of freight. The announcement will create a sensation in the coal trade.

The railroad companies in this country have ordered 25,000 freight cars this year at a cost of \$10,000,000. If the crops turn out as well as is expected. this reinforcement, will hardly meet the demands of expanding business.

The Tennessee Coal and Iron com-pany has made further large sales of iron, and, in spite of the wish of the management not to provoke competition by too great profits, another advance in the price of southern pig at an early day is probable.

The Brooke Iron company at Birdsboro has posted notices in the rolling mill that, commencing July 29, there will be a restoration of wages to the figures paid before the last reduction in May, 1894. It will affect nailers, sheet mill men, coopers, machinists, etc., about 450 men in all. This is equal to about a 10 per cent. increase.

Steel works, at Steelton, will be put on double turn today, employing about fifty additional men. There will be at work at the great establishment nearly

ROCKERS

We have turned those Odd and End Prices loose on these Rockers for this reason, We are overloaded. This is how it came about: They were forced upon the market. Our buyer was on hand and gobbled them up at exactly half price. They are the popular cobbler-seat kind, genuine leather, heavily embossed. The frames are Oak, Curly Birch and Mahogany Finish, and the price is simply ridiculous.

HAVOC

Have been weeding them out and find too many of the Odd and End type. The price will tickle your purse. Marked in our
