THE BEST PROFESSION.

Many of them abandon their chosen career and seek fortune in other fields Thousands of men who have been edu-cated for the law or the medical profes-sion are in trade, in railroading, and in the insurance business, and many of these are successful. They did not fall in their profession because of unitnesss, but be-cause of a lack of opportunity. The demand for clergymen is in excess

The mere fact of being a lawyer or a doctor is not in itself a pasport to the best society. But the fact of being a clergyman, of ocupying a pulpit, opens every door in the parish. The young minister is a welcome guest at every freside, and he is more likely to be surfeited with kindness than to suffer from neglect.

All trings considered, the most inviting field for the young men of this country to-day is the pulpit, and the fact that this All trings considered, the most inviting field for the young men of this country to-day is the pulpit, and the fact that this profession is not crowded is due to the conscientiousnes of our young men. They have so high a respect for the sacred calling, so lofty an appreciation of its duties and responsibilities, that they decline to enter it without a conviction that duty lies in that direction—a belief that by so doing they will be able to do more good in the world than they can in any other profession.

THE WORLD OF BUSINESS

STOCKS AND BONDS.

New York, July 17.—The bulls had their innings today ad the bears in the Industrials had an uncomfortable time of it. The official denials that the Chicago Gas was financially embarrassed or that a receivership was imminent was the first disappointment for the shorts. The gold exports, \$70,000, hav-ing been shipped by the St. Louis today and \$80,000 engaged for the Normania, sailing tomorrow, also failed to start general liquidation. The bears were quick to realize this and attempted to cover. The result was an advance of 14 to 3% per cent. Leather preferre ade the greatest gain, selling up from 82% to 86%. Near the close, however, here was a fresh selling movement in the stock, which carried the price down to 83% and 84. Chicago Gas rose 2% to 53%@52%; Sugar, 3% to 110%@110%; Toacco, 21/2 to 1091/2@108%; General Electrie, 114 to 36 . @3614; Distilling, 1/4 to 20%@2014: Tennessee Coal, 314 to 35%@ 5%, and Colorado Fuel, 1% to 38%. The rallway list was firm throughout the

day, and Lake Shore sold up 11/2 to 1501/2, the best price yet attained. The other prominent railways moved up ¼ to ¾ er cent., and closed at or near the top of the day. The strength of the railway list was partly due to the favorable railway earnings for the second week of July and the month of June, to reports from the west that the weather in the spring wheat belt was improving and that there was no truth n the early rumors of frosts, and a cellef that the presidents of the trunk lines and other roads composing the central traffic association will institute important reforms in the manage-ment of railroads at the meeting to be neld Tuesday. The market closed firm, with prices for the active issues 1/4 to 1½ per cent. above yesterday's finals. The Industrials gained ¼ to 3½ per WANTS OF ALL KINDS COST THAT MUCH, WHEN PAID FOR, IN ADVANCE. WHEN A BOOK ACCOUNT IS MADE, NO CHARGE WILL BE LESS THAN 25 CENTS.
