

A WOMAN'S WAIST

We're talking shirt waists of quality and style today, with prices becoming at \$1.00. We've cheaper ones if you want them, but when it comes to

Fine White Mull Waists

Most ladies want something pretty and dainty looking, and if you look at qualities under \$1.00 there's sure to be something lacking somewhere.

At \$1.00

We offer a very fine White Mull Waist in several styles—Surplice fronts, Victoria, Shirred and other style yokes prevail, while the sleeves are all extra full, cuffs are plain, turned or brimmed, just as fancy leads you.

At \$1.25

A very handsome waist with full embroidered yoke is shown. Only a limited quantity at this price.

At \$1.75

The range shown is strikingly beautiful. The trimmings are lavish in embroideries and edgings, while cut and finish are superb.

At \$2.50

You reach a wonderful degree of fineness, while the various cuts and trims are most elaborate.

At \$3.75

Yokes of solid embroidery, of superb quality, are among the novelties, but talking can give but a faint notion of what such high class waists look like.

SALE

off late arrivals in Wash Goods still continues.

SERIOUS CRISIS AT HAND

Are Peaceful Relations to Spain to Be Disturbed?
ALL WASHINGTON IS EXCITED

Secretary Olney's Unexpected Visit to the City Creates an Unlimited Amount of Talk—The Mysterious Meeting.

Washington, July 19.—Secretary Olney arrived suddenly and unexpectedly in Washington today from Falmouth, his summer home, and summoned a council of the cabinet officers in town, which lasted for two hours. He reached here about noon and went almost immediately to the war department, where he had an hour's talk with Secretary Lamont. Shortly after 4 o'clock Mr. Olney called on Secretary Herbert at his office and the two walked over to the state department, where Secretary Carlisle and Attorney General Harmon, who had been summoned by telephone, joined them soon after. For two hours Secretaries Carlisle and Herbert and Attorney General Harmon were closeted with Mr. Olney in his private office. Many rumors were set afloat by Mr. Olney's unexpected arrival, and it is said that the meeting was caused by a serious crisis in this country's relations with Spain. All the cabinet officers who were not at the meeting refused to say anything of the subject under discussion, but from the manner in which one of them spoke it would appear that the reason for the conference is a serious one. While the reason for conference can be mere speculation, it is probable that the condition of Cuban affairs brought Mr. Olney to Washington.

Complaints of Spanish Minister. Frequent filibusters of the Spanish minister against the expedition are being constantly reiterated out in this country has caused the Washington government much embarrassment, and it is not improbable that it has been decided by the president to take action that will prevent claims by Spain against the United States for violation of the neutrality laws, and that the cabinet conference this afternoon was for the purpose of devising ways and means of preventing this government in that regard.

There was a rumor afloat in connection with Mr. Olney's visit here that he was promptly denied by all of the cabinet officers. This was that Mr. Cleveland is ill at Gray Gables. Mr. Olney will return to Falmouth tomorrow morning.

THE CRANK APPEARS

He Is Brought to the Surface by the Pletzel Case—Holmes Will Soon Make a Statement.

Philadelphia, July 19.—The wide publicity given to the Pletzel murder case has brought out the "crank" and it is to this genus that the stranger who visited the office of Holmes' attorney yesterday belongs. Lawyer Shoemaker visited Holmes at the county prison this morning, and to his client related what the stranger had told him yesterday about being able to prove an alibi for Holmes and told him his name. Holmes denied any knowledge of the man, and when the stranger appeared at Mr. Shoemaker's office again this morning he was put through a course of sharp questioning, which developed the fact that his name was Francis Winschhoff, and that he was a spiritualistic crank, who lives in this city.

Mr. Shoemaker did not take long to impress upon his visitor that his psychological alibi was not needed and the man left.

There was one fact developed today that goes a little way toward bolstering up Holmes' shattered reputation for being unable to tell the truth. His mysterious friend, "Hatch," is a reality and not a myth. Reliable information of the man's identity has been established. His name is Edward Hatch and he worked for Holmes in Fort Worth, Tex., and is now supposed to be in Chicago. Although the man's identity has been established, nothing has been learned that in any way shows that he was in Toronto at the time Holmes says he gave the children into his charge here.

Holmes is preparing a statement of his side of the case, which will be given to the public in a few days.

CARLISLE'S REPORT

Declines to Express an Opinion on the Gold Reserve.

Washington, July 19.—Secretary Carlisle, in accordance with his almost invariable rule, declined this afternoon to express an opinion as to the effect on the gold reserve the shipment abroad of \$1,000,000 of that coin would have. This shipment will reduce the treasury gold reserve to about \$105,000,000. Since July 1, by withdrawal of gold for redemption purposes, the treasury has lost \$1,500,000. In that time, however, gold gains from mintage have partly offset this loss, so that the net loss to the gold reserve is only about \$670,000. The fact that such a large gold shipment is now made, following as it does those of smaller amounts for a week past, is causing treasury officials to inquire if this is the beginning of an extended gold export movement. With sterling exchange at the high rate it is now commanding, \$4.90 and over, it is calculated that the department that it would cost \$7,500 to go into the New York market and buy exchange for \$1,000,000 gold, deliverable in London.

The cost of export, if the gold is taken from the New York sub-treasury and actually sent by steamer, it is figured, would cost the exporter only about \$2,500, or even less for every \$1,000,000. With the market in this condition treasury officials can only hope for the best, which is that the commercial demand for gold for export will cease. This, they expect, will take place with the movement of the crops this fall, if not before.

BEAT THE BOSTON HOTELS

Harry Green Has Been Living High on Baggage Checks.

Boston, Mass., July 19.—Harry G. Green, 26 years old, who says he is a student at the University of Pennsylvania and claims to live in Harrisburg,

was arrested this morning in the Hotel Vendome. He has been living at the best hotels in Boston since last Tuesday. According to his statements his parents do not know where he is. He is simply off on a little vacation and is enjoying it as cheaply as possible. He had secured baggage checks from the various railroad depots, and by leaving one with the clerk, promising to send for his baggage in the morning, he had succeeded in getting a single night's lodging at several hotels.

He attempted to pass several bogus checks, and when arrested several checks on the First National and Manufacturer's National banks were found in his pockets, all made out for small amounts. There was also a check for an overcoat pawned in New York in his pocket. He had no money. He was sent to jail on charges of uttering worthless checks and larceny of baggage checks.

THAT HARRISON STORY

Old Forge Bark Peelers Still Insist That the Ex-President Has Declined the Nomination.

Old Forge, N. Y., July 19.—Further and most positive evidence in support of the story sent out on the United Press wires concerning General Harrison's remarks touching upon the presidency was gathered today by the United Press correspondent. After Major Poole and Joseph I. Sayles, with the other members of the Grand Army delegation had reached the Forge house from Dodd's camp, Thomas Sayles, a member of the delegation, mentioned W. Hall, of Syracuse, who is organizer in Trinity Episcopal church. The two gentlemen are neighbors and on friendly terms. Mr. Hall asked Mr. Sayles about his trip to Dodd's camp and how General Harrison was looking. When Mr. Sayles mentioned the visit were finished Mr. Hall said to Mr. Sayles, "Was anything said about the presidency?"

"Yes," replied he. "Harrison said he did not want it."

That was all that Sayles said about the matter, and Mr. Hall did not further question him.

Mr. Hall said the informant of the United Press correspondent are highly reputable gentlemen, and their reputation for veracity cannot be questioned.

DESPERATE FIGHT IN CUBA

General Santocildes Is Killed—Insurgents Massed.

Paris, July 19.—The Temps has a Madrid despatch saying that official advices confirm the report of a desperate fight between Cuban insurgents and the escort of Captain General Martinez Campos, between Manzanillo and Bayamo. The young Spanish soldiers displayed desperate valor. They formed a square around the captain general and repelled the fierce charges made by the rebel cavalry. General Santocildes was killed while heading a charge to cover the columns' retreat. General Campos then directed the retreat with brilliant intrepidity. He brought in all the wounded and checked the furious attacks of the insurgents, who maintained their pursuit to Bayamo.

Letters from General Campos report that the rebellion is gaining ground in the central provinces owing to the rains paralyzing the movements of the Spanish troops. During June there were 2-3,000 square miles of yellow fever among the troops. Of those attacked 104 died.

MILWAUKEE SELECTED

Next Meeting of Baptist Young People's Union Will Be Held There.

Baltimore, July 19.—The board of managers of the Baptist Young People's Union association were in session for several hours tonight listening to the representatives of the various cities as to their merits for the convention of 1896 and 1897. Brooklyn, Providence, Milwaukee and Denver were the chief contestants and their claims were vigorously urged by ardent supporters.

Milwaukee was selected for the '96 convention, while Brooklyn was the successful applicant for the honor of entertaining the Baptist convention of the following year.

MAJORITY SHRINK

It Does Not Look So Favorable for Unionists.

London, July 19.—The returns today are somewhat less favorable to the Unionists. The success of ex-Home Secretary Aqualith in East Fife shire, and of Sir T. D. Carmichael, in Midlothian, Mr. Gladstone's old district, has given heart to the Liberals, and disappointed their opponents, who were almost certain that they would capture both seats.

Nevertheless, on the day's returns, the Unionists are one better than the opposition, while several material reductions in Liberal votes and increase in Unionist votes are to be noted.

FIGHTING AT SOFIA

Sofia, July 19.—A serious fight has occurred on the Turko-Macedonian frontier between a force of insurgents, fitted out with modern arms, and a body of Turkish troops. The latter were defeated with a loss of 600 men.

Georgioff Arrested.

Sofia, July 19.—M. Georgioff, formerly secretary to Major Panitza, who was executed some years ago after having been convicted of treason, has been arrested on suspicion of being one of the assassins of ex-Prime Minister Stamboulis.

Called the Baby Marion.

Buzard's Bay, Mass., July 19.—The president and Mrs. Cleveland have named the little girl, now twelve days old, Marion Cleveland. As in the case of both Ruth and Esther, no nickname is given.

STATE SNAP SHOTS

The state peach crop needs rainy days. Eastern Pennsylvania stove makers are extremely busy.

Media people complain that tree-trimmers are merely butchers.

A lamp carried out on fire Miss Alice Banks, of Pittsburg, burning her to death.

An unknown scoundrel criminally assaulted little Charlotte Price while picking berries near Yorktown.

The Lehigh Valley Coal company has announced that full time would be worked next week at all its collieries in Hazleton region.

Suit for \$50,000 damages against the trolley company was begun at Williamsport by John McManigal, whose son was injured by a car.

A party of young people from Jolietta, Schuykill county, got lost on the mountain picking huckleberries, and walked twenty miles before reaching home.

RUPTURE IN SILVER CAMP

Southern Delegates Wish to Ignore the Bimetallic League.

AND WORK FOR SIBLEY ALONE

The Men from the South Desire to Keep Within Democratic Lines—North-erners Are Non-Partisan.

Ralphsnyder Looms Up.

Chicago, July 19.—Northern and Southern delegates to the silver conference, under way at the Auditorium hotel, came near an open rupture this morning. At one time a split in the ranks seemed imminent over the desire of the southern delegates to ignore the Bimetallic league. They maintained that avowed purpose of the league was to assist the aspirations of their presidential candidate, Joseph Sibley. The men from the south desired to conduct their work in their section within the ranks of the Democratic party, and in the north to conduct the agitation on non-partisan basis.

Mr. Hooker, of Colorado, asserted that the trouble now in the west was a growing belief that the silver wing was but the tail of the Democratic kite. Congressman Ackerman, of Tennessee, held the breach by the formulation of a compromise resolution, providing that the national committee will be empowered to take charge of the distribution of literature, and that it be instructed to use its best efforts to avoid any antagonism with any other national organization.

General Warner's Protest.

General A. J. Warner, president of the Bimetallic league, protested against any line of work that attempted to carry toward the silver agitation without being allied to the league. He said it had done all the work thus far; that it had spent \$25,000 and stood before the people as a non-partisan organization. An address will be issued to the public setting forth the position of the National Silver league. The members of the national committee will be empowered to organize the various states.

Mr. Ralphsnyder, of West Virginia, attacked the policy of the Bimetallic league. He declared it was not a non-partisan body, and asserted it had placed Joseph Sibley in nomination for the presidency, and thereby became a party matter. Mr. Ralphsnyder asserted that the fight for the silver in the south must be made through the Democratic party, and the work carried on as a separate and independent organization.

THROWN FROM A TRAIN

Mysterious Action of Harry Prudan, of Pittsburg.

Pittsburg, Pa., July 19.—At 12.30 o'clock this morning, while the Wall accommodation train was approaching East Liberty station, the Pennsylvania railroad, Harry Prudan, who lives at 135 Second street, was thrown from the train by her husband, Harry Prudan. The train was running very slow and the woman escaped with slight injuries. She came to the city on a street car and reported the case to the police chief, but no arrests have been made.

Mrs. Prudan says she cannot account for her husband's actions. Prudan is an employe of the Westinghouse Air Brake company. The affair is surrounded with considerable mystery. Prudan and his wife, it is said, do not live together. She is 19 years old.

HANGED BY A NAIL

Farmer Falling from a Load of Hay Has a Horrible Experience.

Media, Pa., July 19.—A horrible experience was suffered by T. T. Williamson, a Thornbury township farmer. He was helping haul hay on the Hayo farm, and while upon a load on the barn floor he lost his balance, and fell against a projecting nail in the framework of the barn.

The nail entered his arm near the shoulder and plowed its way to near the elbow, where it caught in the elbow joint, and suspended the man several feet from the floor. The other hands were almost paralyzed with horror at first, but a ladder was at hand and Williamson was quickly released.

FORAKER'S NARROW ESCAPE

Stone Thrown at a Train by a Tramp Barely Misses His Head.

Cleveland, Ohio, July 19.—A special from Springfield, Ohio, says: Ex-Governor J. B. Foraker had a narrow escape from death last night. He was on a sleeping car on the Big Four train which reaches this city at 8.40. Between Dayton and Enon a large stone was thrown through the window and barely missed his head. Glass from the broken window cut his face badly, but he was not seriously injured.

The stone weighed at least two pounds. It is supposed that it was thrown by a tramp.

WILL CAN HORSE MEAT

An Establishment Begins Operations at Portland.

Portland, Ore., July 19.—The Western Packing company's horse meat cannery establishment at Linton, the only one of the kind in existence in this country, began operations today. The plant is equipped with about \$10,000 worth of machinery for slaughtering, packing and shipping meat.

Railroad companies have been asked to make a rate on canned horse meat in carload lots to the east at \$1 per 100. The prospects for the market seem good.

HAD PROMISES ENOUGH

Quay's Supporters Were Duped in Center County.

Bellefonte, Pa., July 19.—The Republican campaign in Center county closed tonight and the victory is with Governor Hastings and State Chairman Gilkison. The governor will himself be elected one of the delegates to the state convention, and S. H. Bension will be his colleague.

The county primaries will be held tomorrow.

Quay's supporters said tonight that they had enough promises to win, but those making the promises did not keep them.

Easton, Pa., July 19.—Governor Hastings will capture the four state delegates at the Northampton Republican

SENTENCE DEFERRED

On Wednesday John S. Collins Will Know His Fate.

Trenton, N. J., July 19.—Sentence has been deferred until next Wednesday in the case of John S. Collins, the negro who shot and killed Frederick Ohi, and seriously wounded Garret Cochran, both Princeton students.

The verdict of murder in the second degree was reached on the third ballot. The first one stood seven for murder in the first degree and five for manslaughter. The second ballot stood eight for murder in the first degree and four for manslaughter.

MIDSUMMER DULLNESS

Trade News Not So Encouraging This Week, According to Opinions from Dun & Company.

New York, July 19.—R. G. Dun & Co., in their weekly review of trade, tomorrow will say:

The week's news is not entirely encouraging, but is all the more natural because there are signs of midsummer dullness. Wheat prospects are not quite as good as last week, but still there are lower prices, as corn and cotton have been lowered. The exports of gold and the less favorable treasury returns for July are not unexpected and mean nothing as to coming business. There is a perceptible decrease in the demand for most manufactured products, and the actual distribution to the consumers naturally lessens in mid-summer.

There are still numerous advances in wages, but strikes grow more numerous and important.

Money is still abundant, and while there is much more activity in commercial loans, it is not what would appear if all industries were fully employed.

The volume of exchange continues nearly as large as in 1892, because of the delay in spring operations, and though rapidly sinking to summer proportions, is 27 per cent. larger than last year. The future turns on crops and the market reflects a prevailing belief that the crops are to be fat.

Orders have so accumulated in iron products that some works forego the usual summer rest, and eastern furnaces soon to begin blast will add about 5,000 tons weekly to the production. Yet the week has been in new business the dullness since the rise in prices began, as many hesitate to buy after so great an advance. A few quotations have advanced—gray iron and eastern bar—while Bessemer pig is a shade weaker at Pittsburg, but the average of all prices is 1 per cent. higher for the week, and 2.3 per cent. higher than Feb. 1.

Failures for the week have been 256 in the United States against 230 last year, and 39 in Canada against 44 last year.

CRASH ON THE LAKE ERIE

Passenger Train Runs Into a Coal Engine, List of Injured.

Pittsburg, Pa., July 19.—At 12.15 o'clock this afternoon two engines and a baggage car were demolished and a number of people injured on the Lake Erie road, near McKee's Rocks. The accident was caused by a coal train attempting to cross over the main track, and the passenger train had crossed into the engine of the coal train. The injured are: Engineer John Cummings, Fireman Frank Johnson, Assistant General Passenger Agent F. H. Wallace, General Passenger Agent Myron Wood, Charles B. Leach, ticket agent at Youngstown, together with three men whose names were not learned.

Those injured were in a Pullman car and thrown from their seats, landing in a heap near the forward end. Passengers in the day coaches received a bad shaking up, but were not injured. Frank Erick, conductor, escaped by jumping.

COXEY'S WIERD TALE

Did Mr. Cleveland "Deliver the Goods" According to Reports?

Pittsburg, Pa., July 19.—A special to the Times from Massillon, O., says: J. S. Coxe, brings out a story tonight obtained by him from C. M. Miller, a Canton manufacturer, who claimed that Congressman Sibley, of Pennsylvania, related the alleged facts to him. According to this tale the bankers of New York learned in 1892 that Harrison's re-election was certain and that a Democratic house was equally as well assured. Not liking this they sent emissaries to Mr. Cleveland with a proposition to drop \$1,000,000 into the Democratic campaign fund in return for a pledge that the silver purchasing clause of the Sherman law should be repealed, all pro-silver legislation cancelled and gold bonds issued.

Mr. Cleveland accepted the conditions, and according to Mr. Sibley, has delivered the goods.

NOTED ARTIST DYING

Philadelphia, July 19.—E. F. Rothermel, the artist, is dying from cancer at his country home near here. Mr. Rothermel is an artist of ability and has painted many pictures in his long life of 80 years. His best known painting is the immense canvas "The Battle of Gettysburg," for which he was paid \$25,000 by the state of Pennsylvania.

Large Mill Burned.

Norristown, July 19.—The large mill located a few miles from here, owned by Edward Clegg, and operated by the Clegg & Bro. Carbonizing company, in Philadelphia, was totally destroyed by fire last night. Loss, \$30,000; insured.

WAGES WILL BE HELD

Lancaster, Pa., July 19.—Notice has been posted in the Penn. Rolling mill that puddlers' wages will be raised on Monday from \$2.75 to \$3 a ton. The wages of other employees are raised in proportion. Three hundred men are affected.

SPARKS BY WIRE

In a fit of insanity Mrs. Theresa M. Porter, a Detroit philanthropist, hanged herself.

Manchester, Mass., celebrated its 250th anniversary as a town with elaborate ceremonies.

The third of the murderers of J. Martin, at Sumnerville, Ark., Wiley Bunn, colored, has been run down and shot.

While bathing in the lake at Muskegon, Mich., Albert and Walter Walkerson, brothers, aged 19 and 4, were drowned.

TERRIFIC WIND STORM

Cyclone Creates Havoc in Vicinity of St. Clair.

CADILLAC HOTEL IS UNROOFOED

Trees and Chimneys Have Been Blown Down and Telegraph Wires Are Prostrated—Damage to Crops in Iowa.

St. Clair, Mich., July 19.—About 2 o'clock this afternoon a terrific storm of wind struck here, approaching a hurricane in its velocity. Several yachts are said to have been overturned in the river, and two children of William Lee were crushed under a falling chimney.

The hotel Cadillac was unroofed, the tower of the court house and city hall was wrecked and the roof lifted off. Trees and chimneys have everywhere been blown down and telephone and telegraph wires prostrated. Heavy damage to property is reported at Courtright, Ont., across the St. Clair river.

It is feared several drownings have occurred.

Des Moines, Ia., July 19.—Rain, wind and hail storms over a large section of Iowa did much damage to crops and property last night.

The Rock Island Denver "flier" was ditched near Iowa City by a washout and the fireman had his leg broken. The passengers were badly shaken up, but none were seriously injured.

STORMS IN THE OIL FIELDS

Findlay, Ohio, July 19.—One of the most destructive wind storms ever known to have passed this section of the state occurred here around this city this afternoon, causing much damage to property, which lay in its path. The wind was of short duration, lasting only five minutes, but it swept everything movable before it. The rain was accompanied by hail, which, however, had no part in the destruction caused by the storm. Several houses were unroofed and other damage of a like character done. The storm did not extend far beyond the city limits, and consequently no damage was done in the oil fields or to growing crops. The loss in the city is estimated at \$5,000.

HOSE CART ACCIDENT

One Fireman Killed and Several Others Are Injured.

Philadelphia, July 19.—While a hose cart was going to a fire this morning it overturned at Nineteenth and Vine streets, throwing its occupants to the street, killing one of them and severely injuring four others. John A. Ryder, aged 48, a fireman, was thrown beneath the hose cart and received injuries from which he died shortly afterwards in the hospital. Four others were severely injured as follows: Daniel O'Connell, P. M. Collins, Jr., William H. Murphy and John McGeehan. With the exception of McGeehan all were able to leave the hospital after having their injuries attended to.

The accident was caused by an effort of the driver of the hose cart to avoid a collision with a wagon. The driver of the cart was compelled to pull sharply to the right, and in doing so the wheel of the cart struck the street car rail and the heavy cart was overturned. The driver jumped when the cart went over and was the only man on it who was not injured.

ACID FOR COUGH SYRUP

William M. Davis Will Die as the Result of a Brother's Mistake.

Franklin, Ind., July 19.—William M. Davis, residing at Hopewell, six miles west of here, will die as the result of being given a dose of carbolic acid in mistake for cough syrup. By some means the bottle which held the acid, which had been obtained for disinfecting purposes, was placed on the mantel beside other medicine.

Last night Mr. Davis was seized with a coughing fit and his brother picked up the bottle, which he supposed contained the syrup, and gave him a spoonful. Mr. Davis was fatally burned and will die. His brother is almost distracted over his fatal mistake.

SHOT IN MISTAKE

County Clerk Wehrle's Slayer Becomes Frantic.

Brazil, Ind., July 19.—County Clerk Jack Wehrle, who was mistaken for a burglar Tuesday night and shot by Hon. George E. Knight, died this morning. Just before dying he wrote a pathetic letter to his sweetheart, who is visiting in California.

Upon hearing of Mr. Wehrle's death Mr. Knight became frantic. He is suffering intense mental agony, and it is feared he will become insane. He was taken to Indianapolis today by Dr. Eastman, and a close watch will be kept over him for some time.

LIGHTNING'S FREAKS

Strikes a Cable Running into a Deep Quarry and Kills a Man.

York, Pa., July 19.—Word was received in this city today of a peculiar fatality at the slate quarries at South Delta, just across the York county line in Maryland on Tuesday.

During the prevalence of a thunder storm James Norris, an employe of the Jones quarries, was stepping into the basket to be lifted out of the deep quarry when a bolt of lightning struck the cable, ran down to the basket and killed Norris instantly.

Earthquake at Chile.

San Francisco, July 19.—South American advices brought by the steamer San Blas today state that the south coast of Peru and the coast of Chile, north of Valparaiso, have been visited by a tidal wave which did considerable damage. Earthquake shocks preceded the marine disturbance.

Lake Fidler Flooded.

Shamokin, Pa., July 19.—The Luke Fidler colliery, which was on fire and then flooded, entailing a loss of \$30,000 and five lives, will resume operations in September. One thousand men and boys will be given employment. The colliery has been idle since last October.
