CITY NOTES.

Gentlemen's Driving club races at Driving park Saturday, July 20. The will of Mrs. Celia McNulty, late of the North End, was yesterday admitted to probate.

A marriage license was yesterday granted to Michael Holland and Katie Hyder, of the North End.

Charles Muncher, of New Street, was injured yesterday by falling while at work in the Dickson shaft.

Plans have been prepared for the erection of two stores in front of the Faurot house on Washington avenue.

Martha Washington Chapter of the Order of the Eastern Star, ran a large excursion to Fairview yesterday.

Officer Thomas Lowry is serving as sanitary policeman in place of Officer E. E. who has gone to attend the encampment.

The will of Christina Bourke, late of this city, was yesterday admitted to probate.

Resident Manager Walter Dickson, of the Phoenix Bridge company, received bids yesterday for the painting of the Roaring brook bridge.

Alterman W. S. Miller's office will be kept open during his week's absence at camp, and his business will be attended to by his secretary, Thomas Jordan.

The manufacturers' committee of the board of trade will hold a special meeting next Tuesday evening to consider the question of securing the Dickinson law school for this city.

Before Attorneys J. Alton Davies, R. A. Zimmerman and Joseph O'Brien, the examining board of the Lackawanna bar yesterday, the following took the final examination for admission to the bar: John Jeffrey, J. J. Murphy, M. J. Walsh, M. J. McAndrew, A. V. Bauer, Roscoe Dale and George C. Yokam.

The bond of Oscar Strauch as collector of taxes of the Twelfth and Nineteenth wards, in the sum of \$1,000 with Charles Koempel and Emil Bauer as sureties, and the bond of George T. Hoffman, of the Second ward, in the sum of \$1,000, with M. P. Preston, G. A. Hauser and S. N. Sicker as sureties, were filed yesterday in court.

FOREMAN ARRESTED. Street Commissioner in Evidence in Enforcing the Law.

Work was stopped on the excavation at Spruce street and Wyoming avenue, the site of the proposed new building of the Traders' National bank, yesterday morning by Street Commissioner Kinsey. Conrad Schroeder has the contract of constructing the building, and he is now excavating to the corner Hartman, of the South Side. No permit was taken out, and it is also against the law to begin any excavation without making provisions for a four-foot sidewalk.

The street commissioner arrested Hartman and brought him to the city hall, where Mr. Schroeder soon afterwards appeared, and the difficulty was settled. A permit was got out, in addition the assurance was given Mr. Kinsey that the sidewalk will be constructed immediately. The building must be finished by Feb. 1.

The finest line of wines, cigars, malt and other liquors in the city at Lehmann's, Spruce street. E. Robinson's, Milwaukee and Folgenpan's beers on draught.

For Heavy, Sluggish Feeling Use Hoford's Acid Phosphate. It produces healthy activity of weak or disordered stomachs that need stimulating, and acts as a tonic on nerves and brain.

The Peocmo 5c. cigar is still leading all competitors.

Buy the Weber and get the best. At Guernsey Bros.

Those two or three teeth you've lost can be replaced without plates at Dr. E. S. Whiston's Office, 61 Lackawanna avenue.

DOWN AT MOUNT GRETTA

Advance Guard Getting Camp in Shape for the Thirteenth.

LACK OF COMPANY B INJURED. Three Explosive Into a Fire Around Which Companions Were Sitting.

Special to the Scranton Tribune. Mt. Gretna, Pa., July 19.—Taken as a whole the advance guard of the Thirteenth regiment was a great aggregation of husters and the work they accomplished in such a short time is the proof of the assertion, and yet, although to the uninitiated wonderful things have been accomplished, there is a great deal of dissatisfaction in the camp, and this is due to the fact that notwithstanding the efforts that have been put forth for the accomplishment of a desired object, that object is not accomplished.

When the regiment arrives tomorrow the members will find that preparations for their reception have not yet been completed. This fact is greatly deplored by the members of the regiment who compose the advance guard.

Weather is Delightful. The weather has been delightful and if the lumber which was ordered in Scranton and which arrived late had reached here earlier, a presentable showing might have been made. As it is, the majority will have to work the greater part of the night. The Thirteenth are pleasantly located, but with the exception of the cavalry are the farthest from the station, and it is not likely that they will be bothered with visitors.

What might have been a serious accident occurred early this morning when Corporal Lack, of Company B, threw a shell in the fire around which several soldiers were sitting. The explosion severely burned him about the eyes, and several stitches were required to dress his injuries. Luckily his eyesight is not impaired. The feeling against Corporal Lack was high for some time. Major Barnard's management of the advance detail has not endeared him to the members of it.

T.P.D. Thirteenth at Wilkes-Barre. Special to the Scranton Tribune. Wilkes-Barre, July 19.—The train with the Thirteenth regiment on board is progressing rapidly. There are 424 men on board. Each company has its full complement of men. Boys are all enjoying themselves and well. There have been no accidents. Train and quarters are very fine, and are under the personal supervision of C. H. Keller and W. L. Pryor, of Lehigh Valley company. C. H. D.

DEPARTURE OF THE THIRTEENTH. Thirteenth Regiment Starts for the Camp Ground at Mt. Gretna.

The inevitable "The Girl I Left Behind Me" played by the drum corps, which headed the regiment as it marched down Lackawanna avenue last night told the whole story of the departure.

Fully nine-tenths of the large throng which assembled to see the soldiers off was of the female persuasion. A man not in uniform was a nonentity in the eyes of that throng, and well the soldier boys deserved the attentions that were bestowed upon them and the plaudits that greeted them for they certainly looked "stunning."

They left the army at 8:30 and marched direct to the cars, which were backed in at the Delaware and Hudson station. The boys, however, were in no hurry to get aboard. They had last in junction to receive about writing every day, and their had adieux to make, and consequently they found the interim only too short between their arrival at the cars and the departure of the train.

When the signal, "all aboard," was given and the train started out, a hearty cheer was given by the assemblage which was returned by the soldiers. Then followed waving of hands and kerchiefs until the last car was lost in the darkness and the 500 soldier lads departed from our midst for seven days.

By the appearance of the cars, the preparations that were going on and the spirits of the boys, it would be quite safe to judge that there would be some sleep lost during the night. In fact it looked as if not one was giving the matter of sleep any consideration whatever.

The Scranton papers will be represented at camp as follows: Truth, James O'Connor; Republican, G. W. Williams; Times, Chauncey H. Derby; Tribune, T. P. Duffy.

Number in Attendance. In all about 500 men will be in attendance at the encampment. Ninety-seven men under command of Major Montrose Barnard left on Thursday to prepare the camp for the reception of those who left last night.

Colonel Ezra H. Ripple, commissary general, and W. H. Burke, commissary sergeant on the governor's staff, left yesterday at noon to report to the governor at Harrisburg. They will accompany the governor in his tour of inspection of the First and Third brigades. Major W. S. Miller left last night for Philadelphia, where he will proceed to the First brigade encampment at Lancaster, Montgomery county, to assist in the governor's inspection of that brigade.

Major J. W. Oakford, judge advocate of the Third brigade, also left yesterday to report to Brigadier General Gobin at Harrisburg, and will proceed with his staff to Mt. Gretna.

Every officer of the Thirteenth regiment with the exception of Chaplain B. C. Logan will attend the encampment. His place is filled by Rev. N. F. Stahl, of the Green Ridge Presbyterian church. The staff officers are: Colonel Henry A. Coarsen, Lieutenant Colonel C. C. Mattee, Major Montrose Barnard, Major W. H. Whitney, Major W. G. Fulton, Adjutant L. M. Mattee, Adjutant John Kubach, Quartermaster W. J. Tracy, Inspector of Rifle Practice W. H. Jessup, Jr., Assistant Surgeon D. A. Capwell, M. D., Assistant Surgeon C. R. Parke, M. D., Chaplain N. F. Stahl.

The non-commissioned officers are: Sergeant Major John M. Huchter, Quartermaster Sergeant Rees Watkins, Hospital Steward Joseph Baumeister, Commissary Sergeant H. Andrews, Principal Musician W. H. McDonnell, First Battalion Sergeant Major Albert Davidson, Second Battalion Sergeant Major George Rice, Color Sergeant Harry Hermers.

The eight companies composing the regiment are officered as follows: The Officers in Command. Company A—Captain F. W. Stillwell, First Lieutenant H. B. Cox, Second Lieutenant J. O. Dimmick. Company B—Captain W. J. Kambach, First Lieutenant John Sample, Second Lieutenant Elmer Berry. Company C—Captain H. B. Chase, First Lieutenant Frank Robinson, Jr., Second Lieutenant W. A. Raub. Company D—Captain Fremont Stokes, First Lieutenant Thomas Gillman, Second Lieutenant Ledy Hell. Company E—Captain W. S. Miller, First Lieutenant W. L. Rowlin, Second Lieutenant W. A. Wood, Second Lieutenant D. B. Smith. Company F—West Side—Captain Eugene D. Briggs, First Lieutenant Walter Briggs, Second Lieutenant F. W. Mason, Jr. Company G—Montrose—Captain R. James McCausland, First Lieutenant W. S. Jessup, Second Lieutenant E. B. Joachim. Company H—Providence—Captain S. W. Corwin, First Lieutenant J. L. Huff, Second Lieutenant J. W. Benjamin.

The companies have full complements and there are only a few of the men who have not qualified. Company F and Company H only have the distinction of going to camp with full complements and every man a qualified marksman.

The train which bore the regiment away was made up of eleven Lehigh Valley cars. The first was a stable car, containing the thirteen horses for the staff and the staff officers. Next came a combination baggage car, then eight coaches for the men, and last was a chair car for the officers. The route to the encampment was over the Delaware and Hudson to Wilkes-Barre, thence over the Lehigh Valley to Allentown, thence to Lebanon over the Philadelphia and Reading, thence over the Cornwall and Lebanon to Mt. Gretna. It is expected that the regiment will reach the camp early this morning.

ORDAINED AT CATHEDRAL. Rev. James C. McAndrew Elevated to Priesthood by Bishop O'Hara. At 6:15 yesterday morning at St. Peter's cathedral, Right Reverend Bishop O'Hara began the ceremony that ended in the ordination of Rev. James C. McAndrew to the dignity of a priest of the Catholic church. The bishop was assisted by Rev. J. B. Vealey, Rev. N. J. McManus, of Holy Rosary church, and Rev. J. A. O'Reilly, in the sanctuary were Rev. Kenneth Campbell, Rev. V. Hussie, of Carbondale; Rev. Hugh Geraghty, of Pleasant Mount; Rev. Father Griffin, of Honesdale, and Rev. Father Dominic, of St. Mary's seminary, Baltimore.

Present at the mass were many friends of the young priest, on whom he bestowed his blessing. Father McAndrew will read his first mass at the cathedral at 10:30 tomorrow morning.

SHE WANTS THE LAND. Equity Suit Brought by Mrs. M. Spencer Against Ward J. H. Hart. An injunction has been applied for by ex-Justice Alfred Hand representing Mrs. Mehlhite M. Spencer, to restrain Warren J. Hall, of Dunmore, from removing and tearing down the fences surrounding the Spencer property between Drinker and Colvin streets in that borough. It is also to prevent him from excavating on the premises before an account of damages can be taken and awarded to her.

She alleges that she is the owner of a corner lot, 60 by 224 feet, and has been in possession of it for forty-two years; nevertheless he has attempted, while excavating on his own lot, to also encroach on her land.

ATBERTHON AND PHILLIPS

Elected Delegates by the Republicans of First District.

M. E. SANDERS' RESOLUTIONS. They Sought to Get the Endorsement of the Convention for United States Senator Matthew Stanley Quay but Were Laid on the Table.

Two delegates for Judge Willard were elected at yesterday's convention of the Republicans of the First Legislative district, held in Meigs hall, West Side. They are B. B. Atherton and Thomas W. Phillips. Delegate M. E. Sanders made an effort to have the delegates instructed for Quay, but was unsuccessful.

The convention was called to order at 3 P. M. by Dr. W. A. Paine, chairman of the standing committee of the district. Secretary John H. Reynolds read the call and Elias Evans and W. B. Thornton were selected as assistant secretaries. Credentials were called for and after they had been handed in the delegates were entitled to seats in the convention, no one appearing to contest the rights of the delegates holding credentials.

Members of the Convention. First ward, First district, Job Jenkins, Thomas E. Jones, Joseph S. Mackin, Dr. W. A. Paine, W. B. Thornton; Third district, John Neat, Edward Crolien, William Appelman, Isaac Jones. Second ward, First district, Evan Grier, David F. Paine, Second district, George Reale; Third district, George H. Pierce, Thomas Mackerell; Fourth district, Thomas Simms; Fifth district, William Crosby.

Third ward, First district, Edward Reek; Second district, Richard Walsh. Fourth ward, First district, A. B. Eynon, W. T. Sprague; Second district, W. G. Paine, J. J. Appelman; Third district, Daniel J. Phillips, John Thomas. Sixth ward, First district, William Ganahan; Second district, John W. Horn.

Fourth ward, First district, Reese Pritchard, Ebenezer Williams; Second district, James Lewis, William Nichols. Fifth ward, First district, William M. Wier, E. E. James, J. P. Acker, John P. Lewis. Eighteenth ward, John R. Becket. Twenty-first ward, First district, W. B. Thornton; Second district, Isaac Evans, Henry Sherman.

Captain Pearce Made Chairman. After the list of delegates had been read Chairman Paine announced that the preliminary work of the convention was completed and said the body was ready to affect a permanent organization. W. J. Appelman, of the North End, nominated as chairman Captain E. W. Pearce, who represented the Second district of the First ward. He was unanimously elected as were Elias Evans and W. B. Thornton as permanent secretaries.

Thomas T. Jones was also nominated as secretary, but his name was withdrawn before the convention had an opportunity to pass upon it. Nominations for state delegates were then asked for.

W. J. Appelman was the first person to gain the recognition of the chair and in a short speech he nominated P. B. Atherton and W. B. Thornton as delegates. The nomination, and A. B. Eynon placed the name of Thomas W. Phillips before the convention. M. E. Sanders nominated Wado M. Finn, who he said, was a man whose Republicanism had never been questioned. John J. Morgan placed William Penn-Morgan in nomination.

After the work of naming the candidates had been completed, Mr. Sanders presented the following resolution, which he asked the convention to adopt: Resolved, That the delegates elected this day to the Republican state convention be and they are hereby instructed to vote for and support United States Senator Matthew Stanley Quay for chairman of the state committee.

W. G. Paine, of Sprague's, of the West Side, this resolution was laid upon the table by a vote of 32 to 21.

Votes for State Delegates. Mr. Sanders served notice on the delegates that he had another resolution to offer and while he was preparing it, on motion adopted by the convention, the vote for state delegate was taken and resulted as follows: Atherton 32 Phillips 22 Morgan 21

B. B. Atherton and Thomas W. Phillips, having received the majority of the votes cast by the convention, were declared elected by Chairman Pearce. A motion was made to adjourn, but the chairman reminded the delegates that Mr. Sanders' resolution had been handed in for consideration. One or two of the delegates insisted on the motion to adjourn, but the chairman ruled that he could not entertain it while the body had not completed the business it was called together to transact, and Mr. Sanders' resolution was read. It was as follows: Resolved, That the delegates this day elected to the Republican state convention be and they are hereby instructed to be held at Harrisburg on Aug. 28, 1895, and are hereby instructed to vote for Governor D. H. Hastings, for chairman of the state convention, and Hon. E. W. Willard for judge of the Superior court, and for Hon. Matthew Stanley Quay for chairman of the Republican state committee.

When the vote on this resolution was taken Mr. Sanders asked for the yeas and nays, and they were taken, showing that the resolution was laid on the table by a vote of 32 to 21. In asking for the yeas and nays Mr. Sanders said he thought it was right that the delegates should go to the convention instructed. He introduced the resolution to ascertain the sentiment of the delegates, and if they did not approve of it he hoped they would amend it to suit their wishes. Even this speech did not save the resolution.

For alternatives Isaac Jones, named J. L. Atherton, and W. T. Sprague suggested the name of W. G. Daniels. Both were chosen by acclamation.

POOR BOARD SESSION. Private Telephone System Will Be Erected at the Hillside Home. A brief meeting of the Scranton poor board was held yesterday afternoon at which Director Shotton introduced a measure for the introduction of a telephone system at the Hillside Home, connecting all the departments with the superintendent's office. The home committee was given power to set and

SHALL BABY DIE?

Cholera Infantum Now Menaces Homes.

Mothers Warned to Look Sharp to Child's Food.

Diet Wrong When Infant Cries Continually.

Children of Physicians Fed on Lactated Food.

Delicate, Sickly Ones Thrive Wonderfully on It.

The hot weather puts a pressing question to every mother—a question that demands an immediate answer. It is impossible to postpone looking the great problem of "infant-feeding" fully in the face. Has every precaution been taken to keep baby well during the summer? Is the baby running any risk from cholera infantum?

People have begun to learn that medicines for infants are more sparingly used in physicians' families than in any others, and that the well-educated physician, when the mother's milk for any reason is not sufficient, brings up his own child on lactated food.

There are no healthier or plumper babies than those fed on lactated food. Fewer cases of summer diarrhoea and cholera infantum occur in homes where this superb nutriment is employed than in others. The most carefully, intelligently guarded children are those fed on lactated food. Every infant who is not thriving, has poor color, or shows small gains in weight and size, should be given this perfect infant food. It is relished by young children, and there is no difficulty in inducing them to take it in quantities sufficient to insure their growth and healthy condition. During the exhaustive hot days of summer, while teething and during the weaning period, lactated food stands its best test as an ideal infant food for all trying occasions.

When for any reason the mother cannot nurse the child, or when her milk is insufficient or poor in quality, the best trained nurses use lactated food at once. It is known to invariably make firm flesh, a clear skin, bright eyes, and to strengthen the body so that diarrhoea, cholera infantum and exhausting summer sickness do not easily gain a footing. And a great blessing it is to countless humble homes that for 25 cents a mother can buy a package that contains enough to make 50 pints of pure cooked food.

When for any reason the mother cannot nurse the child, or when her milk is insufficient or poor in quality, the best trained nurses use lactated food at once. And a great blessing it is to countless humble homes that for 25 cents a mother can buy a package that contains enough to make 50 pints of pure cooked food.

When for any reason the mother cannot nurse the child, or when her milk is insufficient or poor in quality, the best trained nurses use lactated food at once. It is known to invariably make firm flesh, a clear skin, bright eyes, and to strengthen the body so that diarrhoea, cholera infantum and exhausting summer sickness do not easily gain a footing. And a great blessing it is to countless humble homes that for 25 cents a mother can buy a package that contains enough to make 50 pints of pure cooked food.
