

The Very Latest Sporting News.

Detailed Account of the Various Outdoor Sporting Events Held Yesterday Through the Entire Athletic World.

EASTERN LEAGUE.

Table with 2 columns: Team and Score. Includes entries for Toronto, Buffalo, Rochester, Syracuse, Springfield, and Scranton.

Scranton was the only club of the East division to win yesterday, and it was a close call at that, a little scientific hitting securing the necessary run in the ninth. Hodson, for Providence, was an enigma for Rochester. Buffalo had its customary error malady and permitted Wilkes-Barre to win by a safe margin. Springfield played Syracuse to a standstill. The position of any club cannot change today, although Wilkes-Barre is within two games of third position.

Table with 2 columns: Team and Score. Includes entries for Springfield, Providence, Syracuse, Wilkes-Barre, Buffalo, Rochester, and Toronto.

Today's Eastern League Games. Scranton at Toronto. Wilkes-Barre at Buffalo. Springfield at Syracuse. Providence at Rochester.

WON IN THE NINTH.

Scranton took the first from Toronto on the Last Lap—Both Teams Played a Ragged Game. Toronto, July 24.—Toronto dropped the game today in the ninth inning. It was close all through and at one time it looked as if the home team would win.

Stupid base running and lack of team play lost Toronto several runs. The Scranton visitors bunched three singles, a double and a triple in the fifth which, with Shinick's fumble, produced five runs.

Scranton scored the winning run in the ninth by the prettiest batting possible. Ward bunted safely, Meany bunted a sacrifice, and Eagan singled. The feature was the visitors' five double plays, worked in most opportunely.

Bases on balls and Ward's errors gave Toronto four of their six runs. Attendance, 300. Score:

Table with 2 columns: Team and Score. Includes entries for Toronto and Scranton.

BUFALO'S TWO ERRORS.

Wes Costly and Permitted Wilkes-Barre to Win. Buffalo, July 24.—Wardworth's pitching was not entirely recovered from the poke it received several days ago, and Wilkes-Barre fell upon him, and by six clean singles and a wild throw by Urquhart to catch Griffin at second five runs were scored against the Buffalos.

Buffalo really played a faster game in the field than did Wilkes-Barre, but inability to bunch hits held down the locals. Attendance, 1,200. Score:

Table with 2 columns: Team and Score. Includes entries for Buffalo and Wilkes-Barre.

WILKES-BARRE.

Table with 2 columns: Player and Stats. Lists players like Lytle, Shannon, Lesotte, Griffith, Earl, Bonner, Diggins, Smith, Keenan.

BUFFALO'S TWO ERRORS.

Wes Costly and Permitted Wilkes-Barre to Win. Buffalo, July 24.—Wardworth's pitching was not entirely recovered from the poke it received several days ago, and Wilkes-Barre fell upon him, and by six clean singles and a wild throw by Urquhart to catch Griffin at second five runs were scored against the Buffalos.

WILKES-BARRE.

Table with 2 columns: Player and Stats. Lists players like Lytle, Shannon, Lesotte, Griffith, Earl, Bonner, Diggins, Smith, Keenan.

Barnard runs—Buffalo, 4; Wilkes-Barre, 5. First base on errors—Buffalo, 4; Wilkes-Barre, 1. Left on base—Buffalo, 1; Wilkes-Barre, 1. First base on balls—Buffalo, 1; Wilkes-Barre, 1. Struck out—By Wardworth, 1; by Keenan, 2. Home runs—Urquhart, 2. Two-base hits—Clymer, Kissel, Field, Lytle, Lesotte, 2. Griffin, Shannon, Stolen bases—Wise, Lytle, Griffin, Smith. Hit by pitcher—Urquhart, 2. Umpires—Wardworth, 2. Umpires—Wardworth, 2.

Buffalo really played a faster game in the field than did Wilkes-Barre, but inability to bunch hits held down the locals. Attendance, 1,200. Score:

work for the Harrison team in the State league, have signed with West. John A. Burns and J. W. Flynn will take base ball teams to England at the close of the season. Barnes and Flynn disposed of their interest in the Minneapolis baseball club yesterday at a special meeting of the Western league.

There was a time but a few short weeks ago that many of the base ball enthusiasts in this city were wishing that another game could be arranged between the Carbons and Scranton clubs. At that time the prospects of an exciting game were good. Now, however, one hears the matter seldom mentioned. Scranton has certainly dropped out and the game may never occur.

Amateur Ball Notes. The Carbons and the North End Stars will play at Sanderson's park Friday afternoon at 2:30. The Carbons challenge the Moose Base Club to a game of ball on the European ground Saturday, July 27. M. Wall, manager.

The West Side Stars challenge any club in the city whose members are under 18 years of age. Lou Davis, manager; Will Houghton, captain.

The Brownies, of the South Side, will challenge the Moose, of Oliphant, for a game Aug. 4 on the Hollow grounds. Answer in three days. Capt. Dougherty, captain; C. Bellschmidt, manager.

The Americans, of Dunmore, challenge the Grass Cutters to a game on No. 5 grounds, Dunmore, Wednesday, July 27, at 8:30 p. m. The trackmen in fine order. Crackerjacks, of Green Ridge, to play on Thursday, Aug. 1, on the same grounds at 2:30.

The Crackjacks, of Green Ridge, challenge the Moose to a game at Sanderson's park at 10:30 sharp Friday morning. We also challenge the Young Americans of Dunmore, or any other club, on the 25th, by mail, for 50 cents. James E. Bradley, manager.

The Dickson works club challenge the Delaware, Lackawanna and Western country. Finch's or Scranton Stove works, or any other club, to play on the grounds July 28, the game to be called at 1 o'clock sharp. First come first served. Answer in Tribune.

JOE PATCHEN BEATEN. John R. Gentry Paced the Fastest Half Mile Ever Done in Public. Freeport, Ill., July 24.—Ten thousand people saw John R. Gentry pace all around Joe Patchen this afternoon at Taylor's track in Freeport, Ill. The condition when the race was called but rain fell at the conclusion of the first heat. Both horses were loudly cheered when they appeared before the judges stand. Gentry was a slight favorite in the race although many horsemen backed Patchen.

A Viaduct at Tripp's Crossing. An overhead bridge is the only method by which the Scranton Traction company can run its cars between here and the North End. The track has already been laid to the Delaware, Lackawanna and Western crossing from both sides, but the viaduct will stop for some time to come. The railroad company realizes that the possibilities for accidents at this point, if cars were to cross, would be enormous, and its permission will never be given until the existing circumstances. These mishaps are foretold by the high hill on the southern bank, down which the cars must necessarily come. A viaduct is the only safe means of transportation, and undoubtedly time will produce the structure. As the railroad company owns the land on either side of the road, the damage would be slight, inasmuch also as the company favors an overhead passage. As soon as the Rendham road is completed the Traction company will run more cars to the West Side, and the traffic on this side will be better accommodated than it is now.

Come Over, Mr. Kinsey. Rebecca avenue is undoubtedly the worst street in the city, considering the block between Price street and Swetland street. North Main avenue is almost impassable since the tear-up of the Traction company. Robinson and Ninth street mud is of the same persuasion. The street is a veritable cesspool, and it is probable that the paving matter is at a standstill. Councilman Oliver is directed to a badger in the 400 block on South Main avenue. The corner of Main avenue and Larimer street is the forming place of a pool of water, and lower Luzerne, near the culvert, is rutted with deep mud ditches.

Hurt in the Mines. Lewis R. Lewis, of Decker court, was injured yesterday at the Storrs mine by a fall of coal. The hurts consist chiefly of head cuts and bruises.

Nuggets of News. The ladies of St. David's church will hold a sociable this evening at the church. All are invited to attend. Miss Ruth Brooks is at Lake Ariel. Rev. G. W. Evans, of Chester, Pa., will deliver a sermon this evening at the First Welsh Baptist church. All of Mr. Evans' friends, and they are legion, will congregate this evening to listen to the eloquent divine.

He Has Found It—So Can You. Spruce. The best place in the city to get fishing tackle and sportsman's supplies. That's SPRUCE'S. He has found it. He has found it. He has found it. He has found it.

Will Wheel to Minnesota. New York, July 24.—Herman G. Fritz, an artilleryman attached to Battery A, First artillery, at Fort Hamilton, N. Y., started on a bicycle on a bicycle for Fort Snelling, Minn., on Monday morning, on three months' furlough and will spend that time in traveling on his wheel to Fort Snelling and back, a distance of 2,000 miles each way.

Diamond Dust. The State league will continue with five clubs. Out of six games played on the present trip Scranton has won three. Scranton has won six out of ten games with Rochester, and four out of nine with Syracuse.

Jack Dempsey Dying. San Francisco, July 24.—Dr. Wathelin, the physician who was called to examine pugilist Jack Dempsey on a train during his recent trip from the east to Portland, has arrived here. He says Dempsey is dying of consumption and only keeps himself alive by the use of stimulants.

Michael and Smink, the Allentown battery, which has been doing such good work for the Harrison team in the State league, have signed with West. John A. Burns and J. W. Flynn will take base ball teams to England at the close of the season.

Luce Bros. Now Open At Their Old Stand, CORNER MAIN AVE. AND PRICE ST., WITH AN ENTIRE NEW Stock of Groceries. ON OTHER SIDE OF CHANNEL. Some Events of the Day on the West Side of the City Noted. SURFACE IS STILL SETTLING. Houses Are Being Gradually Moved Near Luzerne Street—Viaduct Wanted at Tripp's Crossing—Suggestion for the Street Commissioner.

Settling of the surface near Luzerne street continues, and damage to houses is correspondingly great. In a vacant lot on Fourteenth street several large fissures are to be seen and residents of the vicinity say that the cracks are increasing in width and area in a perceptible manner. One of the fissures is at least one foot in width at some places. The area of the cave-in effect is two or three blocks.

Settling of the surface near Luzerne street continues, and damage to houses is correspondingly great.
