REAL ESTATE CHANGES.

The Price of Carbonade Property is Literally Booming These Days, as Will Appear from the Sum Set Forth Below.

Notwithstanding the prediction that the price of real estate in this city is declining, property is still on the boom, as may easily be seen by the prices paid for various properties in the last few weeks. Among those who have invested their money in real estate is Furniture Dealer A. Berry, who yesterday purchased of Miss Blanche Arnold the property on North Main street which has been occupied by Michael B. White. The plot in question is one of the most desirable pieces of property in the city, having a frontage of thirty feet on Main street and being seventy-five feet deep. The consideration paid by Mr. Berry was \$9,000, which disproves the prophecy that real estate is on the decline. The house which is now on the lot will be at once torn down and work on a three or four story building will be begun shortly. The new building will be of brick and will have all the modern improvements. Including these will be an elevator which will run to the top. The building will probably be devoted to the exclusive use of Mr. Berry and his rapidly growing business was one of the principal reasons for Mr. Berry's purchase. He can carry but a small stock in the store now occupied, and half of his storage room being separated from the main store makes it very inconvenient. The rooms will not be partitioned off, and will afford an excellent opportunity for the display of furniture.

MR. PHILLIPS DEAD.

A Prominent Young Man Passes Away Monday Night.

Monday evening at 9:40 o'clock the death of William H. Phillips occurred at the home of his mother, Mrs. Sarah Phillips, 23 South Church street. Bright's disease was the immediate cause of his death, but it was not until the last few days that the physicians found the real cause of his sickness. He had been in poor health for some time, and about five weeks ago was obliged to take to his bed, where he has been confined ever since. Although he has suffered much, he bore his sufferings patiently and with great fortitude, until the end came last evening.

Mr. Phillips' death came as a shock to his many friends, with whom he was very popular. He was a man of cheerful and quiet disposition and will be greatly missed by his associates. Mr. Phillips was sober and industrious, and his home life was all of his life. He always did his work with great cheerfulness, and his fellow workers will greatly miss his pleasant companionship. Mr. Phillips was about 26 years of age and had lived all his life in this place. He was the son of a mother, Mrs. Sarah Phillips; three sisters, Mrs. Mary Phillips, Mrs. William Price and Miss Sarah Phillips, and a brother, John Phillips.

The funeral service will be held at the residence, 23 South Church street, on Friday afternoon at 2 o'clock. Rev. T. E. Jepsen, pastor of the Baptist church, and Rev. Abram Jones, of the Congregational church, will conduct the services. Interment in Maplewood cemetery.

PLAYED THE OLD GAME.

Stranger Takes the Sewing Machine Away to Repair It.

A man representing himself as an agent of the Singer Sewing Machine company called at the home of Mrs. Andrew Booth in Forest City. He said he was in the employ of Robert Bryson, of this city, and inquired if she had any sewing machines to repair.

Mrs. Booth had a brand new machine for which she had just paid the last installment. There was a screw missing and the man said he would have to take it to Carbonade to have it repaired. Booth consented, and the man took the machine away. However, as she did not return it, Mrs. Booth became uneasy and came to this city to see Mr. Bryson, who said he knew nothing about it.

"Bryson" was then consulted, and he went to work on the case. On making inquiries he learned that a Hungarian had purchased a new machine, and on calling found that it was the one belonging to Mrs. Booth. She said she had paid \$14 for it. "Mike" has some valuable clues, and he thinks he will soon land his prisoner.

The operation was one requiring great skill and judgment, and Dr. Gillis is to be congratulated on his success. The patient is doing very nicely at present.

Arrangements Completed for the Sunday School Picnic on July 30.

The various committees who have the union picnic in charge met Tuesday evening in the lecture room of the First Presbyterian church and completed arrangements. The different reports were heard and everything reported as progressing favorably.

Among other things it was decided to have the picnic at the academy. They will give two concerts, one to the morning and another at 2 o'clock in the afternoon. A game of ball between the members of the Presbyterian Sunday school and those from

A brilliant assemblage witnessed last evening the marriage ceremony of Miss Lizzie Morris, of Grassy, and Edward Williams, of Peckville, at the home of the bride's parents, Mr. and Mrs. Robert Norton, of Grassy. Shortly after 8 o'clock the many friends in attendance listened to the wedding service as pronounced by Rev. S. C. Simpkins, of the Methodist Episcopal church. The bride was attended by the sister of the groom, Miss Nellie Williams. Harry Norton, the bride's brother, acted as best man for the occasion, and the ceremony was performed with beauty and simplicity. After the nuptial knot had been tied the guests enjoyed a social time, after which refreshments were served. A large number of guests were present. The wedding gifts were very numerous. Sylvester Kembell is very ill.

HONESDALE.

Shortly after 11 o'clock Tuesday night the stillness was rudely broken by the shrill notes of whistles, the ringing of the bell at City Hall and the sounding of the general fire alarm. Honesdale turned out in the streets in a short time, and in a few moments the fire company was making its way to a bright fire on the hill near Gravity Heights. Hose was strung up and attached to the steamer, which was puffing and panning ready to do its work. There was great excitement until the firemen in the rush of rescue sent the cry down the hill that the blaze was confined to some old sheds.

Miss Lizzie Ammerman, of Carbonade, is visiting friends at Honesdale and vicinity.

FOREST CITY.

As an example of the excellent postal facilities enjoyed by people nowadays I might mention a local circumstance. A letter directed to M. D. Evans, Forest City, was mailed in South Wales on July 12 and reached this place on July 29. We have known the United States postal authorities to take a longer time than that to get a letter from South Gibson to Forest City.

L. H. Alden and son, of Passaic, N. J., have been visiting J. R. Fleming.

Mrs. J. R. Fleming is visiting relatives in Aldenville, Wayne county.

The week ended July 20 the Reading's coal tonnage aggregated 274,553.03 tons, an increase of 32,202.14 tons over the same period last year. To that date tonnage for the year aggregated 7,962,908.08 tons, a comparative increase of \$34,648.18 tons.

Shamokin, Pa., July 24.—Five hundred Union Coal company employees met last night to ask for semi-monthly payments. In case their request is refused the state will be asked to enforce the semi-monthly pay law. The Union Coal company claims that the law is unconstitutional.

A clearly defined feeling is apparent in the coal trade that the plan for rehabilitation will not change the management of any of the properties, but will restrict their outputs and fix their coal-selling prices through the state's control. The situation may develop something this week, as it is reported on pretty good authority that there have recently been private conferences between the anthracite operators and that another meeting of the Reading people and Mr. Morgan has been arranged.

Philadelphia, July 24.—The statement of the business of the Pennsylvania Railroad company for all lines east of Pittsburgh and Erie for June, 1895, as compared with the same month in 1894, show an increase in net earnings of \$135,998.57. The six months of 1895, as compared with the same period of 1894 show an increase in net earnings of \$74,848.46. Mr. Massey is a lawyer of great ability, a scholar of profound learning, and one of the best known and most popular citizens of Delaware. During the late contest for the governorship of Delaware Mr. Massey was a prominent candidate by his friends and was vigorously supported by one element of his party. Mr. Massey fills the vacancy in the present office caused by the promotion of Judge James A. Logan to the general solicitorship upon the retirement of the Hon. John Scott in May last.

Have You Got Catarrh? Would You Like to Be Cured?

There are very few people that are not troubled more or less with that most offensive and disagreeable malady known as catarrh of the head, and very few people who have it that have not tried various ways to rid themselves of it, some by smoking different ingredients, some by patent medicines, some by inhaling medicated vapors, and, in fact, every method imaginable has been resorted to in order to find a cure for this dreaded disease, but the king of cures is the method used by Dr. F. B. Smith and staff. The magnetic treatments in connection with Dr. Smith's magnetic catarrh solution is a sure cure. The following symptoms will indicate catarrh: Very offensive breath, a pinched feeling across the bridge of the nose, a dropping from the palate into the throat causing a constant desire to hawk and spit, an inflamed condition of the throat and inner ear causing what is termed catarrhal deafness, accompanied by some peculiar sounds such as hissing as of steam blowing off, rushing water, wind blowing through the tops of trees, ringing sound as of a bell, and several others which are very annoying to the patient. There will be more or less frontal headache, accompanied by dizziness, the breath will be so offensive at times that it will be impossible to stay near or in the same room with a person suffering with bad case of catarrh. Dr. Smith and staff can cure catarrh and the above symptoms. If you are suffering with any of the symptoms given do not wait until more develop, but go at once. There is danger in delay. It costs you nothing for consultation and but a small sum to be cured at 56 Lacks street, opposite the court house.
