## STREET IMPROVEMENTS.

About Belmont Street Pave—Repairing Church Street—Other Repairs Needed in Order to Give the City a Truly Metropolitan Appearance.

For the last day or so Street Foreman Killen has been making extensive improvements on several of the principal streets. The last heavy storm had washed a great deal of refuse and earth from the various hills and deposited it upon the streets. Besides this it had washed a great deal of the roadbed out at places, leaving stones large and small exposed on the surface. At the last meeting of the council, the street foreman was ordered to remove these stones, and Mr. Killen's work was done accordingly.

On Spring street a gutter has been opened and the appearance of the street greatly improved. Mr. Killen is at present working on Lincoln avenue, which is sadly in need of repairs. The roadbed will probably be filled in the entire length of the street. Already the part from Church street to Spring street has been filled in and the rest will be completed within a few days. Washington street will then receive his attention.

Church Street. Hugh Atkinson yesterday placed several men at work repairing the church street pave. The work done by Hart & Dunn was not properly finished and some of the bricks will have to come up and be relaid. The councils had foreseen this and withheld part of the contract price to defray this expense.

Attention of Street Committee. We would like to call the attention of the street committee to several bad spots. At the Union depot there is quite a large spot in the pavement which has sunk to a considerable depth. This is in a spot where traffic is very heavy and makes it dangerous to teamsters, and especially to bicyclists.

Another place which is receiving complaints is at the White bridge. Here the planking has become broken in and a large hole left, through which a man's or horse's foot could easily pass. This should be looked after before the city has another lawsuit pending.

The Belmont Pave. People are wondering what work will be commenced on the Belmont pave. This passed both councils and the contract awarded. However, the Traction company, which was to pave part, has done nothing as yet, and there is no prospect of it getting their immediate attention. It will probably be a year or so before they do anything with it, as they are proverbially slow.

## THE UNION PICNIC.

Preparations Now Complete—The Mozart Band to Give Two Concerts.

The day of the union picnic is near at hand, and many are looking forward to the event with great anticipation. The arrangements are nearly completed, and the affair promises to go off without a hitch. There are many little unlooked for things that an outsider cannot foresee, and the ladies and gentlemen managing the affair are to be congratulated on the success that has thus far met their efforts.

Last year's picnic was very successful, as may be seen in the schools combining again, and those in attendance are promised that this year's will exceed it. The character of the persons who have it in charge is enough to insure a good time, with few annoyances.

Marx Lastrapa and J. B. Hoyt were appointed a committee to arrange the programme of music and, it is given below. There will be two concerts, one in the morning and a longer one at 2.30 in the afternoon. The squakers, which were so numerous as to prevent the bands from playing last year, will be forbidden to be brought on the grounds.

Following are the programmes: "Star-Spangled Banner," march, "Julius Caesar," Luscumb; overture, "From Dawn to Twilight," Bennett; serenade, "Song of Love," Laurent; selection, "Refuge," Bennett; a grand medley of gospel hymns.

The afternoon programme: March, "Directory," Sousa; Pot Pourri, "Simpson," Polter; fantasia, "My Old Kentucky Home," Daily; cornet duo, Hall; grand selection from Gounod's "Faust," "America."

Dinner will be served at 12 o'clock and just before being seated will join in singing "America." Trains will leave Carbondale at 9.50. The fare for adults will be 30 cents and for children 25 cents. Trains will leave the picnic grounds for Carbondale at 5.30.

At 3 o'clock in the afternoon a game of ball will take place between a team representing the Presbyterian Sunday school and one made up of the members of the other schools. There is a great deal of rivalry between these teams, and an exciting contest is expected. Both sides are practicing assiduously, and there is good material in both.

All those contributing baskets are requested to label them.

## HE THREATENS TO SUE.

Wants Damages from Transit Company for His Wife's Injuries.

R. J. Delevan, of Belmont street, will probably bring action against the Transit company for injuries which his wife received in a collision at the White bridge station. He claims the accident was due to negligence of the company's employes. Tribune readers will remember reading an account of the collision.

The car upon which Mrs. Delevan was riding was carrying the White bridge station at a high rate of speed, and was evidently beyond the control of the motorman. Just at this time another car came around a sharp curve, bound

## LAST SAD RITES.

Services Over the Remains of the Late W. H. Phillips.

The funeral of William H. Phillips was held yesterday afternoon. Rev. T. E. Jepson, of the Baptist church, assisted by Rev. Abram Jones, of the Congregational church, conducted the services. The Knights of Pythias, of which the young man was a member, attended in a body, and the employes of the Delaware and Hudson shops, where the young man worked, were also present. The funeral was one of the largest in the city, many friends being present from out of town. A short ritualistic service by the Knights of Pythias was also held.

The following gentlemen acted as pallbearers: Francis Smith, J. A. Clark, Joseph Vanant, Reese A. Price, and J. B. Sampson. Among those from out of town who attended the funeral were Mr. and Mrs. Harry Jones, Mr. and Mrs. Roderick Jones, Mrs. John Williams, Mrs. William O. Jenkins, of Hyde Park; Mr. and Mrs. William J. Myers, of Elmira; Mr. and Mrs. George and William Davis, Joseph M. Davis, of Olyphant; Mrs. Frank Hoyt, of Peckville, and Mr. and Mrs. William Rowley, of Luzerne.

## MONEY FOR McLAUGHLIN.

Boston Wants Carbondale's Little Napoleon—\$600 the Figure.

The Carbondale baseball team arrived at 9.50 on Thursday night. Their trip had been one continued round of pleasure, as the poets say, and the victorious career of the team had much to do with the pleasure. Two faces were missed from the galaxy of stars. Napoleon Alexis McLaughlin was taken suddenly ill at his home in Bordentown, N. J., while on a leave of absence. His

friend and fellow-townsmen, Tony Letts, the mikologist of the Hotel Anstracht, claims to have exclusive information of Mac's sudden marriage. If this be true, the sudden illness theory will be blighted simultaneously with several fond thoughts. Manager Mart Swift went to Hazleton, where a meeting of the board of directors of the state league was held yesterday afternoon and evening.

Boston wants McLaughlin, but unless they raise their figures they will sigh in vain. The sum now offered for the hearty little pitcher is \$600. The association will not consider anything under \$1,000. McLaughlin has done great work for Carbondale, pitching and winning five games in a week and eight games in two weeks against the strongest teams in the State league.

## INVITED TO ELMIRA.

The Garrick Club to Present London Assurance There.

The Garrick club, a dramatic association which has been rehearsing Boucicault's "London Assurance" for the past two weeks, has received an invitation from the Rev. J. V. Hussie, formerly of this city, to present the play in Elmira, N. Y., for the benefit of his church.

Father Hussie is now stationed at Bentley's Creek, a small place but a town of some importance. He is a man of the warmest affection for Carbondale and its people, and it is this affection which turned his thoughts to these amateurs and their efforts at self-education. The proposition has been accepted, and the fixing of a date left to the discretion of Father Hussie.

"London Assurance" will receive a Carbondale presentation during the latter part of September. It will probably be performed for the benefit of Emergency hospital.

## POTTSVILLE HERE TODAY.

Last Year's Champions Will Do or Be Done.

A telegram from Mart Swift was received by J. W. Attkin last evening. It states that the State league is all right, and that Pottsville will play here today and tomorrow.

This good news will gladden the heart of every loyal crank from Forest City to Olyphant. Pottsville has always been a great favorite here, and, since Barney Conroy has assumed the management, has been playing snappy ball. Pottsville will also play here on Monday, and Hazleton, in all probability, on Wednesday and Thursday.

The local backers of the game declare that they are in to the finish, if there have only another team with which to play. All the others are equally positive in their determination to stick.

## TOE NEARLY SEVERED.

Young Walter Smith Disastrously Jumps Upon a Piece of Glass.

Yesterday Walter Smith, a small lad who resides on Brooklyn street, was at the Delaware and Hudson pockets watching the men load the cars from the chutes. Tiring of this he walked down the plane which runs up to the top of the pockets, and when nearly to the top he jumped off to the ground. The boy's unfortunate enough to land on a large piece of glass, which he did not see, as it was covered with cum. He was at once assisted to his home and Dr. Fitzsimmons summoned. On examination he found that one of the toes was nearly severed. Several stitches were put in it and the lad is now able to hobble round.

## VERY NARROW ESCAPE.

John Wilson is Suddenly Hit by a Falling Shutter.

Yesterday what might have been a serious accident occurred to John H. Wilson, of Salem avenue, and that gentleman is receiving congratulations for his lucky escape.

Mr. Wilson was sitting in front of his office at the time. It was blowing quite hard and a sudden gust of wind blew off a heavy shutter which fell hitting Mr. Wilson. It landed, however, in such a manner that Mr. Wilson did not receive serious injury, but he will now be considered a lucky man by his many friends.

## STATE LEAGUE STANDING.

Carbondale Still in the Race by a Comfortable Percentage.

Hazleton won again yesterday from her hated rival, Pottsville. Lancaster and Carbondale were both gamblers, on account of the defection of Allentown and Reading. The result is a substantial gain for Hazleton. The locals have, however, a clear lead still, and should experience no great difficulty in re-

The esteemed leader, in its courteous notice of the Tribune's Carbondale department, is in error when it says that this journal "proposes to forestall the efforts to revive a morning paper in Carbondale." It simply desires, if sufficiently encouraged, to devote to Carbondale interests enough attention so that, when added to The Tribune's other news and literary features, the result will be a paper Carbondale people will want to take. The Tribune has no wish to discourage local enterprise.

# CATARRH

Have You Got Catarrh?

Would You Like to Be Cured?

There are very few people that are not troubled more or less with that most offensive and disagreeable malady known as catarrh of the head, and very few people who have it that have not tried various ways to rid themselves of it, some by smoking different ingredients, some by patent medicines, some by inhaling medicated vapors, and, in fact, every method imaginable has been resorted to to find a cure for this dreaded disease, but the king of cures is the method used by Dr. F. B. Smith and staff. The magnetic treatments in connection with Dr. Smith's magnetic catarrh solution is a sure cure. The following symptoms will indicate catarrh: Very offensive breath, a pinched feeling across the bridge of the nose, a dropping from the palate into the throat causing a constant desire to hawk and spit, an inflamed condition of the throat and inner ear causing what is termed catarrhal deafness, accompanied by some peculiar sounds such as hissing as of steam blowing off, rushing water, wind blowing through the tops of trees, ringing sound as of a bell, and several others which are very annoying to the patient. There will be more or less frontal headache, accompanied by dizziness, the breath will be so offensive at times that it will be impossible to stay near or in the same room with a person suffering with a bad case of catarrh. Dr. Smith and staff can cure catarrh and the above symptoms. If you are suffering with any of the symptoms given do not wait until more develop, but go at once. There is danger in delay. It costs you nothing for consultation and but a small sum to be cured at 566 Linden street, opposite the court house. Consultation free from 9 to 5 daily except Sunday, Tuesdays and Fridays, from 9 a. m. to 9 p. m.
