WORK ON THE NEW DEPOT.

A Large Force of Men Working and the Building is Rapidly Nearing Completion. Carbondale is indeed booming, and the words of skepticism of certain people are no longer believed. One need but to walk about the city and see the many fine buildings which have been or will shortly be erected to believe these words. The new Delaware and Hudson depot, probably, will go further to assert this than anything else. Railroad companies are not prone to invest their money in new depots where there is little traffic, and the fact that Carbondale is to have a new depot is encouraging to our people. Already the first tier of brick work has been finished and the work will be pushed along as rapidly as possible.

The material used is of the best quality obtainable. A little delay was caused by a change in the original plans. The baggage room was to have been put on the north side, but it was thought that it would be more desirable on the south. A plan of the building as finished has been placed in the drug store of F. E. Dennis, and a great many people stop and admire it. Carbondale people should congratulate themselves on the prospect of such a fine building.

CAMP AT CRYSTAL LAKE.

Campers Form a Vaudeville Company and Will Give an Entertainment at Dundaff. Under Rev. E. J. Balesy Camp Crystal will leave for Crystal Lake Saturday, where they will spend the next ten days. These campers have always been favorites at the lake on account of the fun they create, and each year they are received with greater pleasure. This year they have formed a vaudeville company, and the people of Dundaff will be given a great treat on the night of Aug. 1. At the close of the entertainment there will be a social hop. The campers who will leave Monday are Rev. E. J. Balesy, Larry Rowson and Isaac Brown, of Scranton; Hugh Fitzpatrick, Andy O'Connell, Jefferson Freeman and Edmund Katz, of Honesdale; Henry, J. and Ben Singer, Charles Bridgett and Eugene Hudson. The staff in charge of the entertainment are: Andy O'Connell, manager; B. L. Singer, musical director; Dan Scurry, master of properties, and Thomas Coleman, advance representative.

WILL LOSE HIS FINGER.

Albert McMynne Had His Finger Badly Crushed Saturday. While working at the foot of No. 3 plane Albert McMynne, of Pike street, met with a very painful but not necessarily serious accident Saturday morning. McMynne is employed as footman and it is his duty to hitch the sling attached to the car to the wire rope which runs up the plane. Mr. McMynne's attention was attracted in another direction momentarily, and at the same time the rope slackened suddenly and his hand was caught between the links. One of his fingers was nearly severed and his whole hand bruised. He will probably have to have one finger amputated.

OFFICERS ARE ELECTED.

The Safety Investment and Loan Association Met. The local branch of the Safety Investment and Loan association held a meeting at the office of F. C. Robinson, on Robinson avenue, Friday evening, and elected the following officers: President, J. W. Kilpatrick; secretary, J. O'Brien; treasurer, M. D. Lathrop; attorney, H. O. Watrous. The directors elected are M. D. Lathrop, H. E. Morgan, S. F. Murphy, J. J. Collins, E. N. W. Burke, J. J. Coughlin, J. F. Reynolds, J. W. Tomlin and William Thomas; appointees, E. Kinback, John Shadley, T. C. Robinson, F. W. Mills, J. W. Kilpatrick and John Nolan. Five hundred and sixteen shares have already been sold, at \$10 a share.

POOR BOARD MEETS.

All Members Were Present but Not Much Business Transacted. On Friday evening the Carbondale poor board held their regular meeting. But little business, with the exception of having the following bills paid, was done: A. F. Cooke, \$5; Weston Mill company, \$23.45; William Hughes, \$27; John Boland, \$8; S. & H. S. Bolton, \$30.50; Cassie McHale, \$6; William McDonough, \$12; J. J. Boland, \$5; help at poor farm, \$26; out door relief, \$60.50. There were several persons who applied for relief. On investigation Mary G. Hillman, one of them, was found to live in Carbondale township and was told to apply to the township board.

SATURDAY'S BALL GAME.

The Home Club Defeats Pottsville by a Score of 3 to 4. Dark clouds began to overcast the sky a little before noon and the ball cranks were feeling downcast for fear there would be no game. When about noon it began to pour and showed no signs of holding up their hopes fell to zero. But it did hold up and not only that but it stopped altogether. Then the cranks were happy and their faces wore a look of joy that was larger in proportion than their frowns a short time before. There would probably have been a larger crowd present had the weather been good, but those who were there showed that they had firm belief in the power of the local team. And they were not disappointed, and

TUNKHANNOCK.

Sheriff Knapp returned from Philadelphia the latter part of the week, where he had been to serve legal papers in the cases of the American Fire Insurance company and the Fire Association, of Philadelphia, vs. Charles Sickler, of Exeter township, this county. Several of the Catholic people attended the twenty-first anniversary of the ordination of Rev. Father Laferty at Auburn church yesterday. He formerly had charge of this parish. George Ellsworth, of Vose, who was stricken with some disease of the jaw several months ago, completed going to a Philadelphia hospital for treatment. The Niagara excursion was not well patronized from this section. When the train passed this station at 10.50 Saturday morning there were but about thirty people aboard. Those who went from here were: Rev. G. L. Burson and son, Sincox, Mrs. Laws and Mrs. Sincox, of Philadelphia; J. K. Slawson and family, of Olyphant. Attorney C. A. Little is skrimishing among the hills of New York state for a few days. Miss Ida Bell, the Tioga street milliner, is taking a three weeks' vacation at Philadelphia and Columbia. NEWS OF OUR INDUSTRIES.

Mappings of Interest to the Staple Trades and Particularly to the Trade in Iron, Steel and Anthracite Coal.

THE NORTH CORNWALL (Pa.) FURNACE.

The North Cornwall (Pa.) furnace will soon blow in. It has been idle about two years. Bessemer pig iron will be made, for which the furnace has an annual capacity of 40,000 tons. Active progress is being made in the building and equipment of the plant of the Star Tinsplate company, at Pittsburgh, Pa. It is expected that it will be ready for operation the last of August. The plant of the Scottdale Iron and Steel company, limited, of Scottdale, Pa., manufacturers of iron and steel sheets, has resumed operations in full, with the exception of mills Nos. 3 and 4, which are being rebuilt. The Lehigh Steel and Iron company is arranging to start its No. 2 furnace at Allentown, Pa., before the end of the month. High grade foundry iron will be made. The annual capacity of No. 2 stack is about 20,000 tons. One of the two stacks of the Allentown (Pa.) iron company was blown in July 15, after more than a year's idleness. The Phoenix Iron company, of Phoenixville, Pa., is stated, are to blow in their furnaces soon. They have been idle about four years. When last running the furnaces made gray forge pig iron, for which the three stacks have an annual capacity of about 45,000 tons. The capacity of both furnaces is 1,600 tons pig iron a week. The Unadilla Valley railroad, extending from Bridgewater to New Berlin, New York, a distance of twenty miles, was formally opened on Thursday. It connects the Delaware, Lackawanna and Western with the New Berlin branch of the New York, Ontario and Western. It is officially denied that a deal is pending between the Central Vermont and the Grand Trunk, for the purchase of the latter by the former. Negotiations have been in progress by a number of Pittsburg capitalists looking toward the erection of a tinsplate plant at McKeesport, Pa. It is understood that, should the plans be carried through, a special process for tinning, invented by ex-governor James A. Beaver, will be used. Carbondale Leader: The Franklin Coal company has decided to enlarge the capacity of its plant for the manufacture of backwater coal out of its culm pile, by the use of a quadruple shaking screen twenty feet long, consisting of four screens, one above the other, and operated from one shaft. This screen is the largest built by the Hendrick Manufacturing company, and will be in operation about the middle of next month. Wilkes-Barre Record: For years the Reading has permitted the shipments of its Lykens Valley coal to be included in the anthracite tonnage. In our opinion this is manifestly unjust to the Reading. Lykens Valley has a peculiar quality, and it is non-competitive with much of the coal mined by the other companies, excepting an adjustment of the relation of the Reading railroad to the tonnage allotments.

PRICEBURG.

The funeral of the late Mrs. Charles Georden occurred Friday afternoon and was largely attended. The deceased was about 60 years old, and she had spent the greatest part of her life in this vicinity, where she was well known and respected. Interment in the Pricburg cemetery. Fred. CATARRH.

Have You Got Catarrh? Would You Like to Be Cured?

THE FAIR, THE FAIR, THE FAIR.

There are very few people that are not troubled more or less with that most offensive and disagreeable malady known as catarrh of the head, and very few people who have it that have not tried various ways to rid themselves of it, some by smoking different ingredients, some by patent medicines, some by inhaling medicated vapors, and, in fact, every method imaginable has been resorted to in order to cure for this dreaded disease, but the kind of cure is the method used by Dr. F. H. Smith and staff. The magnetic treatment in connection with Dr. Smith's magnetic catarrh solution is a sure cure. The following symptoms will indicate catarrh: Very offensive breath, a pinched feeling across the bridge of the nose, a dropping from the palate into the throat causing a constant desire to hawk and spit, an inflamed condition of the throat and inner ear causing what is termed catarrhal deafness, accompanied by some peculiar sounds such as hissing as of steam blowing off, rushing water, wind blowing through the top of trees, ringing sound as of a bell, and several others, which are very annoying to the patient. There will be more or less frontal headache, accompanied by dizziness, the breath will be so offensive at times that it will be impossible to stay near or in the same room with a person suffering with a bad case of catarrh. Dr. Smith and staff can cure catarrh and the above symptoms, if you are suffering with any of the symptoms given do not wait until more develop, but go at once. There is danger in delay. It costs you nothing for consultation and but a small sum to be cured at 305 Linden street, opposite the court house. Consultation free from 9 to 5 daily except Sunday, Tuesdays and Fridays, from 9 a. m. to 5 p. m.
