The house became too small to battle n comfortably, and the scene of the ight was speedily transferred to the sutside. The favorite weapons used were stones, sticks, fence pickets and knives, while a few pick handles also lid yeoman service in the hands of the infuriated Huns. It was one of the ploodlest battles ever seen even in this notbed of bloody fights. The battling was principally among the Lithuaniins, although there were a few Poles
and Huns in the entertainment. Yesierday morning Victor Suenskle appeared before "Squire Ford and had
warrants issued for the arrest of Mike
Melofaki Anthony Samabi and Melofski, Anthony Segaski, and Charles Petrofski, charging them with aggravated assault and battery. They were arrested and had a hearing at 300n. To get revenge Charles Petrofski had Peter Swinski and Andrew Swinski, of Plymouth, arrested on a similar charge. John Taski wanted to est in the swim, too, and he swore out warrant for the arrest of Charles Prerofski, charging him with aggrevated assault and buttery. Pretrofski thereapon entered a counct; suit.

Pretrofeki had his ankle badly

mushed by being struck with a stone. At the 'Squire's office it was thought the wound was caused by a pistol shot. Pretrofski is likely to be confined to als bed for several weeks. Swinski has gash four inches long in his head. Phere was a bundle of bloody clothes produced in evidence, and after hearng enough testimony to fill a library, 'squire held the whole batch for mother hearing. There are too many of these battles, and the 'squire says se will break them up, even if he has to use the most vigorous measures.

### BOILER EXPLOSION.

Three Men Seriously Injured and the Woods Turned from Green to Purple.

Three men were quite seriously ourned by an explosion of a boiler at the Wyoming Valley Bottling works of iam street on Sunday last. The boiler was filled with ammonia and is in the ear end of the bottling room. Peter Schmitt, the local agent of the concern, was directing some work about the poller, and between the rear end of the soller and the petition wall, stood John sebhardt, aged 22, of 212 South Canal treet; at his right was Harry Gabriel, tged 26, of 320 Park avenue. ### RECEIVERS ENJOINED. Against Selling the Machinery of the

Wilkes Barre Gun Company. Yesterday morning, Frank A. Phelps and Ernest F. Roth, the receivers appointed by the court, sold the personal property of the Wilkes-Barre Gun company at the works of the company, in Hanover township, near the city line. Only loose material in process of manufacture was sold yesterday and the sales were not of any great magnitude. For about a week past a number of

private sales have been made of guns etc. The receivers were served with an injunction by the bondholders and were thereby restrained from selling the machinery of the plant, the argument to be heard in October. The Wilkes-Barre Gun company was

erganized and the plant in operation since 1889, and just why the venture was not successful is a hard matter to determine. One of the heaviest things the company had to contend with was the expenditure of \$25,000 in changing the plant so as to be able to make a hammerless gun instead of the hammer lock gun which they had been turning out. The sales were fairly good, and the plant had a high reputation for turning out fine guns, as good, in fact, as any put on the market. The plant will of course be sold in time, but it is not known now whether or not some one will purchase it for the same purpose or whether the building will be used for something different. It is said that an effort is being made to organize a stock company for the purpose of keeping up the industry, but the rumor could not be verified. Attorney S. J. Strauss has charge of the affairs in the interests of the receivers.
