The contractors, upon again being compelled to cease operations, came to the central city and held another consultation with the municipal auothoritles. It was decided that City Solicitor Torrey should proceed to secure a preliminary injunction restraining Messrs. Bright and Love from interfering with the sewer excavations.

Another injunction restraining the city from excavating in the alley will be asked for by Bright and Love. Both ctions will be made in court as soon as one of the judges returns to the city.

A RECORD-BREAKING DAY

Green Ridge Wheelmen's Meet a Big Success.

TWO STATE MARKS LOWERED

Best Time Ever Made in Pennsylvani in Class A Competition-Hot Fight for Lackswanns County Championship-The Other Races.

The Green Ridge wheelmen have every reason to be gratified over their scoud annual meet. It was a success in every feature. The attendance was large, the day was almost perfect, the track in excellent condition, and paramount above all they attracted together a large and excellent list of racers, two of whom gave their meet fame by reaking a state record.

This was done in the one mile and half mile open, the principal events of the day, and H. P. Mosher, of Storm King, N. Y., and Bert Ripley, of Belmar N. J., were the men did it. Mosher's time was 2.11 4-5, which is the fastest mile ever made in the state of Pennsylvania in open competition among class A riders. record heretofore was held by Krick, who recently, at Berwick, made

mark of 2.16 4-5. Mosher's performance is a remarkable one considering the fact that he ran on a half mile track and had a strong head wind to contend with on the home stretch. But for the wind he would have undoubtedly beaten the track record of 2.11, which was made by litus on July 4 last, at which time he was champion of the state. Before making his record breaking mile Mosher had ridden hard in two races besides preliminary heat for the mile open, capturing the half mile open and later on winning the two-mile lap race.

Mosher is the same rider that won the mile open against a field of sixtyfive at Asbury Park, riding in eleven preliminary heats before the final race. Bert Ripley, who made the half mile record, scored a mark of 1.04. He had the best men on the list to contend with and won the most hotly contested race of the day. He had against him such cracks as Mosher, Diffendorfer, Miner, lack and Millard, besides our local ivers, two of whom, Keller and Gardner, secured places in the preliminaries.

Feat of Local Men. Again the old state record for a mile went to smash when the local speeders contended for the championship of Lackawanna county. There were ten entries and all started: Thomas K. Lee, Carbondale; O. E. Wonnacate, Carbondale; B. F. Keller, Green Ridge wheelmen; J. O. Cox. Green Ridge wheelmen; George A. Gardner, Scranton Bicycle club; William M. Dunn, Scranton; J. B. Corser, Scranton Biyele club; C. E. Coleman, Scranton Bicycle club; R. V. White, Green Ridge heelmen; F. P. Weyandt, Scranton. Coleman won in 2.16 1-5, with Keller second and Gardner third. These three an away from the bunch at the turn and coming on the stretch were goose

ler tried for a clear track on the outside, but his speed was broken by having to make a quick and sudden swerve to the side to avoid Coleman's rear wheel, which kept in his path. As Coleman was looking back continually coming down the stretch some were led to formed by traveling trick riders, and believe that he had crowded Keller to An attempt was made yesterday the outside fence, but the judges did not alone does, onerated Coleman by awarding him the race. Keller's friends urged him to protest the race on the grounds that loleman made a foul by looking back

According to all accounts the London successes of Miss Sadia Kaiser, as a ocalist, have surpassed the hopes of her most sauguine admirers and friends on this side of the Atlantic. Many readers, who have been Tribune charmed by Miss Kaiser's entertaining London letters that have appeared in our columns from time to time, will be pleased to learn that the accomplished writer has succeeded beyond all expectation in her musical studies and that her efforts receive nothing but the highest commendation from the usually critical English and Welsh musical journals when she appears in concert in London. The recognition of Miss Kaiser's talents by the faculty of the Royal Academy of Music is shown by the fact that she has been selected out of a class of 200 sopranos to sing at the students' chamber concerts and also at the fortnightly concerts at the acad-

The men who would swear out the warrants had good evidence in the alderman's court, but their witnesses seemed to go into hiding when it came to going before the grand jury. This is the secret why so many iged bills are returned. It is not because He was committed to the county jail the jurymen are altogether friendly toward the liquor sellers; but it is because the prosecutor cannot get his witnesses around, and therefore the case fails.
