BURIAL OF CHAS. MORRIS.

Interred in Maplewood Cemetery Yesterday Afternoon.

The funeral services over the remains of the late Charles Morris were held yesterday afternoon in Trinity Episcopal church. The Mass of the day was celebrated at the services in a body. The members of the Columbia Hose company also attended in a body, dressed in full uniform. The cortege of mourners was unusually large.

The floral offerings were beautiful, and were as follows: Anchor, Trinity guild; harp, Julius Spathe; wreath, George Male; flowers, hat, Columbia Hose company; keystone, Joseph Vanan; broken column, Julius Moses; cross, Gertrude Dennis; pillow, bearing the inscription, "Our Only Brother," Mary Morris and Mrs. Isaac Rogers; bouquet, T. V. Powderly, Lizzie Davis, of Scranton, and Minnie Hessler, of Homestead. The choir, which was composed of W. D. Evans, Mrs. Hannah Leonard, Misses Ida Snyder, Sadie Miller, Nellie Kenworthy, John R. Jones and E. R. Allen, sang very sweetly "Rock of Ages" and "Thy Will be Done." Out of respect to their late fellow druggist, all of the drug stores in the city were closed during the services.

The pall-bearers were members of Palestine commandery, No. 14, Knights Templar, and were dressed in uniform. They were as follows: J. R. Cameron, J. J. Simpson, L. A. Patterson, R. M. Vanan, F. Reemolmeyer and J. W. Dimmock. J. W. Kilpatrick, J. J. Nealon, Henry Borth, Anthony Lotius, A. L. Svahn, Charles Blair, John Brown, Charles Smith, H. Hollenback, James Starnell, John Nealon, Joseph O'Connor and Matthew Harte acted as flower bearers and were all members of Columbia Hose company.

The beautiful funeral service of the Episcopal church was conducted by Rev. E. J. Baisley and Rev. C. E. Benedict. The body was then taken to Maplewood cemetery, where the Knights Templar held their service.

The funeral was one of the largest ever held in this city, and showed the great esteem with which the young man was held. Among those from out of town were: G. Dixie, of Albany; Miss Lizzie Davis, Joe Baumelster, Henry Kohler and George Evans, of Scranton; Minnie and Kate Hessler, of Homestead.

DEAD IN THE WOODS.

The body of John Suran, an Italian, discovered yesterday afternoon.

Yesterday afternoon the report was spread around town that a man had been murdered and that his body was lying in the woods near the Northwest breaker. Upon investigation the report was found to be true and the body brought to this city.

A party of miners were on their way home from work about 2 o'clock and it was they who discovered the body. It was identified as that of John Suran, an Italian laborer. Suran was last seen alive Thursday about 4 o'clock, and how he came to his death is a mystery which will probably never be solved.

There are no marks of any kind on the body to indicate foul play and this also does away with the theory of suicide.

Suran was well and hearty when last seen and seemed in the best of spirits. That he had any enemy who might have murdered him was improbable, as he was on the best of terms with all, and he had no money for which the deed could have been done. It is thought that he went for a walk and then lay down in the woods to rest. He must have fallen asleep and never woke up again.

Coroner Kelley was summoned from Scranton and he arrived last evening, but too late to hold an inquest. It will be held this morning, however.

ARRESTED FOR MURDER.

A Hungarian from Pittston arrested in this city.

Joe Salvo, a Hungarian, who formerly lived in Pittston, but who moved to this city some time ago, was arrested yesterday by County Detective Leyshon and Constable Neary for the grave offense of being investigator in a murder. Nearly a year ago a Hungarian was murdered in his shop by a man named "Orilla," and it is thought that the plan of murdering him was planned by Salvo and that he used Morilla to do the deed.

At the time of the murder there was not enough evidence upon which to arrest Salvo, but the officers have been working up the case and kept track of the man. Salvo was in this city, intending to start a tailor establishment in the near future.

ANOTHER CAVE-IN.

The Land in the Vicinity of Fall Brook Still Settles.

The people of Fall Brook street and vicinity are becoming alarmed at the sinking of the ground. Some time ago the earth caved in to a considerable extent and several houses were injured somewhat, but fortunately the greatest cave-in did not occur where there were any houses.

But things are getting serious, as the ground still sinks and they wish something to be done at once. Large crevices have opened and in places the area of the sunken places is quite large.

HEAD CUT OPEN.

Sit with a Quail While Playing with a Companion.

A peculiar accident happened to John Lyon, Jr., son of John Lyon, who resides near Murrin's breaker, at the Falls. Lyon and a companion were playing

at the time of the accident. Lyon had pitched his last quilt and had run forward to see the result of his throw. As he stooped over to look his companion threw his quilt. He shouted to young Lyon as he did so, and he jumped up but was too late and the heavy quilt came down upon his head with great force, cutting a severe gash in the boy's scalp. He was at once brought to this city and taken to the office of Dr. T. C. Fitzsimmons, where his wound received proper attention.

THE BALL GAME A TIE.

When Called on Account of Darkness The Score Stood 6 and 6.

The cruel war between Carbondale and Hazleton is not yet over; the tomahawk is still unburied and the pipe of peace is still unsmoked. There were those who thought that by yesterday's defeat of the Quay county tribe, we would effectually dispose of their aspirations for pennant honors. These living hopes have been corrected in their thinking, but there is not sufficient data at hand upon which to base an estimate. That is, we see short an victory upon which we calculated. Let it now be understood that we were humiliated by a defeat. Nay, nay, Pauline and yet methinks we were pitifully outwitted.

Yerkes, the boneless man, the snake charmer, the man with the eagle eye and the gutta serena spinal column, was in the box for the home team. "Circus," as he is known in the profession, is without a doubt, the greatest living contortionist. His movement in delivering the ball is wonderful, original, and unique, immitable. He commences operations by gracefully winding his left leg around his neck. He then twists the loop thus formed sharply backward until its apex touches the ground. His arms then begin to wave like the tentacles of a spider crab and his entire body rocks gently on his right foot the while his hypnotic eyes set in their mystic work on the terrified batsman. Suddenly the arms are still, the loop breaks with a snap and the emancipated ball flies toward the plate.

It is difficult to explain exactly how Mr. Smith, who pitched for Hazleton, red sweater, exerted a powerful influence over the locals. Others insist that his name caused the trouble. Come to think of it, there is something in the latter opinion. He simply couldn't help being distinguished and lucky with that name. There is Captain John Smith, of Old Virginia, Ed. Smith and Colonel Smith, of Scranton; Hoke Smith, of Georgia, and Charlie Smith, of Carbondale. I, for one, openly and unhesitatingly give my allegiance to the name theory.

The visitors started out like thorough-breds. Moran singled, Schaub ditted and Jimmie Graham tripped; result, two earned runs.

These two runs looked as big as high Olympus until our half of the fourth, when Big Bill sent a beauty into right for three bases, and chased himself home on "Chorch" Stultz's hot single.

The two runs looked "small potatoes" so easily. Some hold that his performance was a "gauge" of his flight. Sometimes it comes from the center of the arm; sometimes from the center and sometimes from an altitude of six feet seven inches.

practicing daily, and last evening's performance gave great credit to those who participated. Although the weather was threatening, it did not keep a large number of people from attending. Everybody had a good time and the way in which each piece was received showed that the boys were great favorites. The performance went off without a hitch, it being made more amusing by the impromptu lines which were sometimes added. The dancing by Vail and Morgan was excellent and the farce well merited the applause which it received. The banjo and mandolin specialties by Katz and Freeman were one of the best of the programme. They were encored time and again. But to give a sketch of all the pieces would be too long a task. All were good and the boys deserve great credit for the creditable manner in which they gave them. Several hundreds of young people went from this city and came back in the wee small hours.

Mrs. Charles Miller, of Buffalo, N. Y., is visiting her mother, here. The painters have completed the Methodist church, and it looks very neat. Mrs. Frank Mosher, of Passaic, N. J., is visiting at this place.

FOREST CITY.

"Fair Play," not content with abusing the correspondent of The Tribune and the supporters of good government, last night had the monumental cheek to deny a statement made by the county. It is a coward that won't fight when you get him cornered, and "Fair Play" made a good fight, but like all of his statements was false. The "gang" think that they can mislead the voters by denying facts which are not pleasant for them to hear. They know that they have cheated Mr. Esmay out of being county committeeman for the Second ward, and when told so make great haste to divert the facts which can be proved. Mr. Esmay told the correspondent that he saw C. S. Alexander today, who was judge at the last caucus, when Mr. Esmay was elected county committeeman, and that he sent him a large majority to Montreal, whose statements are false? "Fair Play," have you got the manhood to own up that yours were, and that you knew it at the time?

The indications are that Frank Hollenback, Lew Jones, Dr. Blakeslee and Benjamin Maxey will be commissioned by a large majority to carry the verdict of this borough to Montreal, and thereby repudiate the tactics used by the Quay supporters to control the election machinery here and uphold Governor Hastings in his effort to secure representative government for the state.

RHEUMATISM

Have You Got It?—If You Have, Now Is the Time to Be Cured.

There are very few people of middle or advanced age that have not had more or less experience with rheumatic pains, and those who have not experienced those pains can be thankful that they have been spared from the suffering of one of the greatest torments of which flesh is heir to. What is the cause of rheumatism is a question frequently asked. A volume could be written on rheumatism and its causes. This term is applied to all inflammatory affections of the fibrous, muscular and serous tissues, which are not clearly referable to injury. The cause may be said to be exposure to cold and wet, sudden chills, residence in cold, damp and variable climates is a common cause. Lactic acid in the blood is supposed to be one of the chief causes. A great deal has been written on this subject—the cause of rheumatism. A joint or muscular tissue that has been sprained is more liable to be the locality of an attack. The shoulders, wrists, knees, ankles and fingers are the joints generally attacked by rheumatism. CAUTION

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.
