Scrofula in the Eyes

As well as in every other form, is permanently cured by Hood's Sarsaparilla.

"I had scrofula in my eyes and tried several physicians but found no cure. My wife persuaded me to try Hood's Sarsaparilla. I had a choking sensation, was troubled with night sweats, and had dyspepsia in very severe form. After taking Hood's Sarsaparilla two weeks the choking spells and dyspepsia troubled me less. I have now taken several bottles of Hood's Sarsaparilla and find that I am entirely cured."

WILLIAM L. PATRICK, Berryville, Virginia.

FOREST CITY.

We had expected an attempt would have been made to deny some of the facts given in our former articles, but presume self-styled "Fair Play" will wait until too late for us to show up in its true light what he has to say. But it will not avail. The voters of Forest City cannot be duped and will show tonight that neither abuse nor the sweet persuasions of Tommy Kilroy, who was here Thursday to bolster up a falling courage of his helpers, will prevent them from voting according to their own free will.

The Hastings men in this borough have no trouble to spend, no beer to fling, nor do they canvass the town with a box of cigars under their arm. They depend solely on the fact that they are fighting for the right and for a principle vital to our form of government. Namely, that no man shall be allowed to override the constitution of our state, and they propose, by their votes, to support Governor Hastings in his noble stand against political tyranny and dictation and for government for, by and of the people.

It's dollars to doughnuts that the Second ward goes for Hastings two to one, and that the First follows suit with a clear majority.

A vote for Frank Hollenback and Lew Jones in the First ward, and Dr. Blakeslee and Benjamin Maxey in the Second, is for good government and against bosses at home, as well as throughout the state.

The fact that one of the Hastings delegates holds an honored position under the Hudson Canal and Iron company has been used by the Quay supporters as the basis for a most base and detestable charge against all four candidates. They want the voters to forget that one of the Hastings delegates is a professional man, and two of them are miners, one working here, the other at Vandling, and that all of them are eminently respected and honored citizens of our town. The time has not yet come, "Unfair Play," when the fact that a man who by many years of faithful service has been raised to a superior position cannot conscientiously be the recipient of any honors the people wish to bestow on him, and as has been assured us by a number of our citizens, your methods will recoil on your own head at the polls.

A vote for Hollenback, Jones, Blakeslee and Mackey is for the searchlight on the school board records.

How about our Second ward justice of the peace?

It's Clifford's new trestle against a toothpick that Dr. Blakeslee will be delegate this time.

Wonder how much was made of that postoffice deal with the Democrats?

Could you guess where the political lightning will strike after Hastings wins?

The Quay men, after having been confronted with the proof that George Esmy was elected county committeeman in place of L. P. Wedeman, who had been published in the News at that time, and since C. S. Alexander has made the statement that he made out Mr. Esmy's credentials and gave them to W. H. Wildenberger to file with the county chairman, are loudly claiming that his election was illegal, that county committeemen cannot be elected at the winter caucuses. What seems to be illegal in the Second ward was perfectly legal in the First ward. Harry Joseph, one of the committeemen in that ward, moved in the Second ward, and W. U. Lott was elected to fill the vacancy; notwithstanding that Mr. Lott is at the present time a resident of the Second ward, his name is on the caucus notices in the First ward. Do not the same rules apply to both wards? Of course it does, and the voters know it.

RHEUMATISM

Have You Got It?--If You Have, Now Is the Time to Be Cured.

There are very few people of middle or advanced age that have not had more or less experience with rheumatic pains, and those who have not experienced those pains can be thankful that they have been spared from the suffering of one of the greatest torments of which flesh is heir to. What is the cause of rheumatism? A volume could be written on rheumatism and its causes. This term is applied to all inflammatory affections of the fibrous, muscular and serous tissues, which are not clearly referable to injury. The cause may be said to be exposure to cold and wet, sudden chills, residence in cold, damp and variable climates is a common cause. Lactic acid in the blood is supposed to be one of the chief causes. A great deal has been written on this subject—the cause of rheumatism. A joint or muscular tissue that has been sprained is more liable to be the locality of an attack. The shoulders, wrists, knees, ankles and fingers are the joints generally attacked by this complaint; also the muscles, and at times it is accompanied by a low grade of fever, but let the complaint be seated where it will, the patient is a great sufferer, and the question arises where and how to get cured of this terrible complaint. Dr. F. B. Smith and staff have made the treatment of rheumatism one of their specialties for years and have met with wonderful success. Their treatment of this disease by magnetism has brought a permanent cure to hundreds of sufferers who bless the day they went to Dr. Smith and staff for treatment. If you or any of your friends are suffering from this complaint do not wait until the winter rains and winds have caused your pains to be so severe that you cannot leave your home, but go at once, see those doctors, place yourself under their care and be cured. Consultation free from 9 to 5 daily except Sundays, Tuesdays and Fridays from 9 a. m. to 9 p. m.

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above other brands.
