

Carbondale News.

WEDDED YESTERDAY.

One of the Prettiest Weddings Held in Carbondale.

At 5 o'clock yesterday afternoon Miss Cecelia L. Harte, of this city, was united to John N. Lamb, of Brooklyn, New York. Rev. T. F. Coffey performed the ceremony. The bride wore a white satin dress, trimmed with Duchess lace, and over her head was a veil, which was fastened with a diamond stud. She carried a beautiful bouquet of bridal roses.

the fire companies responded. The alarm was sent from Dr. A. Niles' residence. A window had been left open and the strong wind blew the lace curtain against a lighted gas jet and set them on fire. It blazed up fiercely and was discovered just in time. If the blaze had not been discovered just at that moment, the whole room would soon have been ablaze and it is doubtful if it could have been stopped.

ORDINANCE DRAFTED.

Carbondale Will Soon Have a Public Library.

At the meeting of the council an ordinance completed from the brief submitted by the Library association was submitted, but as there was no committee to approve it, nothing was done with it.

In it the city promises to supply a room in the municipal building with heat and light and provide a janitor. Besides this they will appropriate \$400 each year to cover the expenses of the librarian.

There are several conditions in the ordinance, but it is probable that the association will comply with these, and the books, magazines, etc., will be removed at once to the municipal building.

ORGANIZED A COMPANY.

Carbondale Will Now Have First-Class Telephone Service.

At a recent meeting of the board of trade a committee, consisting of Messrs. Trantire, Tiffany, Rogers, Atken and Clarkson, were appointed to consider the advisability of having a telephone system in this city.

A sub-company was organized and will accept the franchise granted by the city and commence work at once. A. P. Frautwein was appointed president, E. Clarkson, treasurer, and G. P. Rogers, secretary.

The capital stock of the company will be \$10,000, and a subscription list opened and shares sold.

Democrats of Lancaster Pass the Usual Resolutions.

Lancaster, Pa., Aug. 7.—The Democratic county convention met today and elected delegates to the state convention. Resolutions were adopted endorsing the administration of President Cleveland; giving the legislation of the last congress credit for the good times prevailing, and denouncing the late state legislature for its "vicious legislation," particularly in passing the "sugar bill."

Governor Hastings' approval of the measure was also criticised. B. F. Darragh, a member of the state central committee.

MAGNETISM

Magnetism as a Curative in Chronic Diseases.

It is no longer a doubt, but a demonstrated fact, that the power of magnetism and electricity as used in the cure of chronic diseases is the greatest auxiliary to medicine that is known to science at the present day, and some of the most wonderful cures have been performed by the proper use of the above mentioned powers. Dr. F. B. Smith and staff have employed those powers in the cure of chronic diseases for many years with the most remarkable good results, as the following case will show: Mrs. Groat, a lady about 60 years old, came to Dr. Smith and staff. She was suffering with strictures of the throat for about eight years. For over six years she had not swallowed a mouthful of solid food. She had been compelled to live on tea, coffee, milk and the thinnest kind of soups. She had been doctoring for years, but found no relief. She was told by several doctors that there was no cure, that all she could hope for was death, which would come by degrees, or, in other words, that the passage to her stomach would close and she would starve to death. Living in utter despair a friend called her attention to an advertisement in the paper of the cures made by Dr. Smith and staff, and contrary to the advice of the family physician she commenced taking magnetic treatments. She was told that she had simply thrown her money away, that no doctor could cure her, but despite all those protestations she is today a living testimonial to the healing virtues of magnetism, for she was absolutely and permanently cured of her affliction by Dr. Smith and staff. If you are suffering with any complaint call on those doctors at 505 Linden street, opposite the court house, and be cured. Consultation free from 9 to 5 daily except Sunday. Tuesdays and Fridays from 9 a. m. to 9 p. m.

CAUTION

TO OUR PATRONS:

Washburn-Crosby Co. wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above other brands.

CUT WITH A RAZOR.

John Seriano Slashed by a Companion with Cold Steel.

John Seriano, an Italian, was murdered, assaulted by John Perry, a fellow countryman.

There had been some difficulty between the two men in which Perry's wife figured. Seriano has no wife and Perry claimed that he was trying to gain his wife's love.

Seriano was coming home from work, and when on the wire bridge was accosted by Perry. There were words between the two, when Perry suddenly pulled a razor from his pocket and made a slash at Seriano. Seriano did not have time to defend himself, but jumped back, thus distracting the aim and force of the blow.

Seriano at once went to an alderman and swore out a warrant against Perry. The warrant was placed in the hands of Michael Moran, but no trace of the man can be found, and it is thought that he has skipped the town.

ALMOST BURIED.

John Kellar, of Simpson, Injured by a Fall of Top Coal.

Yesterday morning an accident occurred at the Northwest mine by which John Kellar, an Italian miner, nearly lost his life.

No one was near him at the time of the accident, so it is not exactly known how it happened. When some miner finally came to his assistance, he was found nearly buried beneath the fallen coal.

They at once set to work to release the unfortunate man, but it was some time before they could do so. His back was hurt and his left leg burned by his lamp, which lay against it.

Dr. Miles was summoned and at once made the injured man as comfortable as possible, and it is thought that his recovery will be very rapid.

Funeral of Mr. Dempsey.

At 2:30 yesterday afternoon the funeral of Paul Dempsey, who died at his home, on Powderly road, was held in St. Rose church. The procession was unusually large.
