THE BUILDING COLLAPSED

Horrors Attending the Accident Are Intensified.

REMOVING BODIES OF VICTIMS

Six Have Been Taken Out Already and Many More Are Still in the Ruins--Date of the Coroner's Inquest.

New York, Aug. 9.—The horrors attending the collapse of the eight-story structure at the corner of West Broadway and West Third street yesterday were not lessened but intensified today...

The work of removing the debris is necessarily slow, owing to the heavy weight of iron beams, braces, brick ceilings and mortar. The workmen have not yet reached the spot where most of the bodies are believed to be lying...

That there are many bodies beneath the ruins there is no doubt. But one of the men reported to have been lost has reported himself alive, and it is believed that there are at least nine bodies which will be discovered before the ruins have been turned over by the workmen...

The coroner's inquest, at which an endeavor will be made to fix the blame for the disaster, will be held on Aug. 16. The jury will be composed of civil engineers and business men. Today it was learned that Michael Farrell, of Ruthersford, N. J., who was supposed to be missing, had appeared all right...

Killed—John Burke, Charles E. Peterson, John Smith, Michael Flynn, Michael O'Hare, Michael Savage, Missing—Patrick Casati, Patrick Conlon, John Grosse, Edward Hanley, Pietro Morini, John Murphy, Christopher O'Rourke, Augustus Phillips, George Smith.

TWO MEN DROWNED

Their Companions in a Capized Boat Are Held to Bail Pending an Investigation of the Affair.

Camden, N. J., Aug. 9.—Two men were drowned this morning by the capsizing of a boat in the Delaware river opposite here, and two companions are locked up in the Camden jail pending an investigation into the affair.

The men who lost their lives were Frank Chamberlain and Benjamin Wagner, a lawyer, both of Philadelphia. The under arrest are William Fisher and Charles H. Stewart, also of Philadelphia. The party left the Harver street wharf, Philadelphia, late last night for Timber Creek, where they expected to camp during the night and spend today in fishing.

The boat was well stocked with provisions and liquor and the men had been drinking before they left. Wagner rowed the boat until the party arrived opposite Spruce street wharf, shortly after midnight. He then endeavored to change places with Chamberlain, and in doing so, the boat was upset. As the occupants were thrown into the river, Stewart and Fisher succeeded in clinging to the upturned craft. Chamberlain and Wagner were not so fortunate, and after a brief struggle they sank.

The crew of a schooner anchored near the scene noticed the accident and lowering a boat went to the rescue. They arrived too late to save Wagner and Chamberlain. The other two men were taken to the wharf and placed on shore. Fisher and Stewart were very much under the influence of liquor and were arrested.

The two men were given a hearing before Mayor Westcott today. They said they made every effort to save their companions, but the mate of the schooner which rescued the men denied this. Mayor Westcott decided to hold them pending a further investigation.

KILLED BY THE CARS

Tragic Death of William Hason at Martin's Village.

Philadelphia, Aug. 9.—A Pennsylvania train this morning in Martin's Village, a small settlement in the extreme southern section of Philadelphia, crashed into a wagon containing William Hason, his brother Jerry, and Edward Miskill. William Hason, who was driving, was instantly killed, and the others were badly injured.

The men were on their way to work and the driver of the wagon, in a spirit of defiance, is said to have attempted to cross the tracks when a rapidly moving freight train was but 100 feet away. William Hason was employed at the Philadelphia custom house.

MR. UPPERMAN SUEED

Asked to Pay \$25,000 For Damages to McCaffrey's Character.

Pittsburg, Aug. 9.—State Senator John Upperman has been sued for \$25,000 damages for defamation of character. The papers in the case were filed late this afternoon in behalf of Thomas McCaffrey, a well-known real estate broker, and ex-notary public of Butler street, Pittsburg. The suit grew out of the defeat of Mr. McCaffrey's nomination as notary, through the instrumentality of the representatives from the Forty-third senatorial district. Mr. McCaffrey is a prominent Democrat, and has served as notary for a number of years, through several changes of ad-

ministration. During the last session of the state legislature the names of about 200 persons were placed in nomination before the senate as notaries. The public denunciation of McCaffrey by Senator Upperman on the senate floor occasioned great surprise. It resulted, however, in the defeat of Mr. McCaffrey's nomination.

ATTACK ON A MISSION INSTITUTION IN ASIA MINOR

Armenian Hatred of Turkish Rule the Probable Cause of the Outrage--Several Students Are Maltreated--Tarsus a Hotbed of Discontent.

Constantinople, Aug. 9.—Advices received here from Tarsus, Asia Minor, say that a mob has attacked the American mission school at that place, maltreated several of the students, and threatened the missionaries. No details of the affair have yet reached here.

RACE HATRED IN TARSAUS

The St. Paul's American Institute at Tarsus was instituted five or six years ago by Colonel Shepard, of New York. The president of the institute now, who has been there three years, is the Rev. Dr. T. D. Christie. The institute does not belong to our society. I know there has been considerable trouble among the students and during the past year and last winter several of them were arrested and taken out of the school for being implicated in some revolutionary movement. In fact, the whole district surrounding Tarsus is a hotbed of discontent. I will give you an example:

The institute of which I was superintendent for a number of years in that vicinity, the students were Armenians, and every class day one of the orations was given in the Turkish language as a compliment to the Turkish officials who were among the invited guests.

This year, however, all of the Turkish graduates refused to deliver the oration, and the president, knowing how tender the subject was to both the Turkish government and the Armenian students of the institute, himself wrote out an oration and one of the tutors read it. When the students heard what was proposed they declared they would shoot the man on the platform if he attempted to deliver the oration. We were not going to have mob rule, and the president said the oration must be delivered. A special corps of police was stationed in the audience hall on class day, and the orator, with the president standing by his side, commenced the speech. The students broke out with one of the Armenian war songs, but the police soon quelled the disturbance and the class day exercises were concluded without further trouble.

"I am not certain as to the number of students at St. Paul, as it is only a new institution, but I should think that there are about 125. Of the tutors and lecturers I have no knowledge. Mr. Christie is a veteran of the civil war here. As a man he is kind, yet strict, and discipline while he is in charge."

TRAGEDY IN THE SOUTH

Senator-Elect Marshall Kills R. T. Dinkins, of Jackson--Looks Like a Wild Case.

Jackson, Miss., Aug. 9.—Hon. T. Dabney Marshall, senator-elect, from Warren and Hinds counties, shot and killed R. T. Dinkins, a prominent citizen of this morning. Marshall and his three friends, H. H. Coleman, R. P. Fox and W. V. Volles, drove to Brandon this morning in a hack and met Dinkins at the depot. As he turned a corner of the building they opened fire on him and shot him fifteen times. Dinkins was unable to get away. He is slightly injured, a lawyer and man of letters, and his family is one of the most prominent in the state. He has a host of friends at home and elsewhere. He was served a term in the legislature. Dinkins' family is equally as good.

CROPS RUINED IN KANSAS

Black Rust and Drought Have Proved Fatal to Them.

Topeka, Kan., Aug. 9.—Dispatches received here from Logan, Thomas, Trago and other counties in northwestern Kansas say that black rust is ruining hundreds of fields of spring wheat, especially in Logan and Thomas counties. The crop will be ready to harvest in about ten days if it does not utterly destroy it. The drought in the counties of north central Kansas and south central Nebraska continues.

There has not been more than a sprinkle of rain there since May 30, although the counties round about it have been deluged frequently. There is no wheat to harvest and corn will not amount to a bushel an acre. The burned district comprises the counties of Washington, Republic, Cloud and parts of Ottawa, Dickinson and Saline in Kansas, and the counties of Thayer, Jefferson and Gage and parts of Fillmore, Saline and Nemaha in Nebraska. In this district there will be neither corn nor any other field crops to amount to anything.

CURING SMALLPOX BY FAITH

The Authorities Take a Hand in Stopping Such Methods.

Pateron, N. J., Aug. 9.—The health authorities of Manchester township tonight notified Health Inspector Townsend to investigate the case of faith cure in Lower Preankness, and remove the patients to the city hospital. Mrs. Caroline Ahmet is the alleged faith curist. Peter Ahbel, a resident of the township, declares that on Thursday night Mrs. Ahmet went to Riverside and procured two children stricken with smallpox, and took them to her home, where she has been treating them with applications of cold water. When the villagers heard of the case this afternoon they called an indignation meeting and tonight notified the authorities that Mrs. Ahmet's practices must cease. The woman has long had a reputation for healing by laying on of the hands and cold water.

AWFUL DEPRAVITY

Young Toughs Assault an Aged Woman.

Reading, Pa., Aug. 9.—A startling case was made public here this afternoon. Last night a crowd of young toughs met Lizzie Wilson, aged 86 years and white-haired, on the outskirts of the city. They dragged her into bushes and criminally assaulted her again and again. She uttered cries of distress, whereupon the alleged boys beat her into insensibility. The police know who the guilty parties are, and this afternoon a number of warrants were issued for their arrest.

ASSAULT ON A TEACHER

Miss Lavinia Tucker Is Shamefully Treated.

IS FUMMELED BY TWO WOMEN

Teacher of the Burnwood School Arouses the Ire of Mrs. Carpenter by Punishing Her Daughter and In Way-laid and Horribly Beaten.

Special to the Scranton Tribune. Carbondale, Aug. 9.—Mrs. William Passmore, of Park street, received the news yesterday that her daughter, Lavinia Tucker, was seriously ill at Burnwood, a small village in Susquehanna county, from the effects of a beating which she had received at the hands of an enraged mother.

Mrs. Passmore went at once to Burnwood, where she found her daughter in a precarious condition.

Miss Tucker is a school teacher in the village and has always gotten along well with her pupils with the exception of one, a girl named Carpenter. Miss Carpenter had been very annoying to Miss Tucker and repeatedly gave her a great deal of trouble. One afternoon Miss Carpenter was called upon to recite, but refused to do so. Miss Tucker tried to get her to obey, but was finally forced to resort to the rod. She used a small switch and hit the girl upon the hand.

The girl went home immediately after school was dismissed and related the story to her mother, enlarging and exaggerating the affair it is supposed. Mrs. Carpenter was very much enraged and being naturally of a hot temper set about planning some means of revenge.

She prevailed upon another woman to accompany her and proceeded to the woods near the school house. Miss Tucker had to pass the place on her way from the school house and as she did so the two women sprang from the bushes and stopped her.

Miss Tucker tried to escape, but they were too many for her and she could do nothing. Mrs. Carpenter's companion held her while she proceeded to beat her upon the head and body with an umbrella.

Left Unconscious. Finally, being satisfied, they left Miss Tucker unconscious upon the ground and went home.

A man who passed on the road found the school teacher soon after and took her to her boarding place, where she received proper surgical treatment.

It is thought that she is hurt internally and the shock has completely prostrated her. She has had attacks of convulsions at intervals, but is conscious. Her condition, however, is very serious and the result cannot yet be determined.

Mr. Passmore announces his intention to prosecute Mrs. Carpenter and her companion to the fullest extent of the law. The people of the village sympathize with Miss Tucker and are very bitter against Mrs. Carpenter. The school board have met and will probably take some action upon the subject.
