**ELECTRIC LIGHT TROUBLE**

Taking Depositions in the Olyphant Borough Injunction Proceedings.

**ANOTHER HEARING ON FRIDAY**

Citizens of Olyphant Want to Prevent the Council from Awarding Contracts for an Electric Light Plant to Certain Concerns.

Depositions were taken in the main court room yesterday by Stenographer Frank Branda in the injunction proceedings of J. M. Schenk, R. J. Gallagher and Dominick Howard against the borough and council of the borough of Olyphant to restrain them from executing a contract for a new electric light plant for the borough.

A plant is at present owned and operated by the borough, but its capacity is not sufficient for the needs of that borough, and it was decided to put in another one capable of generating a greater amount of electricity. Bids were received and the council awarded the contract for the machinery, boilers, etc., and it is to prevent the deal being consummated that the injunction is asked.

The prayer of the complainants asks "that a preliminary injunction may be issued restraining the defendants from entering into contracts for material for an electric light plant with the General Electric company, and the Scranton Supply and Machinery company, or from carrying out or making payments on the contracts if already executed, and from issuing borough bonds or using the proceeds of the same in making payments on said contracts, and from selling or exchanging any of the property of said borough in carrying out or executing any such contracts."

It is maintained by the complainants that the firm awarded the contract by the council were not the lowest bidders, and furthermore that they were in addition to be given the application of the contracts for several years.

Well known citizens of Olyphant present were: R. J. Gallagher, James W. Ryan, D. W. Payne, of Elmira, N. Y., one of the unsuccessful bidders. He was followed by A. K. Harroun and Mr. Howard, of Syracuse, Councilman J. W. O'Brien, who then examined the witnesses for his doing. After his testimony had been taken the hearing was adjourned until Friday morning at 10 o'clock, when other depositions will be taken.

**EXPRESS THEIR SORROW.**

**STREET SWEEPER TESTED.**

Mr. Brooks' Invention Proves to Be a Good Thing. Several tests were made yesterday on Spruce street of the street sweeper invented by Charles E. Brooks, of Newark, N. J. Mr. Brooks is the proprietor of one of the Pullman cars that run on the Delaware, Lackawanna and Western railroad and is of an ingenious turn of mind.

He succeeded in interesting George M. Hallstead and P. S. Page in his sweeper model and they were so favorably impressed with it that they decided that they made it possible for Mr. Brooks to have a sweeper built. The order was given to Bloom, of this city, to complete the sweeper a short time ago.

It is made principally of wood and weighs less than a ton. On the front of the machine is mounted the seat occupied by the driver is revolving brush that can be raised and lowered by an adjusting arrangement. Behind this brush is a scraper which scrapes the dirt that the brush cannot move.

**WILL OPEN THE SEASON.**

Cleveland's Minstrel Will Be at the Frothingham Tomorrow. Tomorrow, at matinee and evening, the famous Cleveland minstrel, will occupy the Frothingham stage. The Gazette, Fort Worth, Tex., speaks thus of the great minstrel show:

**GATHERED HERE AND THERE.**

Graduates of the local Keeley Institute are arranging to attend the meeting of the Keeley league of the state, which will be held in Harrisburg, Pa., on Sept. 21 and 22.

**INDIAN WONDER.**

A reporter paid a visit to the Big Indian Mine, owned and managed by Dr. W. H. Long, known as Diamond Jack, and found him to be a very interesting and well-headed gentleman. He takes great pride in showing visitors through the grounds and prettily who they are.

**GASTRONOMIC SCRAPS.**

The few more trout left are not of the kind worth the trouble catching. The salmon is wonderful in quality, as well as here in this city. He claims to master all diseases with his wonderful Indian Herb Remedies, and his great bottle of Indian Prairie Flower for the Stomach, Liver, Blood, Kidney and Nervous diseases, secured from the good satisfaction. Take the Bellverus strain for the grounds.

**BLACKBERRY CORDIAL.**

Blackberry cordial is an invaluable home-made drink for hot-weather disorders of the stomach and bowels. It is blackberries enough to make a quart of juice, add to it a pound of loaf sugar and let it dissolve in a glass of water. Put in bottles while hot and seal. Use a teaspoonful for a glass of food water.

**\$50,000 Given Away?**

Professor Wood has issued 300 scholarships at \$50 each, that formerly cost \$100. Each of the 300 persons is thus given \$100. This magnificent gift to the young people of Scranton and vicinity was made in hand with the employment of the most efficient and scholarly faculty the college has ever had. The instruction is the ne plus ultra of excellence.
