WHO KNOWS HIM?

The Man That Said Wilkes-Barre Wanted a Chemical Engine. The following letter explains itself but offers no explanation as to whom Mr. Stauffer is, and what motive he had in writing to these people, as the purchase of a chemical engine, and the department has never yet been under consideration by the council.

together, were also found, and, on seeing White, they identified him as the man who had been with the girl that day. There was great indignation in the neighborhood over the conduct of White, and there were a number of threats made of lynching him. Officer Murphy, Avoost, and myself, and he at once placed White under arrest and brought him to this city, where he was lodged in the county jail. There is considerable doubt as to the child's recovery.

ACCIDENTALLY SHOT.

Joe Lazars Gets a Bullet Wound in His Arm. Joseph Lazars, a resident of Larksville, shot himself through the arm yesterday morning. It is another case of "didn't know it was loaded." Lazars, with a friend, was driving along the road toward Dallas. He had his revolver out shooting as he went along, and when he pulled the trigger he thought all the cartridges had been discharged. He then pointed the pistol toward himself and snapped the trigger.

Child Has Been Found.

The little 4-year-old daughter of Griffith Williams, who was lost in the woods at Mountain park on Friday, was found on Saturday, three miles from the spot where she was lost. After searching all over the mountain for the child the men found a clue when the toll gate tender on the East creek bridge said that two men had passed his place and said that they had seen a little girl on the road above Parsons, and they believed she had been lost in that vicinity, took up the clue and retraced to the home of a Mrs. Edwards, who lives in what is known as Scranton Mountain park, and there the lost child was found. Mrs. Edwards had found her near her home. The child was completely exhausted and was sitting on a rock looking for her shoes, ready to go to sleep.

Edward Lindermuth, president of the Thos. Shoenker and Decorators' association of this section, gave a reception last Saturday evening at his home in Ashley to the state president, T. H. Berger, of the same association, who had been in the city several days in this locality. Mr. Berger made an able address on the work that the association has thus far accomplished. His remarks were very complimentary to the association, and he expressed himself as being much pleased with the strength of the organization here, and by his kind reception in this city. Mr. Berger left for Philadelphia yesterday.

Insane After Marriage. D. W. Chapin, a young man who was married only four days ago to a young lady in the town of Northampton, Mass., Chapin went to New York and married the girl, but it was done against the wishes of the girl's mother and her stepfather. On his return Chapin said that he had not been properly received, and his worry over this unfortunate domestic affair, together with the heat, made him insane. Chapin became violent in his home on Friday night and had to be taken to jail. At present he has to be manacled and constantly guarded.

A Brave Act. A team belonging to P. M. Gilligan became frightened at the escaping team of a factory near Lehigh Park Saturday afternoon, and ran away. His 5-year-old son was on the wagon at the time. The horse dashed off but they were stopped by Eugene L. Mann, the liquor dealer, who rode to the rescue and saved the boy and his father from being crushed.

Don't Forget the Meeting. All Republicans who are going to Harrisburg in Judge Rice's interests are asked to attend the meeting at the Republican League rooms on Tuesday evening, to hear the report of the committee, and make suggestions as to the manner of going, accommodations, etc.

Swimming for Prizes. In the prize swimming contests Saturday at the bathing house in the river, Charles Shoemaker won the gold medal in the race. William Wood won the prize for the longest dive. Wood, Vincent, Paul and Hamilton jumped successfully from the bridge.

Wagon Wrecked. The wagon of Godfrey Smith, an Ashley butcher, was wrecked on Saturday afternoon by colliding with an electric car. The horse ran away and scattered 50 worth of meat all over the road, completely destroying it.

Brief Notes. Lot Fink, one of Luzerne county's oldest residents, died at his home in Mahoning on Saturday last. An effort is being made by the Clerks' association to have all the stores close on Monday evening at 6.30 o'clock, as they will probably close on the following week. It will probably succeed.

John T. Belle, of Luzerne, and Miss Anna McCrory, of Dorrance, were married on Saturday afternoon in St. John's church. They will reside in Dorrance.

Dominic McCreary, the well-known prize fighter, is now in Pittston, where he will probably start an athletic club. The funeral of Annie, daughter of Jacob Teizer, was held on Saturday afternoon last from the family residence, Rev. in St. Joseph's church, officiating.

Ed. Baker was fined the costs by Acting Mayor Thomas yesterday morning for raising a fuss in the La Pierre house on Saturday night.

Charles Bergold was before the mayor charged with selling tainted meat. The meat was found to be unsound, and Mr. Bergold was fined \$5 and costs, which he paid.

A Peculiar Malady. From Truitt. A collector (triumphant)—"I have just succeeded in securing a specimen of the recently counterfeited two-cent stamp; cost me only a dollar and a half, too!"

"Friend—A dollar and a half for a counterfeit stamp? Why, man, you must be crazy!"

"But, you see, my dear fellow, it is certified to as a genuine counterfeit!"

"Well, I declare! You stamp collectors beat my understanding!"

"Yes, I suppose to one who is not interested in stamp collecting seems like a queer business."

"High! It isn't a business—it's a distraction!"
