IDL WORLD OF BUSINESS

STOCKS AND BONDS.

New York, Aug. 17.—The feature of the stock market today was the weakness of Manhattan and the firmness of the general list. Manhattan was heavy throughout and droped from 11½ to 112½. The falling off in the earnings of the company is given as the reason for the weakness of this stock. Outside of this stock the tendency of prices was upward. A more confident feeling prevails as to the future. The gains in the general list ranged from ¼ to 1½. Chicago Gas, the Grangers and Lake Shore showing the largest gains. Speculation closed strong, except for Manhattan. Net changes as a rule show gains of ¼ to 1½ per cent. Total sales, 60,500 shares.

The range of today's prices for the ac-

shares.

The range of today's prices for the active stocks of the New York stock market are given below. The quotations are furnished The Tribune by G. du B. Dimnick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Seranton.

FORCE OF EXAMPLE,

"Like mistress, like maid," is a saying that is probably oftener true than "like master, like man." The story is told that Mile. Augustine Brohan, a celebrated French commedienne, who was extremely humane to all animals, no matter how humble, one day, at table, found a fly caught on her plate. She took it up tenderly with her thumb and finger and called her maid. her maid.
"Murie," she said, "take this fly—be careful, now, don't hurt him!—and put him out-

doors."
The girl took the fly and went away, but presently Madamoiselle Brohan saw her standing near with a troubled expression ot her face.
"Well, Marie," she said, "did you do as

"No, madamoiselle, I've got the fly still;
I couldn't venture to put him outdoors—it
was raining and he might have taken
cold!"

NEWS OF OUR INDUSTRIES.

Happenings of Interest to the Staple Trades and Particularly to the Trade in Iron, Steel and Anthracite Coal.

Notwithstanding the depression of business, exports from the United States in 1894 were valued at \$889,843,-000 against \$47,665,194 in 1893. Three-fourths of that vast value came from the farms and farmers of this Republic. Great Britain and Ireland lead all the other countries in volume of trade with Great Britain and Ireland lead all the other countries in volume of trade with the United States. The English-speaking people of Europe bought of the \$889,000,000 of American exports \$451,000,000 worth, and, taking the British possessions all together as one customer, they took \$523,000,000 worth, or nearly 60 per cent. of the whole during 1894. The United States imported from Great Britain \$107,000,000 worth of her Great Britain \$107,000,000 worth of her products in 1894, or 16.4 per cent. of our entire imports. And from all of the British possessions, together with the United Kingdom, \$178,000,000 worth,

or more than 27 per cent.

The Philadelphia Stockholder piques curiosity by saying: "It is pretty safe to say that this will be the last month of August for many a long year to come when coal will be selling in New York harbor on a basis of \$2.75 per ton for stove, and even lower. People will do well not to wait too long to get in their winter supplies of coal. It does no seem possible that even under a continuance of existing conditions coal will go any lower. It is also safe to say that people may make up their minds that the anthracite stocks will not much longer be useful gambling count-ers on the street."

The great demand upon the iron mills, furnaces, foundries and steel works of the country for their products still continues. An authority on the iron trade says that the demand is now larger than ever before known in the history of the country. The same authority at-tributes the starting up of so many idle plants to the big boom in electric rail-road construction, which has been so pronounced since the opening of spring. It also says that the crop prospects are full of encouragement to manufacturers of iron and steel, the corn crop being

The coal rate war still continues be tween Chicago and Omaha, and the Chicago, Milwaukee and St. Paul road is credited with carrying anthracite coal to the Missouri river for \$1.50 per ton. The interests involved, however, are slight, as the entire shipments of nard coal in a year's time between the two cities are said to be only about 10,000 tons, so a cut of \$1 per ton would only cut into the revenue \$10,000.

The Reading, Pa., Iron company is having the Montour Rolfing mills, at Danville, Pa., overhauled and repaired. The mills have been idle for several months. When running full they will give employment to over 800 men.

After an idlness of many months there will soon be a resumption of work at the Pottsville (Pa.) Iron and Steel company's plant. The works will give employment to about 600 hands as soon

as they start up full.

July was a record-breaker at the
Homestead Steel works. The output
for the month was 43,000 tons of finished material, the largest in any one month in the history of the works.

The open hearth department of the Pennsylvania Steel company, at Steelton, for July made over 12,000 tons of steel, being the largest monthly tonnage in the history of the plant.

The Bethlehem Iron company will erect two additional open hearth steel furnaces soon. This will make four furnaces to be built this year. Railroad Commissioner Perkins, of Kansas, in a letter to a radiroad official

in this city says the corn crop is the best in twenty-five years.

The country is producing pig iron at the rate of about 9,200,000 tons a year, which is close to the highest pro-duction ever reached.

The Only Remedy in the World That Refunds Purchase Price if It Fails to Cure the Tobacco Habit in 4 to 10 Days Is

It Cures While You Continue the Use of

The greatest discovery of the age! A certain, pleasant, permanent

A lifetime's suffering ended for

Why smoke and spit your life away? Why suffer from dyspep-sia, heartburn, and drains on your vital forces?

Stop using tobacco, but stop the right way! Drive the nicotine from your system by the use of this wonderful remedy.

NARCOTI-CURE is warranted to remove all desire for tobacco in every form, including Cigar, Cigar-ette and Pipe Smoking, Chewing and Snuff Taking.

Use all the tobacco you want while under treatment, and in from four to ten days your "hankering" and "craving" will disappear—the weed won't taste good. Then throw away tobacco for-

NARCOTI-CURE is entirely vege-table and free from injurious in-gredients. It never fails to give tone and new vigor to the weakest

Remember NARCOTI-CURE does not deprive you of tobacco while effecting a cure; doesn't ask you to buy several bottles to be entitled to a guarantee; doesn't require a month's treatment; and, finally, doesn't enable you to stop tobacco only to find yourself a slave to the habit of tablet chewing.

With NARCOTI CURE, when you are through with tobacco, you are through with the remedy. One

bottle cures.

Send for book of prominent tes-timonies like the following:

HUNTINOTON, Mass., March 18, 1893.
THE NARCOTI CHEMICAL CO.
Springfield, Mass.
Gentlemen:—I have used tobasee for over twenty-five years, chewing and smoking every day from 7 a. m. to 9 p. m. stopping only for meals.
On Monday, Feb. 4, I called at your office in Springfield, and bought a bottle of the UBER which I used as directed, and on the tenth day the desire for tobacco had left me and it has not returned. I did not lose a meal while taking the Cure. My appetite has improved and I consider National Cure a grand thing.

Very respectfully,
CHAS, I LINCOLN.

Mr. Frank H. Morton, of Chicopre Falls, Mass, late inspector of public buildings for Massachusetts, says:

I used tobacco for twenty-five years, and was a confirmed smoker. In just eight days' treatment with NARCOTTORNE was through with tobacco, in fact the desire for tobacco vanished like a dream, Very respectfury.

FRANK H. MORTON.

If your druggist is unable to give full particulars about NARCOTI-CURE, send to us for Book of Par-ticulars free, or send \$5.00 for bot-
