BATTLE OF THE LEADERS.

Providence Wins Its Third Straight from the Ponies.

Providence, Aug. 19 .- Providence won the third straight victory from Spring-field today in a red hot and exciting game. The contest was full of sensagame. The contest was full of sensa-tional situations. It was a free batting game, and there were numerous bat-tery misplays on both sides. Both teams were batting the ball hard and waiting at the bat for every chance to gain a base on called balls. There was hustling work in the field, and the base running was daring. Three of the runs gained by the Springfields were made on combination steals. McAuley being worked into throwing to second and allowing men on third to score. The score see-sawed in an exampliating way score see-sawed in an examplerating way and it was an even thing as to which side would win to the last moment, when Lyons gripped the last ball batted, getting the ball in the air on a hard run. There was uncertainty until Lyons showed that he had the ball by throwing it in. Attendance 2500 throwing it in. Attendance, 2,500. PROVIDENCE.

the blows were soakers. This so in-censed the beau that he began foul fighting, the set-to developing into a slugging match. It got so bad that the police had to stop it before the time was up.

After some delay the second round was begun. Daly smashed Leonard over the head, and had him groggy. Then Leonard began to fight like a wild man and when the referee tried to make them break he got a punch on the nose for his trouble. The men kept on punching each other until the police

stopped the fight for good. Leonard lost and had to pay Daly the forfeit. Leonard is matched to box George Dixon next week. LIVE SPORTING NOTES.

Hornets Hold up a Train. Carried Away by His Kite

Carried Away by His Kito Winona, Man., Aug. 19.—Charles M. Bar-ber, a young man of this place, made a gi-ganitic kite, eight feet in height, and yes-terday afternoon was flying it on the river bank. There was a high wind, and after the kite had gotten well up into the air Barber tied the string of brown wrapping twine around his body. A gust of wind caught the kite, and it lifted Barber into the air about two hundred feet, then dropped him slowly into the river, which at this point is nearly a mile wide. He struck the water with a splash, but was kept up by the kits until a boatman could rescue him.
